Captain John Hoell Graduates from FBI National Academy

Chief Patrick Pryor is pleased to announce that Captain John Hoell has graduated as a member of the 286th session of the FBI National Academy. The graduation took place at the National Academy in Quantico, Virginia on June 8. Captain Hoell is the third department member in the last 25 years to complete this prestigious program. Nationally, fewer than one percent of all police officers have the opportunity to attend the program.

Internationally known for its academic excellence, the National Academy offers ten weeks of advanced communication, leadership, and fitness training. Participants must have proven records as professionals within their agencies to attend. The 286th session consisted of two hundred and thirty-eight law enforcement officers from 47 states and the District of Columbia. The class also included members of law enforcement agencies from 25 countries, five military organizations, and six federal civilian organizations. Chief Pryor stated, "Having another department member graduate from the academy is a result of the department's continuous commitment to the law enforcement profession, and I am very proud the accomplishment Captain Hoell has achieved."
