Re: Purchased Water Adjustment Clause (PWAC)

3595-PW-100

Dear Mr. Voigt:

Thank you for your request dated January 16, 2015, for a PWAC rate change effective December 30, 2014.

We have made the new rates in Schedules F-1 and Mg-1 effective for service rendered on and after December 30, 2014, as requested. The new rates have been placed on file as Amendment 12. A copy is enclosed for your records

The utility is required to notify each customer of this change in rates in accordance with Wis. Admin. Code § PSC 185.33(1)(f).

The utility's current rates and rules must be available for public inspection and review at the utility's office(s) and all bill payment stations pursuant to Wis. Admin. Code § PSC 185.22.

The utility should mark the old rates and rules as superseded and keep them in a separate file. Pursuant to Wis. Admin. Code § PSC 185.19, the utility must keep a file of its previous rates and rules permanently.

If you have any questions, please e-mail me at David.Prochaska@wisconsin.gov or call me at (608) 266-5739.

Sincerely,

David L. Prochaska

Sheet No. 1 of 1

Schedule No. F-1

Public Service Commission of Wisconsin

Amendment No. 12

Mequon Municipal Water Utility

Public Fire Protection Service

Public fire protection service includes the use of hydrants for fire protection service only and such quantities of water as may be demanded for the purpose of extinguishing fires within the service area. This service shall also include water used for testing equipment and training personnel. For all other purposes, the metered or other rates set forth, or as may be filed with the Public Service Commission, shall apply.

Under Wis. Stat. § 196.03(3)(b), the municipality has chosen to have the utility bill the retail general service customers for public fire protection service.

Quarterly Public Fire Protection Service Charges:

5/8 -inch meter - \$	30.28	3 -inch meter - \$	454.24
3/4 -inch meter - \$	45.46	4 -inch meter - \$	757.07
1 -inch meter - \$	75.85	6 -inch meter - \$	1,514.14
1¼ -inch meter - \$	112.03	8 -inch meter - \$	2,422.33
1½ -inch meter - \$	151.42	10 -inch meter - \$	3,633.64
2 -inch meter - \$	242.44	12 -inch meter - \$	4,844.66

Customers who are provided service under Schedules Mg-1, Ug-1, or Sg-1 shall be subject to the charges in this schedule according to the size of their primary meter.

Billing: Same as Schedule Mg-1.

Sheet No. 1 of 2

Schedule No. Mg-1

Amendment No. 12

Public Service Commission of Wisconsin

Mequon Municipal Water Utility

General Service - Metered

Quarterly Service Charges:

5/8 -inch meter - \$	31.29	3 -inch meter - \$	274.15
3/4 -inch meter - \$	41.12	4 -inch meter - \$	393.35
1 -inch meter - \$	64.66	6 -inch meter - \$	628.76
1 1/4 -inch meter - \$	89.40	8 -inch meter - \$	980.38
1 1/2 -inch meter - \$	119.20	10 -inch meter - \$	1,469.09
2 -inch meter - \$	178.79	12 -inch meter - \$	1,957.79

Plus Volume Charges:

First	150,000 gallons used quarterly - \$5.03 per 1,000 gallons
Next	350,000 gallons used quarterly - \$4.73 per 1,000 gallons
Over	500,000 gallons used quarterly - \$4.23 per 1,000 gallons

Billing: Bills for water service are rendered quarterly and become due and payable upon issuance following the period for which service is rendered. A late payment charge of 1 percent per month will be added to bills not paid within 20 days of issuance. This late payment charge will be applied to the total unpaid balance for utility service, including unpaid late payment charges. This late payment charge is applicable to all customers. The utility customer may be given a written notice that the bill is overdue no sooner than 20 days after the bill is issued. Unless payment or satisfactory arrangement for payment is made within the next 10 days, service may be disconnected pursuant to Wis. Admin. Code ch. PSC 185.

Combined Metering: For a residential customer with more than one meter on a single service lateral, volumetric readings from all meters shall be combined for billing. For a nonresidential customer, volumetric readings may be combined for billing if the utility for its own convenience places more than one meter on a single water service lateral. Multiple meters placed for the purpose of identifying water not discharged into the sanitary sewer are not considered for utility convenience and may not be combined for billing. This requirement does not preclude the utility from combining readings where metering configurations support such an approach. Volumetric readings from individually metered separate service laterals may not be combined for billing purposes.
