

COUNTY LINE ROAD PROJECT

From Wasaukee Road (124W) to ½ mile east of Wauwatosa Road (68W)

Since County Line Road is a boundary road, this portion of roadway's jurisdiction is shared between the City of Mequon and the City of Milwaukee. In June 2010, a cost-share agreement was reached between the City of Mequon and the City of Milwaukee to reconstruct this section of County Line Road. The City of Milwaukee has taken the lead on the design and will perform the construction management for the project.

PHASE 1 is complete.

PHASE 2 is complete.

PHASE 3: The City of Milwaukee is the lead agency for phase 3 of the project which is scheduled to start August 4, 2015. Phase 3 of this project will be the same width as phase 1 and 2 which is shown below:
