- (2) Owner agrees to pay all charges and cost incurred by the County or City for inspection, pumping, hauling, or otherwise servicing and maintaining the holding tank in such a manner as to prevent or abate any human health hazard caused by the holding tank. The County or City shall notify the owner of any costs, which shall be paid by the owner within thirty (30) days from the date of notice. In the event the owner does not pay the costs within thirty (30) days, the owner specifically agrees that all the costs and charges may be placed on the tax roll as a special assessment for the abatement of a human health hazard, and the tax shall be collected as provided by law.
- (3) The owner, except as provided by s. 146.20(3)(d), Stats., agrees to contract with a person who is licensed under Ch. NR 113, Wis. Adm. In the case of condition of the holding tank when pumping and meter readings may indicate that the holding tank is not being properly maintained.
- (5) This agreement will remain in effect only until the County who is responsible for the regulation of private on site wastewater treatment systems (POWTS) certifies that the property is served by either a municipal sewer or a POWTS that complies with Ch. SPS 383 Wis. Adm. Code. In addition, this agreement may be cancelled by executing and recording said certification with reference to this agreement in such manner which will permit the existence of the certification to be determined by reference to the property.
- (6) Owners further agree that in the event that municipal sewers shall be installed so as to make the premises available to such municipal sewer service they will pay all special assessments levied against the premises as the property share of costs of the installation of such sanitary sewer and shall not assert any claim as to lack of benefit or reasonableness as to the installation of municipal sewers by reason of the fact that the Owners have been permitted to install a holding tank, and that upon municipal sewer service becoming available, Owners will abandon use of said holding tank and connect the premises to the municipal sewer.
- (7) Owners shall deposit with the City a cash bond in the amount of \$500.00. This bond shall guarantee to the City the performance of the obligations imposed upon Owner hereunder and the reimbursement of the City for any and all expenses incurred by the City. The sum of \$500.00 shall be maintained at all times by the City, and if monies are expended therefrom the Owner shall pay to the City any cash to maintain the cash bond constantly at \$500.00. Upon the installation, availability, and connection of the plumbing facilities upon the described property to a public sanitary sewer, the unused balance of the bond shall be returned to the Owner of record of the property at the time the holding tank is eliminated.
- (8) This agreement shall be binding upon the owner, the heirs of the owner and the assignees of the owner and it is further agreed that the obligations herein are covenants running with the land and deed. The City shall file the agreement with the County Register of Deeds which shall be recorded in a manner which will permit the existence of the agreement to be determined by reference to the property where the holding tank is installed.
