

BLUEPRINT

FOR REOPENING WASHINGTON & OZAUKEE COUNTIES

INTERACTIVE WEBINAR

Tuesday, May 5, 2020 at 1:00 pm

The Washington Ozaukee Public Health Department (WOPHD) released the "Blueprint for Reopening Washington and Ozaukee Counties" on April 21st. The Blueprint provides broad guidance for reopening the economy safely and incrementally after Governor Evers' Safer at Home order is lifted. An [FAQ document](#) that provides industry-specific recommendations and checklists for businesses and organizations to implement as appropriate for their individual needs. The Blueprint and FAQ are "living" documents that will continue to develop over time. The WOPHD requests feedback from local businesses to help refine further development of these guidelines.

WOPHD and its partners are offering a webinar on May 5th at 1:00 pm, where you can come listen to the public health department highlight key elements of the blueprint – including health metrics, guidelines for businesses upon reopening and re-evaluation processes. The program will feature Kirsten Johnson, Director of the Washington Ozaukee Health Department and will be moderated by Karina Ward, UW-Madison Extension Ozaukee County. This event is free, but pre-registration is required. Register at oad@co.ozaukee.wi.us.
