

PROCEDURE FOR CLOSING EARLY

The pool's regular hours of operation are from 12:30 p.m. to 8:00 p.m. Sunday-Saturday.

If at any time there are less patrons in the pool than the amount of staff working, the manager has the discretion to close the pool. The amount of lifeguards required by the State of Wisconsin for the Mequon Pool is six (6) lifeguards.

Reasons for closing early include the following:

- 1) Rain (thunder and lightning)
- 2) Cool winds and/or temperatures (60 degrees or below)
- 3) Lack of patron attendance

At 3:00 p.m., the manager will evaluate based on weather and attendance and make a decision whether or not to close. If approximately less than thirty (30) patrons attend by 3:00 pm, the pool will close.

At 6:00 p.m., the manager will re-evaluate based on weather and attendance and make a decision whether or not to close. If approximately less than sixty (60) patrons attend by 6:00 pm, the pool will close.

If the weather is questionable, patrons are encouraged to call the pool (262)-242-9923 to verify if we are open or closing early.
