

# 2020 HALLOWEEN

## GUIDANCE

### Trick or Treating

According to the Centers for Disease Control and Prevention, participating in traditional trick-or-treating where treats are handed to children who go door-to-door is considered a higher risk activity. A complete list of the CDC's safer alternative ways to participate in Halloween can be found by visiting the CDC's website at [www.cdc.gov](http://www.cdc.gov).

### If You Choose to Distribute Candy

Candy should be handed out by one individual. Children should not be allowed to grab candy out of a bowl. Individuals handing out candy should be masked (non-spooky, cloth - could be decorated) and gloved if possible.

### Alternate Celebrations

- Virtual costume contests
- Increasing celebrations at home with decorations and family activities
- Drive-thru haunted houses

### Things to Avoid

- Haunted Houses
- Large gatherings, such as parties and festivals
- In person indoor celebrations
- Happy hours or socializing at bars

### Things to Remember

- Stay local
- If you have symptoms of COVID-19, stay home
- Practice social distancing, event outside
- Wear a mask or cloth face covering
- Dress appropriately for the weather
