

Mequon Police Department

Policy Manual

CHIEF'S PREFACE

This policy manual sets forth guidelines for the performance of Mequon Police Department employees. Our policies and procedures exist to maintain high standards of excellence, service, and professional conduct. This policy manual is a living document that is subject to constant change. New laws, court decisions, City policy changes, new methodologies and other factors dictate the need for a continual review of these policies. Revisions will be made when necessary and where appropriate.

The Department recognizes the inherent complexity of policing and the use of legitimate discretion by members to confront that complexity. No set of policies, no matter how complete, can address every situation that may be encountered. When members confront situations that are so unique that no policy or procedure can guide them, their decisions and interventions must be consistent with the Law Enforcement Code of Ethics. Any conduct, whether on or off duty, which brings or is likely to bring discredit upon the Mequon Police Department, may be investigated in order to establish whether or not a breach of policy has occurred.

As we work toward fulfilling our law enforcement mission, it is my expectation that each of us is familiar with the content of this manual and follows these policies. I trust that the men and women of the Mequon Police Department will continue to enhance our outstanding reputation in the community, region, and state. The pride and professionalism which you show in your daily work is appreciated.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Chapter 1 - Law Enforcement Role and Authority

Law Enforcement Authority

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Mequon Police Department to perform their functions based on established legal authority.

100.2 POLICY

It is the policy of the Mequon Police Department to limit its members to only exercise the authority granted to them by law.

While this department recognizes the power of peace officers to make arrests and take other enforcement action, officers are encouraged to use sound discretion in the enforcement of the law. This department does not tolerate abuse of law enforcement authority.

100.3 PEACE OFFICER POWERS

Officers possess the powers to preserve the peace as necessary, make arrests and enforce all local and state laws (Wis. Stat. § 59.28(1); Wis. Stat. § 62.09(13)(a)).

100.3.1 ARREST AUTHORITY WITHIN THE JURISDICTION OF THE MEQUON POLICE DEPARTMENT

The arrest authority within the jurisdiction of the Mequon Police Department includes (Wis. Stat. § 968.07):

- (a) When the officer has or reasonably believes that an arrest warrant has been issued in the State of Wisconsin, or a felony arrest warrant has been issued in another state.
- (b) When the officer has probable cause to believe any crime is being, or has been, committed.

100.3.2 ARREST AUTHORITY OUTSIDE THE JURISDICTION

An officer outside the territorial jurisdiction of this department may arrest a person if the following conditions are met (Wis. Stat. § 175.40(6)):

- (a) The officer is on duty and on official business.
- (b) The officer is taking action that would be authorized under the same circumstances within the territorial jurisdiction of this department.
- (c) The officer is responding to an emergency situation that poses a significant threat to life or of bodily harm or acts that the officer reasonably believes constitute a felony.

An officer may also enforce any law or ordinance that he/she is otherwise authorized to enforce by arrest or issuance of a citation anywhere in the state when in fresh pursuit or on the entire width of any highway that is a boundary of Mequon and an adjacent jurisdiction except when the jurisdiction is outside the boundaries of the state of Wisconsin (Wis. Stat. § 175.40(2); Wis. Stat. § 175.40(4)).

Mequon Police Department

Policy Manual

Policy Manual

Law Enforcement Authority

While engaged in enforcement action outside the jurisdiction of the Mequon Police Department, an officer should notify the local law enforcement agency of the county or municipality where the violation occurs, cooperate with that agency as necessary, and notify his/her immediate on-duty supervisor as soon as reasonably practicable (Wis. Stat. § 175.40(6)(d)).

100.3.3 OFF-DUTY PEACE OFFICER ARREST AUTHORITY

An off-duty officer may arrest a person outside the territorial jurisdiction of this department, but still in the state, if all of the following apply (Wis. Stat. § 175.40(6m)(a)):

- (a) The officer is responding to an emergency situation that poses a significant threat to life or of bodily harm.
- (b) The officer is taking action that would be authorized under the same circumstances within the territorial jurisdiction of this department.

Stat. § 323.16).

100.4.1 INTRASTATE PEACE OFFICER TRIBAL ASSISTANCE

This department may not respond to a request for assistance from a tribal law enforcement agency at a location outside this jurisdiction unless one of the following applies (Wis. Stat. § 66.0313(4)):

- (a) The governing body of the tribe that created the tribal law enforcement agency adopts and has in effect a resolution that includes a statement that the tribe waives its sovereign immunity to the extent necessary to allow the enforcement in the courts of the state of Wisconsin of its liability under Wis. Stat. § 66.0313 or another resolution that the Wisconsin Department of Justice determines will reasonably allow the enforcement in the courts of the state of Wisconsin.
- (b) The tribal law enforcement agency or the tribe that created the tribal law enforcement agency maintains liability insurance that does all of the following:
 - 1. Covers the tribal law enforcement agency for its liability under law
 - 2. Has a limit of coverage not less than \$2,000,000 for any occurrence

Additionally, the tribal law enforcement agency requesting assistance must provide to the Wisconsin Department of Justice a copy of the resolution, proof of insurance or a copy of the required agreement. The Wisconsin Department of Justice must post either a copy of the document or notice of the document on the Internet site it maintains for exchanging information with law enforcement agencies.

The Department reserves the right to access, audit and disclose for any lawful reason, any message including any attachment that is transmitted or received over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. This added security measure will minimize the potential misuse of an individual's email, name and/or password by others.

207.3.2 CARD REVOCATION

If the Department becomes aware that a person who was issued a certification card no longer meets all of the requirements for the card, the Department will send a letter to the cardholder indicating that he/she is no longer authorized to possess the card, and may not be authorized under authority of state law to carry a concealed weapon as a former law enforcement officer. The Department will also request that the card be returned to the agency within a specified period of time. If the card is not returned, the Department should consult with its attorney to determine what further action, if any, should be taken.

- (a) The Law Enforcement Officers Safety Act Improvements Act of 2010 (18 USC § 926C)
- (b) State of Wisconsin concealed weapon laws (Wis. Stat. § 175.48; Wis. Stat. § 175.49; Wis. Stat. § 941.23)

In determining whether a former law enforcement officer is legally carrying a concealed firearm, officers should determine whether the person may be authorized under either federal law or state law, or both, to carry the concealed weapon.

207.5 PROHIBITION

No former law enforcement officer may be certified to carry a machine gun, a firearm silencer or a destructive device as defined in 18 USC § 926C and related statutes.

207.6 IDENTIFICATION CARDS

The Department will not require an officer to relinquish his/her photographic identification card when the officer separates from service with the Wisconsin law enforcement agency unless at least one of the criteria outlined in Wis. Stat. § 175.48(2) applies.

Fire Evacuation

208.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a fire evacuation procedure and a fire drill procedure for the Mequon Police Department. These procedures shall be followed whenever the fire alarm sounds, except for fire alarm testing. Additionally, this evacuation procedure shall be followed anytime the Police station needs to be evacuated under emergency circumstances.

208.2 EVACUATION

1. Detainees shall be evacuated along with officers during the event of a fire.
2. All officers should familiarize themselves with the booking room escape process through the sally port exit or the nearest, safest exit.
3. All employees shall exit the building through the closest exit not in harms way.
4. Officer discretion is to be utilized in regards to restraints being used on detainees/arrestees during evacuation.
5. A fire extinguisher is available between the booking room and the evidence processing room.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force (Wis. Stat. § 66.0511(2)).

While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of causing death or great bodily harm. Deadly force includes the intentional use of a firearm or other instrument that creates a high probability of death or great bodily harm.

De-escalation - De-escalation is a concept that involves an officer's use of time, distance, and relative positioning in combination with professional communication skills to attempt to stabilize a situation and reduce the immediacy of threat posed by an individual.

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person.

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows themselves to be searched, escorted, handcuffed, or restrained.

Imminent - About to happen, impending. An imminent threat is an immediate threat.

Totality of the circumstances - All facts and circumstances known to the officer at the time, taken as a whole, including the conduct of the officer and the subject leading up to the use of force.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

Mequon Police Department

Policy Manual

Policy Manual

Use of Force

The Mequon Police Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

300.2.1 DUTY TO INTERVENE AND REPORT

Any officer present and observing another law enforcement officer or a member using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to prevent or stop the use of unreasonable force (Wis. Stat. § 175.44).

Any officer who intervenes and/or observes another law enforcement officer or a member use force that is potentially beyond that which is objectively reasonable under the circumstances shall report these observations and/or intervention to a supervisor as soon as practicable after the occurrence of the use of force (Wis. Stat. § 175.44).

300.2.2 PERSPECTIVE

When observing or reporting force used by a law enforcement officer, each officer should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject.

300.2.3 ADDITIONAL CONSIDERATIONS

The duty to intervene and report applies without regard to the chain of command.

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by this department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

Mequon Police Department

Policy Manual

Policy Manual

Use of Force

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

A law enforcement officer may use reasonable force to arrest a person or execute a warrant. Additionally, a law enforcement officer making a lawful arrest may command the aid of any person, and such person shall have the same power as that of the law enforcement officer (Wis. Stat. § 968.07; Wis. Stat. § 968.14).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include but are not limited to:

- (a) Immediacy and severity of the threat to officers or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
- (c) Officer/subject factors (e.g., age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
- (d) The effects of suspected drug or alcohol use.
- (e) The individual's mental state or capacity.
- (f) The individual's ability to understand and comply with officer commands.
- (g) Proximity of weapons or dangerous improvised devices.
- (h) The degree to which the individual has been effectively restrained and his/her ability to resist despite being restrained.
- (i) The availability of other reasonable and feasible options and their possible effectiveness.
- (j) Seriousness of the suspected offense or reason for contact with the individual.
- (k) Training and experience of the officer.
- (l) Potential for injury to officers, suspects, and others.
- (m) Whether the individual appears to be resisting, attempting to evade arrest by flight, or is attacking the officer.
- (n) The risk and reasonably foreseeable consequences of escape.
- (o) The apparent need for immediate control of the individual or a prompt resolution of the situation.
- (p) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.
- (q) Prior contacts with the individual or awareness of any propensity for violence.

Mequon Police Department

Policy Manual

Policy Manual

Use of Force

- (r) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Neck restraints are not part of the Wisconsin Defense and Arrest Tactics curriculum. Officers utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the individual can comply with the direction or orders of the officer.
- (c) Whether the individual has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Mequon Police Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

When circumstances reasonably permit, officers should use non-violent strategies and techniques to decrease the intensity of a situation, improve decision-making, improve communication, reduce the need for force, and increase voluntary compliance (e.g., summoning additional resources, formulating a plan, attempting verbal persuasion).

300.3.6 CHOKE HOLD

The use of a choke hold, which is the intentional and prolonged application of force to the throat or windpipe, is prohibited except in circumstances where deadly force is authorized and if applied, is subject to the same guidelines and requirements as a carotid control hold (Wis. Stat. § 66.0511).

300.3.7 ADDITIONAL REQUIREMENTS

Any use of force by an officer shall be undertaken in good faith to achieve a legitimate law enforcement objective.

Mequon Police Department

Policy Manual

Policy Manual

Use of Force

300.4 DEADLY FORCE APPLICATIONS

When reasonable, the officer shall, prior to the use of deadly force, make efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.

Use of deadly force is justified in the following circumstances involving imminent threat or imminent risk:

- (a) An officer may use deadly force only as a last resort when the officer reasonably believes that all other options have been exhausted or would be ineffective, and only to stop behavior that has caused or imminently threatens to cause great bodily harm or death to the officer or others.
- (b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the individual has committed, or intends to commit, a felony involving the infliction or threatened infliction of great bodily harm or death, and the officer reasonably believes that there is an imminent risk of great bodily harm or death to any other person if the individual is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where both practical and feasible.

However, an officer should not use deadly force against a person whose actions are a threat solely to themselves or property.

An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes that the individual has a weapon or is attempting to access one and intends to use it against the officer or another person. An imminent danger may also exist if the individual is capable of causing great bodily harm or death without a weapon, and the officer believes the individual intends to do so.

300.4.1 MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force.

When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants.

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances.

Mequon Police Department

Policy Manual

Policy Manual

Use of Force

To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 NOTIFICATIONS TO SUPERVISORS

Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of the electronic control device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.

300.5.2 REPORTING TO WISCONSIN DEPARTMENT OF JUSTICE

Statistical data regarding all qualifying use of force incidents is to be reported to the Wisconsin Department of Justice as required by Wis. Stat. § 165.845. For the purposes of this section, a qualifying use of force incident means any incident (Wis. Stat. § 165.845):

- (a) Involving the discharge of a firearm by an officer at or in the direction of a civilian.
- (b) Involving the discharge of a firearm by a civilian at or in the direction of an officer.
- (c) Involving any action taken by an officer in response to an act of resistance that results in great bodily harm or death (Wis. Stat. § 939.22).
- (d) Involving an act of resistance taken by a civilian against an officer that results in great bodily harm or death.

300.6 MEDICAL CONSIDERATIONS

Once it is reasonably safe to do so, medical assistance shall be obtained for any person who exhibits signs of physical distress, has sustained visible injury, expresses a complaint of injury or continuing pain, or was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until the individual can be medically assessed. Individuals should not be placed on their stomachs for an extended period, as this could impair their ability to breathe.

Mequon Police Department

Policy Manual

Policy Manual

Use of Force

Based upon the officer's initial assessment of the nature and extent of the individual's injuries, medical assistance may consist of examination by an emergency medical services provider or medical personnel at a hospital or jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Individuals who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to a reported application of force resulting in visible injury, if reasonably available. When a supervisor is able to respond to an incident in which there has been force resulting in visible or reported injury, the supervisor is expected to:

- (a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the individual upon whom force was applied. If this interview is conducted without the individual having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview, via body camera, in house video, digital recorder, etc., should be distinctly marked for retention until all potential for civil litigation has expired.

Mequon Police Department

Policy Manual

Policy Manual

Use of Force

- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
 - 1. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.
- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the individual may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy noncompliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 SHIFT SUPERVISOR RESPONSIBILITY

The Shift Supervisor shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.

300.8 POLICY AVAILABILITY

The Chief of Police or the authorized designee should ensure that this policy (Wis. Stat. § 66.0511):

- (a) Is made available free of charge within three business days of the request.
- (b) Is publicly available on the department website and updated promptly upon amendment.

300.9 TRAINING

Officers shall receive annual training on this policy and demonstrate their knowledge and understanding.

Subject to available resources, officers should receive periodic training on guidelines regarding vulnerable populations, including but not limited to children, elderly, pregnant persons, and individuals with physical, mental, or intellectual disabilities.

300.9.1 ADDITIONAL TRAINING REQUIREMENTS

The Department adopts the Defensive and Arrest Tactics (DAAT) training system per the Wisconsin LESB. Officers shall also be trained on the DAAT system.

300.9.2 TRAINING REQUIREMENTS

Required annual training shall include:

- (a) Legal updates.

- (b) De-escalation tactics, including alternatives to force.
- (c) The duty to intervene.
- (d) The duty to request and/or render medical aid.
- (e) Warning shots (see the Firearms Policy).
- (f) All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).

300.10 USE OF FORCE ANALYSIS

At least annually, the Operations Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects, or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

Use of Force Review Boards

301.1 PURPOSE AND SCOPE

This policy establishes a process for the Mequon Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

301.2 POLICY

The Mequon Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

301.3 REMOVAL FROM LINE DUTY ASSIGNMENT

Whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or great bodily harm to another, that employee will be placed in a temporary administrative assignment or administrative leave pending an administrative review.

301.4 REVIEW BOARD

The Use of Force Review Board will be convened when the use of force by a member results in great bodily harm or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training, discharge of firearm for animal or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administration Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administration Division Commander of any incidents requiring board review. The involved employee's Division Commander or supervisor will also ensure that all relevant reports, documents, and materials are available for consideration and review by the board.

301.4.1 COMPOSITION OF THE BOARD

The Administration Division Commander should select five Use of Force Review Board members from the following, as appropriate:

- Representatives of each division
- Commanding officer in the involved member's chain of command
- Administrative Captain
- Non-administrative supervisor

Mequon Police Department

Policy Manual

Policy Manual

Use of Force Review Boards

- A peer officer
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

301.4.2 RESPONSIBILITIES OF THE BOARD

The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges, the decision not to file criminal charges or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

- (a) The employee's actions were within department policy and procedure.
- (b) The employee's actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Mequon Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Mequon Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Policy Manual

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, officers, or others.

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

302.3.4 NOTIFICATIONS

Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide

Mequon Police Department

Policy Manual

Policy Manual

Handcuffing and Restraints

assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

- (a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

302.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints the following guidelines should be followed:

- (a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.

Mequon Police Department

Policy Manual

Policy Manual

Handcuffing and Restraints

- (b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.
- (e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

302.8 REQUIRED DOCUMENTATION

If a person is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If a person is arrested, the use of handcuffs or other restraints shall be documented in the related report.

Officers should document the following information in reports, as appropriate, when restraints other than handcuffs are used on a person:

- (a) The factors that led to the decision to use restraints.
- (b) Supervisor notification and approval of restraint use.
- (c) The types of restraint used.
- (d) The amount of time the person was restrained.
- (e) How the person was transported and the position of the person during transport.
- (f) Observations of the person's behavior and any signs of physiological problems.
- (g) Any known or suspected drug use or other medical problems.

302.9 TRAINING

Subject to available resources, the Administrative Captain should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- (a) Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.

Mequon Police Department

Policy Manual

Policy Manual

Handcuffing and Restraints

- (b) Response to complaints of pain by restrained persons.
- (c) Options for restraining those who may be pregnant without the use of leg irons, waist chains, or handcuffs behind the body.
- (d) Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Mequon Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when reasonable to do so based upon applicable policies and department training. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 SHIFT SUPERVISOR RESPONSIBILITIES

The Shift Supervisor may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 ADMINISTRATIVE SERGEANT RESPONSIBILITIES

The Administrative Sergeant shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Administrative Sergeant or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Administrative

Mequon Police Department

Policy Manual

Policy Manual

Control Devices and Techniques

Sergeant for disposition. A Matter of form or PlanIT Vehicle or Equipment Problem form shall also be prepared and forwarded to the Administrative Sergeant when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys, and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of great bodily harm or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt or on the approved department vest carrier. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.6.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt or on the approved department vest carrier. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.6.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.7 TRAINING FOR CONTROL DEVICES

The Administrative Captain shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified at least every two years.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the officer's training file.
- (c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If an officer cannot

Mequon Police Department

Policy Manual

Policy Manual

Control Devices and Techniques

demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

303.8 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Electronic Control Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of electronic control devices (ECDs).

304.2 POLICY

The ECD is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

304.3 ISSUANCE AND CARRYING ECDS

Only members who have successfully completed department-approved training may be issued and may carry the ECD.

The ECD Instructors should keep a log of the serial numbers of each ECD.

ECDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the ECD and supplies that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the ECD shall wear the device in an approved holster.

Officers who carry the ECD while in uniform shall carry it in a holster on the side opposite the duty weapon.

- (a) All ECDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) Officers should not hold a firearm and the ECD at the same time.

Non-uniformed officers may secure the ECD in a concealed, secure location in the driver's compartment of their vehicles.

304.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued ECD is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

ECDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the ECD Instructor for disposition. Officers shall submit documentation stating the reason for the return and how the ECD or cartridge was damaged or became inoperative, if known.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the ECD should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances.

The purpose of the warning is to:

Mequon Police Department

Policy Manual

Policy Manual

Electronic Control Device

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other officers and individuals with a warning that the ECD may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the ECD. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the ECD in the related report.

304.5 USE OF THE ECD

The ECD has limitations and restrictions requiring consideration before its use. The ECD should only be used when its operator can safely deploy the device within its operational range. Although the ECD may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying an ECD may be considered for officer safety.

304.5.1 APPLICATION OF THE ECD

The ECD may be used when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the ECD to apprehend an individual.

The ECD shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the ECD on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject, or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.
- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.

Mequon Police Department

Policy Manual

Policy Manual

Electronic Control Device

- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any ECD capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the chest, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE ECD

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands, other options or tactics may be more effective.

Given that on certain devices (e.g., TASER 10™) each trigger pull deploys a single probe, the officer must pull the trigger twice to deploy two probes to create the possibility of neuro-muscular incapacitation.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the ECD. As soon as practicable, officers shall notify a supervisor of any time the ECD has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

Mequon Police Department

Policy Manual

Policy Manual

Electronic Control Device

304.5.6 DANGEROUS ANIMALS

The ECD may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department ECDs while off-duty.

Officers shall ensure that ECDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Officers shall document all ECD discharges in the related arrest/crime reports and the ECD report forms. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the ECD report form. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the ECD after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

304.6.1 ECD REPORT FORM

As applicable based on the device type, items that shall be included in the ECD report form are:

- (a) The brand, model, and serial number of the ECD and any cartridge/magazine.
- (b) Date, time, and location of the incident.
- (c) Whether any warning, display, laser, or arc deterred a subject and gained compliance.
- (d) The number of ECD probes deployed, ECD activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
- (e) The range at which the ECD was used.
- (f) The type of mode used (e.g., probe deployment, drive-stun).
- (g) Location of any probe impact.
- (h) Location of contact in drive-stun mode.
- (i) Description of where missed probes went.
- (j) Whether medical care was provided to the subject.
- (k) Whether the subject sustained any injuries.
- (l) Whether any officers sustained any injuries.

The Administrative Captain should periodically analyze the report forms to identify trends, including deterrence and effectiveness. The Administrative Captain should also conduct audits of ECD device data downloaded to an approved location and reconcile ECD report forms with recorded activations. ECD information and statistics, with identifying information removed, should periodically be made available to the public.

Mequon Police Department

Policy Manual

Policy Manual

Electronic Control Device

304.6.2 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing ECDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or officers trained in probe removal and handling should remove ECD probes from a person's body. Used ECD probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by ECD probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.
- (c) The person reasonably appears to be in need of medical attention.
- (d) The ECD probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the ECD (see the Medical Aid and Response Policy).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the ECD may be used. A supervisor should respond to all incidents where the ECD was activated.

Mequon Police Department

Policy Manual

Policy Manual

Electronic Control Device

A supervisor should review each incident where a person has been exposed to an ECD. The device's internal logs should be downloaded by a ECD Instructor and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

304.9 TRAINING

Personnel who are authorized to carry the ECD shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the ECD as a part of their assignments for a period of six months or more shall be recertified by a qualified ECD instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued ECDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Administrative Captain. All training and proficiency for ECDs will be documented in the officer's training files.

Command staff, supervisors, and investigators should receive ECD training as appropriate for the investigations they conduct and review.

Officers who do not carry ECDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Administrative Captain is responsible for ensuring that all members who carry ECDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of ECDs during training could result in injuries and should not be mandatory for certification.

The Administrative Captain should include the following training:

- (a) A review of this policy
- (b) A review of the Use of Force Policy
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin
- (e) Scenario-based training, including virtual reality training when available
- (f) Handcuffing a subject during the application of the ECD and transitioning to other force options
- (g) De-escalation techniques
- (h) Restraint techniques that do not impair respiration following the application of the ECD
- (i) Proper use of cover and concealment during deployment of the ECD for purposes of officer safety
- (j) Proper tactics and techniques related to multiple applications of ECDs

Officer-Involved Shootings and Deaths

305.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action or omission of an officer while on-duty or off-duty but performing activities that are within the scope of the officer's duties (Wis. Stat. § 175.47).

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

305.2 POLICY

The policy of the Mequon Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

305.3 TYPES OF INVESTIGATIONS

Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

305.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

305.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Mequon Police Department would control the investigation if the suspect's crime occurred in Mequon.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

Mequon Police Department

Policy Manual

Policy Manual

Officer-Involved Shootings and Deaths

305.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the employing agency's protocol. When an officer from this department is involved, the criminal investigation will be handled according to the Criminal Investigation section of this policy.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

305.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

305.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

305.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting or death, the first uninvolved MUPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- (a) Secure the scene and identify and eliminate hazards for all those involved.
- (b) Take reasonable steps to obtain emergency medical attention for injured individuals.
- (c) Request additional resources from the Department or other agencies.
- (d) Coordinate a perimeter or pursuit of suspects.
- (e) Check for injured persons and evacuate as needed.
- (f) Brief the supervisor upon arrival.

305.5.2 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved MUPD supervisor should ensure completion of the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
- (b) If necessary, the supervisor may administratively order any MUPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

Mequon Police Department

Policy Manual

Policy Manual

Officer-Involved Shootings and Deaths

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
- (c) Provide all available information to the Shift Supervisor and the Dispatch Center. If feasible, sensitive information should be communicated over secure networks.
 - (d) Take command of and secure the incident scene with additional MUPD members until properly relieved by another supervisor or other assigned personnel or investigator.
 - (e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved MUPD officer should be given an administrative order not to discuss the incident with other involved officers or MUPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

305.5.3 SHIFT SUPERVISOR RESPONSIBILITIES

Upon learning of an officer-involved shooting or death, the Shift Supervisor shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Shift Supervisor.

305.5.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Chief of Police
- Operations Division Commander
- Administration Division Commander
- Outside agency investigators (if appropriate)
- City Administrator
- Psychological/peer support personnel
- Chaplain
- Medical Examiner (if necessary)
- Involved officer's agency representative (if requested)

305.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

- (a) Any request for legal representation will be accommodated (Wis. Stat. § 164.02(1)(b)).

Mequon Police Department

Policy Manual

Policy Manual

Officer-Involved Shootings and Deaths

1. Involved MUPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-MUPD officers should be referred to their employing agency.
- (b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.
- (c) Discussions with agency representatives will be privileged only as to the discussion of non-criminal information.
- (d) A licensed psychotherapist shall be provided by the Department to each involved MUPD officer. A licensed psychotherapist may also be provided to any other affected MUPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
 3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
- (e) Communications between the involved officer and a peer support member is addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved MUPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Shift Supervisor to make schedule adjustments to accommodate such leave.

305.5.6 FAMILY NOTIFICATION

The Shift Supervisor or the authorized designee shall ensure that each involved officer is afforded the opportunity to make a timely notification to their family regarding the incident and report their general health.

The Shift Supervisor or the authorized designee shall follow department procedures in making timely notification to the officer's family when the officer is seriously injured or killed.

Communication of information concerning an officer and the incident should be restricted to secure networks to avoid interception by the media or others.

Officer-Involved Shootings and Deaths

305.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death. In the event of a death, the investigation must be conducted by no less than two investigators, one of whom is the lead investigator and neither of whom is employed by the MUPD (Wis. Stat. § 175.47(3)(a)).

If the officer-involved death being investigated is traffic-related, the investigation must include the use of a crash reconstruction unit from a law enforcement agency separate from MUPD (Wis. Stat. § 175.47(3)(b)).

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews.

The following shall be considered for the involved officer:

- (a) MUPD supervisors and Chief of Police personnel should not participate directly in any voluntary interview of MUPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- (b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- (c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- (d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

305.6.1 REPORTS BY INVOLVED MUPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved MUPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved MUPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved MUPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Policy Manual

Policy Manual

Officer-Involved Shootings and Deaths

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

305.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available law enforcement personnel for the following:

- (a) Identification of all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, attempts to identify the witness prior to his/her departure should be made whenever feasible.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 - 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- (c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

305.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

305.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of involved MUPD officers to

Policy Manual

Policy Manual

determine conformance with department policy. This investigation will be conducted under the supervision of the Chief of Police and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws.

- (a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of the officer's prior statement before proceeding with any subsequent interviews.
- (c) In the event that an involved officer has elected not to provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview (Wis. Stat. § 164.02(1)(b)). However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative collectively or in groups prior to being interviewed.
 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview.
 4. The officer shall be informed of the nature of the investigation (Wis. Stat. § 164.02(1)(a)). If an officer refuses to answer questions, the officer should be given the officer's *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 5. The Chief of Police shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.
 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

305.8 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

305.9 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available MAV, body-worn video, or other video or audio recordings with the approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney or City Attorney's Office, as appropriate.

305.10 DEBRIEFING

Following an officer-involved shooting or death, the Mequon Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

305.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

305.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Shift Supervisor in the event of inquiries from the media.

No involved MUPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander.

Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical. The Firearms Instructor has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Firearms Instructor has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm; it will not be returned to service until it has been inspected and approved by the Firearms Instructor.

The Firearms Instructor has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry. The Firearms Instructor shall ensure that the handgun qualification standards set by the Wisconsin Law Enforcement Standards Board are either met or exceeded by each officer (Wis. Stat. § 165.85).

The Firearms Instructor shall complete and submit to the Administrative Captain documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

307.2 POLICY; POLICY REVIEW AND REVISION

- A. A vehicle pursuit of fleeing suspects presents a danger to the lives of the public, officers, and suspects involved in the pursuit. It is the policy of the Ozaukee County, Wisconsin Law Enforcement agencies to protect all persons' lives to the extent possible when enforcing the law. Therefore, officers must balance the risk of any pursuit against the need to apprehend a particular violator. In addition, it is the responsibility of the Ozaukee County, Wisconsin Law Enforcement agencies to assist officers in the safe performance of their duties. To meet these obligations, it shall be the policy of the Ozaukee County, Wisconsin Law Enforcement agencies to provide written guidelines to officers regarding the manner in which vehicular pursuit is undertaken and performed within Ozaukee County Wisconsin.
- B. All Ozaukee County, Wisconsin Law Enforcement agencies shall review these written guidelines by June 30 of each even-numbered year and, if considered appropriate by the Ozaukee County, Wisconsin Law Enforcement agencies, shall revise these guidelines.

307.3 DEFINITIONS

Caravanning: The operation of authorized emergency vehicles in a group either in a line or alongside each other in a pursuit situation.

Fresh pursuit: A legal doctrine requiring that: (1) a pursuing officer act without unnecessary delay; (2) the pursuit be continuous and uninterrupted, but there need not be continuous surveillance of the suspect; and (3) the relationship in time between the commission of the offense, the commencement of the pursuit, and the apprehension must be close (i.e., the greater the length of time, the less likely that the circumstances under which an officer acts are sufficiently exigent to justify an extrajurisdictional arrest).

Following or monitoring: The positioning of an authorized emergency vehicle at a fixed distance behind a vehicle to observe the vehicle.

Fully marked police vehicle: An authorized emergency vehicle with decals, logos, stripes or other markers identifying it as a police vehicle, and equipped with a siren giving an audible signal, and equipped with and giving a visual signal by means of a blue light and red light which are flashing, oscillating or rotating with 360 degrees of coverage.

Imminent threat: A significant likelihood, based upon known facts, of death or serious injury if apprehension is delayed.

Infraction: Minor violations of motor vehicle statutes or city ordinance that pose no safety threat. Examples would include equipment or registration violations. Unnecessary noise violations or moving violations that are not ongoing or otherwise endanger citizens.

Initial unit: The authorized emergency vehicle responsible for initiating the vehicle pursuit.

Inter-jurisdictional pursuit: A pursuit that leaves the initial unit's territorial jurisdiction and continues into one or more adjacent jurisdictions.

Motor vehicle pursuit: An attempt by a sworn officer driving an authorized emergency vehicle to apprehend the occupant(s) of another moving vehicle, providing the driver of such vehicle is aware of the attempt and is resisting apprehension by maintaining or increasing speed of the vehicle and by ignoring the officer's directions to stop. A pursuit is any failure to yield which involves deliberate attempts, including hazardous maneuvers, to elude pursuing police vehicles.

Moving Roadblock (Boxing In): The use of three police vehicles to surround the suspect vehicle (one in front, one in back and one on the side) and gradually slow it down, bringing the suspect to a safe, gradual stop.

Pacing: The positioning of an authorized emergency vehicle at a fixed distance behind a speeding vehicle and at a constant speed to measure the speed of the speeding vehicle.

Paralleling: The operation of authorized emergency vehicles, other than those involved in the pursuit, on streets or highways parallel to the pursuit route.

Mequon Police Department

Policy Manual

Policy Manual

Vehicle Pursuit Policy

Primary unit: The authorized emergency vehicle in closest proximity to the fleeing vehicle with principal responsibility for conducting the pursuit. The primary unit may or may not be the initial unit.

Pursuit driving: Driving that is done for the purpose of apprehending an actual or suspected violator who clearly exhibits intent to avoid arrest after receiving a visual and an audible signal from the operator of an authorized emergency vehicle.

Ramming and Pursuit Immobilization Technique (PIT): The intentional act(s) of striking a fleeing vehicle with another vehicle to cause functional damage to the fleeing vehicle or otherwise force the fleeing vehicle to stop.

Roadblocks: Obstructions such as barricades, vehicles, etc. placed across or along a road to cause a fleeing vehicle to slow down, change direction and/or to stop.

Secondary unit: The secondary authorized emergency vehicle involved in the pursuit which is designated by the primary unit officer, the dispatcher or commanding officer to assist the primary unit.

Serious traffic violations: Violations of motor vehicle statutes that pose a high probability of death or great bodily harm. Examples include, but are not limited to, "Operating while Under Influence of an Intoxicant or Other Drug" or "Reckless Driving."

Supervisor or designee: The superior officer responsible for the immediate oversight, monitoring, direction and/or control of pursuit vehicles, or the person assigned such responsibilities by a superior officer.

Termination: To stop the pursuit of a fleeing vehicle by an officer.

Tertiary unit: The third authorized emergency vehicle involved in the pursuit which is designated by the primary unit officer, the dispatcher or commanding officer to assist the primary unit.

Tire deflation device: A tool or piece of equipment designed to assist in terminating a vehicle pursuit by its placement on a road to cause a fleeing vehicle's tires to be punctured and slowly deflate.

Unmarked police vehicle: An authorized emergency vehicle equipped with a siren giving an audible signal and equipped with and giving visual signal by means of at least one flashing, oscillating or rotating blue light and red light, but without decals, logos, stripes or other markers identifying it as a police vehicle. An unmarked police vehicle, as defined, is also an Authorized Emergency Vehicle when its pursuit is classified as a Violent Offense - Imminent Threat. Any police vehicle which is not pursuit rated is considered a High Risk Factor.

Authorized Emergency Vehicle: Any police vehicle being operated by a law enforcement officer with markers identifying it as a police vehicle and also equipped with siren giving audible signal and visual signal by means of 360 degree flashing or rotating red and blue lights.

 2. The officer has reasonable grounds to believe that the person being pursued if allowed to escape is likely to cause injury or death to a person or persons.
- E. In determining whether or not to initiate a pursuit and/or to continue in the pursuit, the following factors should be considered:
1. The mere act of eluding shall not be considered as a reason to pursue.
 2. Whether the vehicle's registration or the subject's identity has been established so that later apprehension may be accomplished and, in the officer's opinion, there is no apparent continuing need for immediate apprehension.
 3. Whether continuation of the pursuit would likely create a danger to the public, officer or subject which is apparently greater than the value of apprehending the subject due to such objective risk factors as, but not limited to, the following:

 9. After reviewing the circumstances of the pursuit, the supervisor or designee shall evaluate whether or not the officer(s) involved in the pursuit complied with Ozaukee County, Wisconsin Law Enforcement interagency policy and procedure. The supervisor or designee shall forward a written report of his/her findings to the Chief/Sheriff or designee of the involved agencies. If appropriate, the Chief/ Sheriff or designee will conduct an investigation of the incident.

307.8 INTER- AND INTRA-JURISDICTIONAL PURSUITS

- A. Within the state of Wisconsin, section 175.40(2) of the Wisconsin Statutes provides that "for purposes of civil and criminal liability, any peace officer may, when in fresh pursuit, follow anywhere in the state and arrest any person for the violation of any law or ordinance the officer is authorized to enforce."

Police officers of an Ozaukee County, Wisconsin Law Enforcement agency may become actively involved in or assume control of the pursuit upon request of the initiating agency/jurisdiction and upon assignment by their department supervisor or designee.
- E. When a pursuit is initiated by another enforcement agency of another jurisdiction, the initiating unit and jurisdiction shall be responsible for the progress of the pursuit. Police officers of an Ozaukee County, Wisconsin Law Enforcement agency may initiate limited involvement in the pursuit related to tire deflation devices, and blocking cross traffic at intersections, regardless of the initial reason for the pursuit.

307.9 TERMINATION OF PURSUIT BY OFFICER OR SUPERVISOR

The following guidelines apply when making the decision to stop the pursuit of a fleeing vehicle:

- A. A vehicle pursuit shall be immediately terminated when, in the judgment of the pursuing officer, continuation of the pursuit would likely create a danger to the public, officer or violator which is apparently greater than the value of apprehending the violator.
- B. A vehicle pursuit shall be immediately terminated upon order of a supervisor or designee or upon receipt of such an order via the dispatcher.
- C. A vehicle pursuit should be terminated when the continuing distance between the pursuing and fleeing vehicles is such that further pursuit is futile.
- D. A vehicle pursuit should be terminated when the location of the pursued vehicle is unknown.
- E. A vehicle pursuit should be immediately terminated when the officer's vehicle or emergency equipment malfunctions.
- F. A vehicle pursuit should be terminated when it is necessary to stop to render aid to one or more injured persons and no other unit is available to do so.
- G. Under no condition is an officer allowed to follow a vehicle against the flow of traffic to pursue a vehicle when it is driven the wrong way on a divided or interstate highway, freeway or entrance/exit ramp(s). However, an officer may proceed to follow the suspect on the correct side of the divided highway with the flow of traffic with lights and siren activated.

307.10 TERMINATION OF PURSUIT; POST-PURSUIT OFFICER ACTIONS (NON-APPREHENSION)

When a vehicle pursuit is terminated, the pursuing officer(s) shall:

Mequon Police Department

Policy Manual

Policy Manual

- D. Pull over and stop along the shoulder and remain there for one (1) minute.
- E. Resume patrol, without emergency lights and siren activated, by continuing in the last known direction of the violator in order to check for accidents or other problems possibly created by the violator. Maintain the posted speed limit.

A decision by a pursuing officer to discontinue pursuit does not reflect on the officer's courage, but rather is recognized by all members of the department as a decision that indicates concern for life and property.

307.11 TIRE DEFLATION DEVICES

- A. Tire Deflation devices, when properly deployed, may result in the termination of a pursuit through slow deflation of vehicle tires. Use of tire deflation devices is a primary tactic which has proven successful in de-escalating and/or terminating vehicle pursuits. Tire deflation devices are designed to be used against moving vehicles with four (4) or more tires.
- B. Officers shall adhere to the following procedures when deploying tire deflation devices:
 - 1. Tire deflation devices shall only be deployed on hard surfaces such as asphalt or concrete.
 - 2. Tire deflation devices shall only be used on vehicles with four (4) or more tires.
 - 3. The supervisor or the designee must approve the use and deployment of tire deflation devices.
 - 4. Officers shall communicate to other units the location that the tire deflation device is or will be deployed.
 - 5. Only officers who have been trained in use of tire deflation devices may deploy the device. The device shall be deployed in accordance with department training and the manufacturer's recommended use.
 - 6. The officer deploying the tire deflation device shall stay with and collect the device after use.
- C. Reporting requirements. The officer deploying tire deflation devices shall complete a supplemental report documenting the use of the device including the location and results of the deployment. This report form shall be forwarded to the Chief of Police, Sheriff or his/her designee so that the department can have the device serviced or replaced as necessary by the manufacturer.

307.12 PREVENTATIVE TIRE DISABLING DEVICE ("MAGNUM CLAW" MEQUON PD SPECIFIC)

Preventative Tire Disabling Devices (PTDD) are designed to be placed under the tire of a stationary vehicle so that, if the vehicle attempts to leave or flee, the tire will be punctured by the device and rapidly deflate. Proper use of a PTDD may result in the prevention or termination of a pursuit.

- (a) Only officers trained in the PTDD may utilize the device.

Mequon Police Department

Policy Manual

Policy Manual

Vehicle Pursuit Policy

- (b) A PTDD shall only be deployed under a stationary tire and on a vehicle with four (4) or more tires.
- (c) Placement of the PTDD should be made with consideration of officer safety.
- (d) The PTDD is more effective on a drive tire, but any tire can be used.
- (e) The PTDD's high visibility lanyard shall be laid perpendicular to the side of the vehicle, for maximum visibility.
- (f) The deploying officer shall radio that the PTDD has been placed (to alert any assisting officers).
- (g) If deflation occurs, officers shall note the use of the PTDD in the "Police Force Used" section under Case Data/RMS.
- (h) The PTDD may be utilized when a K-9 sniff will be conducted on a vehicle, an occupant in the vehicle will be asked to exit, probable cause exists to search the vehicle or arrest an occupant, when reasonable suspicion exists to extend the stop for further investigation, or any reasonable situation where the vehicle involved may flee.
- (i) A PTDD includes such devices as Magnum Claw (three spike and two spike units), Piranha, and other similar stationary deployment/slow moving vehicle tire deflation devices.

307.13 USE OF FORCE

A. Ramming:

1. Ramming is an intentional application of force which is intended to terminate a pursuit. If the technique succeeds in terminating the pursuit, a seizure has occurred and the use of force will be analyzed under the Fourth Amendment reasonableness standard as set forth in *Tennessee v. Garner* and *Graham v. Conner*. Depending upon the factual circumstances, the technique constitutes deadly force.
2. It shall only be approved if such force is absolutely necessary to prevent death or great bodily harm to the pursuing officer or other persons. If more than one person is in the fleeing vehicle, such consideration shall be included in the decision to use this technique on the fleeing vehicle. Innocent persons may be occupants of the vehicle and ramming may cause them death or great bodily harm.

B. Pursuit Immobilization Technique (PIT):

1. Pursuit Immobilization Technique (PIT) shall only be approved if such force is absolutely necessary to overcome continued resistance, assaultive behavior, or their threats to the pursuing officer or other persons.
2. The PIT technique will only be performed by a PIT trained officer.

C. Firearms:

1. Warning shots during the course of a pursuit are prohibited.
2. Shooting at or from a moving vehicle is prohibited, unless deadly force is justified.

Mequon Police Department

Policy Manual

Policy Manual

Vehicle Pursuit Policy

D. Roadblocks:

1. A roadblock can constitute deadly force depending upon how it is set up. In analyzing these types of cases, courts will consider whether or not the police acted unreasonably in failing to recognize or pursue an alternative.
2. Moving Roadblock: A moving roadblock is a technique that can be used for intoxicated and disoriented drivers. A Moving roadblock is the use of three Authorized Police Vehicles to surround the suspect vehicle (one in front, one in back and one on the side) and gradually slow it down, bringing the suspect to a safe, gradual stop. Because the actions of the suspect cannot be controlled, this is a high risk maneuver.
3. Open roadblocks with run out lane: This is placing of vehicles or other objects in the roadway to impede or alter the flow of traffic. The roadway is not completely blocked, but rather, a run out lane is provided. The intention is to induce the violator to stop by a show of force. Open roadblocks can only be approved by the supervisor or designee. The roadblock must be clearly visible and provide adequate warning to allow vehicles using the highway to come to a complete stop.
4. Closed roadblocks: The roadway is completely blocked, and no alternative route is provided. If the violator does not stop, he/she will crash. Closed roadblocks can only be approved by the supervisor or designee, and only when the behavior of the person being pursued has caused, or has imminently threatened to cause, death or great bodily harm to other persons or if such force is absolutely necessary to prevent death or great bodily harm to the pursuing officer or other persons. The roadblock must be clearly visible and provide adequate warning to allow vehicles using the highway to come to a complete stop.
5. Channeling: Channeling is not itself a technique that induces the violator to stop; it is used to divert a violator to a preferred location. The goal is to leave the violator with only one available route to travel, by blocking off alternatives. The same guidelines apply with respect to providing sufficient warning and adequate distance for the violator to avoid the blocked off road and choose a preferred route as with an open roadblock, above.

307.14 REPORTS

- A. In compliance with the reporting requirements of section 85.07(8)(b) of the Wisconsin Statutes, all written pursuit reports shall be completed as soon as practicable following a pursuit and shall contain the following:
 1. Pursuit initiation and termination location and times.
 2. Pursuit distance to the nearest one-tenth (0.1) mile.
 3. Primary unit maximum pursuit speed.
 4. Reason(s) for commencing pursuit.
 - (a) Warrant

307.15 OFFICER TRAINING

Ozaukee County, Wisconsin Law Enforcement agency officer in-service training, and officer recertification training, shall include at least four (4) hours of training biennially in vehicle pursuit standards, guidelines and driving techniques. Such training shall include reference to the pursuit guidelines established by this policy.

Officer Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations whether dispatched or self-initiated (Wis. Stat. § 346.03(6)).

308.2 RESPONSE TO CALLS

Officers responding to any call shall proceed immediately. Officers responding to an emergency as an emergency response shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (Wis. Stat. § 346.03).

Responding with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and property and does not protect the driver from the consequences of his/her reckless disregard for the safety of others. The use of any other warning equipment without emergency lights and siren does not generally provide an exemption from the Wisconsin motor vehicle laws (Wis. Stat. § 346.03(5)).

Officers should only respond to a call as an emergency response when circumstances reasonably indicate an emergency response is required. Officers not responding as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an imminent threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officers shall immediately notify the Dispatch Center.

308.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to a call with an emergency response. The Shift Supervisor or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

308.4 INITIATING EMERGENCY RESPONSE

If an officer requests an emergency response from other units to his location, the officer should make this request through the dispatch center. An emergency response of more than one unit should initiate notification of and coordination by the dispatch center to avoid any unanticipated intersecting of response routes.

308.5 RESPONSIBILITIES OF THE RESPONDING OFFICER

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

Mequon Police Department

Policy Manual

Policy Manual

Officer Response to Calls

During a call involving an emergency response, after giving a visual and audible siren or exhaust whistle, officers may (Wis. Stat. § 346.03):

- (a) Disregard regulations governing stopping, parking or standing when using a red or red and blue flashing, oscillating or rotating light.
- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- (c) Exceed any speed limits provided this does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

The decision to continue as an emergency response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Dispatch Center. An officer shall also discontinue an emergency response when directed by a supervisor.

Upon determining that an emergency response is appropriate, an officer shall immediately give the location from which he/she is responding.

The first officer arriving at an emergency response scene should determine whether to increase or reduce the level of the response and notify the Dispatch Center of their determination. Any subsequent change in the appropriate response level should be communicated to the Dispatch Center by the officer in charge of the scene unless a supervisor assumes this responsibility.

308.5.1 EMERGENCY RESPONSE SPECIAL CONDITIONS

While performing certain emergency response tasks, the use of emergency lights or sirens may increase the danger to the responding officers or the public. In the following circumstances, officers may exceed the speed limit without giving a visual and audible signal if (Wis. Stat. § 346.03(4)):

- (a) The officer is obtaining evidence of a speed violation.
- (b) The officer is responding to a call which the officer reasonably believes involves a felony in progress and the officer reasonably believes that knowledge of the officer's presence may:
 - 1. Endanger the safety of a victim or other person, or
 - 2. Cause the suspected violator to evade apprehension, or
 - 3. Cause the suspected violator to destroy evidence of a suspected felony or may otherwise result in the loss of evidence of a suspected felony, or
 - 4. Cause the suspected violator to cease the commission of a suspected felony before the officer obtains sufficient evidence to establish grounds for arrest.

Officer Response to Calls

Any emergency response without the use of emergency lights and siren shall be conducted with due regard for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (Wis. Stat. § 346.03(5)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

308.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall ensure acknowledgment and response of assisting units when an officer requests emergency assistance or when the available information reasonably indicates that the public is threatened with serious injury or death and an immediate law enforcement response is needed. The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Notify and coordinate outside emergency services (e.g., fire and ambulance).
- (c) Continue to obtain and broadcast information as necessary concerning the response, and monitor the situation until it is stabilized or terminated.
- (d) Control all radio communication during the emergency and coordinate assistance under the direction of the Shift Supervisor or field supervisor.

308.7 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Supervisor or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Supervisor or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

Officer Response to Calls

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the emergency response and continue accordingly.

The officer shall notify the Shift Supervisor, field supervisor or the Dispatch Center of the equipment failure so that another unit may be assigned to the emergency response.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment law enforcement services in the community including but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Mequon Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

309.3 CANINE COORDINATOR

The Operations Division Commander is the coordinator of the canine.

The responsibilities of the coordinator include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining accurate records to document canine activities.
- (d) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (e) Ensuring the canine team is scheduled for regular training to maximize their capabilities.

309.4 REQUESTS FOR CANINE TEAMS

Operations division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Operations Division shall be reviewed by the Shift Supervisor.

309.4.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Shift Supervisor and are subject to the following:

- (a) Canine team shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (d) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

Mequon Police Department

Policy Manual

Policy Manual

Canines

309.4.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine handler is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

309.5 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.
- (b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Shift Supervisor. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

309.5.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- (a) The nature and seriousness of the suspected offense.

Mequon Police Department

Policy Manual

Policy Manual

Canines

- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other officers at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.5.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

309.5.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

Mequon Police Department

Policy Manual

Policy Manual

Canines

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

A canine is not subject to quarantine if the canine is immunized against rabies. However, after a bite, the canine must be made available for examination at any reasonable time. The handler shall notify the local health department if the dog exhibits any abnormal behavior (Wis. Stat. § 95.21).

309.6 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- (a) Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- (b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- (c) Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- (d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

309.6.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.6.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags, and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.7 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- (a) An officer who is currently off probation.
- (b) Residing in an adequately fenced, single-family residence (minimum 4-foot high fence with locking gates).
- (c) Living within 30 minutes travel time from the Mequon City limits.
- (d) Agreeing to be assigned to the position for a minimum of three years.

309.8 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- (c) Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- (d) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible.
- (e) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (f) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (g) Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Shift Supervisor.
- (h) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Shift Supervisor.
- (i) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

309.8.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

309.9 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement or memorandum of understanding (29 USC § 207).

309.10 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Shift Supervisor as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the canine's personnel file.

309.11 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine handler shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines.

All canine training should be conducted while on-duty unless otherwise approved by the canine coordinator or Shift Supervisor.

309.11.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Mequon Police Department canine training provider.

Mequon Police Department

Policy Manual

Policy Manual

Canines

- (b) Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

309.11.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.11.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.11.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using, or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Mequon Police Department may work with outside trainers with the applicable licenses or permits.

309.11.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (21 USC § 823(g); Wis. Stat. § 961.335; Wis. Admin. Code § CSB 3.05).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.11.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this department.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured

in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

- (f) The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Detective Bureau or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

Domestic Abuse

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic abuse through vigorous enforcement and to address domestic abuse as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic abuse.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders issued by a court related to domestic abuse, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

Predominant aggressor - The most significant, but not necessarily the first, aggressor in a domestic abuse incident.

310.2 POLICY

The Mequon Police Department's response to incidents of domestic abuse and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic abuse is criminal behavior. It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic abuse cases puts officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise reasonable care for the safety of any officers and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic abuse cases:

- (a) Calls of reported, threatened, imminent, or on-going domestic abuse and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.

Mequon Police Department

Policy Manual

Policy Manual

Domestic Abuse

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Detective Bureau in the event that the injuries later become visible.
- (f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.
- (j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

Mequon Police Department

Policy Manual

Policy Manual

Domestic Abuse

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, officers should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the officer should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Officers should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the department's domestic abuse information handout, even if the incident may not rise to the level of crime.
 1. Providing information regarding the availability of shelters and services and notice of legal rights is mandatory when there is reasonable grounds to believe that a person is a domestic abuse victim (Wis. Stat. § 968.075).
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

Mequon Police Department

Policy Manual

Policy Manual

Domestic Abuse

310.6 DISPATCH ASSISTANCE

All calls of domestic abuse, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic abuse cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

310.9 LEGAL MANDATES AND RELEVANT LAWS

Wisconsin law provides for the following:

310.9.1 STANDARDS FOR ARRESTS

Officers investigating a domestic abuse report should consider the following:

- (a) Officers with reasonable grounds to believe a person is committing or has committed within the last 28 days an act of domestic abuse that constitutes a crime shall arrest the person because any of the following apply (Wis. Stat. § 968.075(2)):

Mequon Police Department

Policy Manual

Policy Manual

Domestic Abuse

1. There is a reasonable basis for believing that continued domestic abuse against the alleged victim is likely.
 2. There is evidence of physical injury to the alleged victim.
 3. The involved person subject to arrest was a predominant aggressor
- (b) In the event two adults may be arrested for an act of domestic abuse against each other, the investigating officer should only arrest the predominant aggressor. The officer shall consider all of the following in identifying the predominant aggressor (Wis. Stat. § 968.075):
1. The history of domestic abuse between the parties, if it can be reasonably ascertained by the officer, and any information provided by witnesses regarding that history
 2. Statements made by witnesses
 3. The relative degree of injury inflicted on the parties
 4. The extent to which each person present appears to fear any party
 5. Whether any party is threatening or has threatened future harm against another party or another family or household member
 6. Whether either party acted in self-defense or in defense of any other person under the circumstances described in Wis. Stat. § 939.48
- (c) An officer shall not issue a citation to a person arrested for domestic abuse under Wis. Stat. § 968.075 (Wis. Stat. § 968.085). Also, an officer shall not release a person who was legally arrested for domestic abuse until the person posts bail under Wis. Stat. § 969.07 or appears before a judge (Wis. Stat. § 968.075).
- (d) An officer with probable cause to believe that a person has violated a court order in violation of Wis. Stat. § 813.12 or a foreign court order as provided in Wis. Stat. § 813.128 shall arrest and take the person into custody (Wis. Stat. § 813.12(7); Wis. Stat. § 813.128).
1. If an officer reasonably determines that a valid foreign protection order exists but cannot be enforced because the person has not been notified or served with the order, the officer should make reasonable efforts to inform the person of the order, serve the order upon the person and allow the respondent a reasonable opportunity to comply before arresting the person (Wis. Stat. § 813.128).
- (e) An officer shall arrest and take a person into custody if the officer has reasonable grounds to believe that the person has been advised of the 72-hour contact prohibition under Wis. Stat. § 968.075(5) and the person violated the contact prohibition.

310.9.2 REPORTS AND RECORDS

An officer who does not make an arrest when the officer has reasonable grounds to believe a person has committed an act of domestic abuse shall include a statement in the written report indicating why the person was not arrested. The officer will ensure the report is sent to the

appropriate prosecutor immediately after the investigation has been completed (Wis. Stat. § 968.075(4)).

310.9.3 DOMESTIC ABUSE CONTACT PROHIBITIONS NOTICE

Unless there is a signed waiver by an alleged victim, any employee of the Mequon Police Department releasing a person arrested for domestic abuse shall inform the arrested person orally and in writing of the contact prohibition requirements of Wis. Stat. § 968.075, the consequences of violating the requirements, and the provisions of Wis. Stat. § 939.621 (increased penalty for violating the contact prohibition). The arrested person shall sign an acknowledgment on the written notice that the person has received notice of, and understands the requirements, the consequences of violating the requirements, and the provisions of Wis. Stat. § 939.621. If the arrested person refuses to sign the notice, the person shall not be released from custody (Wis. Stat. § 968.075).

310.10 OFFICER-INVOLVED DOMESTIC ABUSE INCIDENTS

The Department is committed to addressing domestic abuse by members.

310.10.1 PREVENTION

The Administration Division Commander should develop a prevention plan that includes:

- (a) Reviewing hiring criteria.
- (b) Outreach to victim advocacy groups.
- (c) Support services such as an employee assistance program, chaplain/clergy, and referrals for counseling services.
- (d) Education about behaviors that may be indicators of potential domestic abuse.
 1. This should include training on early intervention measures.

310.10.2 INCIDENT RESPONSE

Calls reporting domestic abuse that may involve a department member will be processed in the same manner as similar incidents not involving department members.

The Shift Supervisor should be notified immediately of any reports of domestic abuse involving members of the Department. The "On-Call" command staff member shall be contacted and will determine if an outside agency should respond to investigate the complaint.

Officers responding to or investigating an incident involving a member of this department should ensure that a supervisor has been notified.

310.10.3 FIREARMS

Officer-involved domestic abuse may require a determination be made regarding the continued possession of firearms by the involved department member. The supervisor at the scene of the incident is responsible for:

Mequon Police Department

Policy Manual

Policy Manual

Domestic Abuse

- (a) Informing the Shift Supervisor of the nature of the alleged offense. The Shift Supervisor may order the member to surrender the department-issued weapons, identification, and badge pending related administrative and/or criminal decisions.
- (b) Overseeing the seizure of any other firearms or dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence (see the Search and Seizure Policy). Members restricted by law or court order from possessing a firearm and/or ammunition shall not be allowed to work or be in areas where actual or constructive possession of firearms and/or ammunition is possible.

Members who are subject to firearm and ammunition restrictions shall ensure all firearms and ammunition are immediately removed from their residence, department locker, and any other location they would have actual or constructive possession of firearms. The Department shall store issued firearms and equipment and may, at the member's request, store personally owned firearms for safekeeping.

310.10.4 VICTIM SAFETY AND PROTECTION MEASURES

The Chief of Police or the authorized designee should assign a department contact person for the victim as soon as practicable. Consideration should be given to selecting a contact person at least one rank higher than the suspect member, and who is someone other than the assigned investigator. Consideration may also be given to the victim's preference of contact person.

As soon as practicable after being assigned, the contact person should contact the victim to assist with safety concerns, protection measures, victim services information, and other pertinent information (e.g., related department protocols, applicable laws, confidentiality policies).

Search and Seizure

311.1 PURPOSE AND SCOPE

Both the United States and the Wisconsin Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Mequon Police Department personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Mequon Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law as well as local community standards and prosecutorial considerations to specific search and seizure situations as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions to the rule that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances
- Statutory authority

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that may not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Additional exceptions may include:

- Pat-down weapon searches (i.e., stop and frisk with reasonable suspicion to fear for own or others' safety).
- Crime scenes (i.e., protective sweep).
- Inventory searches (seized vehicle or other property). See the Vehicle Towing and Release Policy and the Custodial Searches Policy.

Mequon Police Department

Policy Manual

Policy Manual

Search and Seizure

- Plain view, plain touch, and plain smell searches.
- Open field searches.
- Search of a vehicle (moveable vehicle exception).
- Emergency aid.
- Other authorized situations derived from state or federal constitutions, case law, or local/state statute (e.g., licensed premises inspections).

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and member's familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor or other available resource to resolve questions regarding search and seizure issues prior to electing a course of action.

311.3.1 CONSENT SEARCH

An officer may seek verbal or written consent from a person whom the officer reasonably believes has express or implied authority to voluntarily consent to a search of a person, thing, or place. The person who initially gave consent may withdraw it at any time. If this occurs, officers must secure the scene and seek a search warrant.

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this department will strive to conduct searches with dignity and courtesy.
- (b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

Mequon Police Department

Policy Manual

Policy Manual

Search and Seizure

311.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search including a description of any property or contraband seized
- If the person searched is of the opposite sex, any efforts used to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

311.5.1 PAROLE AND PROBATION SEARCHES

Any member conducting a search of an individual on parole or probation under the following conditions shall ensure the search is reported to the Department of Corrections:

- (a) Released under risk reduction sentence (Wis. Stat. § 302.043(4))
- (b) Released to extended supervision under the challenge incarceration program, (Wis. Stat. § 302.045(3m)(e))
- (c) Released after completing substance abuse program (Wis. Stat. § 302.05(3)(c)(4))
- (d) Mandatory release parole (Wis. Stat. § 302.11(6m))
- (e) Released to extended supervision for felony offenders not serving life sentences (Wis. Stat. § 302.113(7r))
- (f) Released to extended supervision for felony offenders serving life sentences (Wis. Stat. § 302.114(8g))
- (g) Special action parole release (Wis. Stat. § 304.02(2m))
- (h) Paroles from state prisons and house of correction (Wis. Stat. § 304.06(1r))
- (i) Probation for a felony (Wis. Stat. § 973.09(1d))

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Mequon Police Department (34 USC § 11133).

This policy does not apply to secure detention facilities, the juvenile portion of a county jail, or municipal lockups certified to hold juveniles, but rather applies to the temporary custody of a juvenile before a juvenile is released, delivered to an intake worker, or delivered to any of these other facilities.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Guardian - A person named by the court having the duty and authority of guardianship (Wis. Stat. § 938.02).

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for his/her own safety or welfare or any child 9 years of age or younger. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person.

Juvenile offender - A juvenile 10 years of age to 16 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) or an offense related to alcohol possession. It also includes an offense under Wis. Stat. § 948.60 where the juvenile possessed a handgun (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.

Mequon Police Department

Policy Manual

Policy Manual

Temporary Custody of Juveniles

- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile is kept within the secure perimeter of a jail or lockup after booking/processing is completed even if a department member is present and visually supervising.
- (h) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, uncontrollable behavior, curfew violation, or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

312.2 POLICY

The Mequon Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Mequon Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Mequon Police Department:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated
- (e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Mequon Police Department unless they have been evaluated by a qualified medical and/or mental health professional.

Mequon Police Department

Policy Manual

Policy Manual

Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed.

312.3.1 EMERGENCY MEDICAL TREATMENT

If a juvenile is believed to be suffering from a serious physical condition that requires prompt diagnosis or prompt treatment, the officer taking the juvenile into physical custody shall take the juvenile to a hospital or physician's office (Wis. Stat. § 938.20).

312.3.2 SUICIDE PREVENTION

The arresting officer should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself or any unusual behavior that may indicate the juvenile may harm him/herself while in temporary custody.

312.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Mequon Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Mequon Police Department without authorization of the arresting officer's supervisor or the Shift Supervisor.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable, and should not be held more than two hours following the conclusion of processing, testing, and/or interrogation. In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Mequon Police Department (34 USC § 11133; Wis. Stat. § 938.20).

Officers should consider using the least restrictive alternative while protecting public safety, order, and individual liberty in dealing with juvenile suspects, to include warnings, citations or summonses in lieu of being taken into custody, and juvenile referrals.

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Mequon Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent) or otherwise authorized under Wis. Stat. § 48.19 et seq. or Wis. Stat. § 938.19. Juvenile status offenders may not be held in secure custody (34 USC § 11133).

Mequon Police Department

Policy Manual

Policy Manual

Temporary Custody of Juveniles

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Mequon Police Department.

Generally, a juvenile offender may be taken into custody when (Wis. Stat. § 938.19):

- (a) There is court order or warrant authorizing custody of the juvenile.
- (b) There are reasonable grounds (probable cause) to believe that a juvenile is committing or has committed an act which is a violation of a state or federal criminal law that would subject an adult to arrest.

When a juvenile offender is taken into custody, the officer taking the juvenile into custody shall immediately attempt to notify the parent, guardian, legal custodian or Indian custodian of the juvenile by the most practical means. The officer taking the juvenile into custody shall continue such attempts until the parent, guardian, legal custodian or Indian custodian of the juvenile is notified, or the juvenile is delivered to an intake worker under Wis. Stat. § 938.20(3), whichever occurs first (Wis. Stat. § 938.19).

If the juvenile is 15 years of age or older, the officer may release the juvenile without immediate adult supervision after counseling or warning the juvenile, as may be appropriate (Wis. Stat. § 938.20).

A juvenile offender who is not released after counseling or warning should be released to a parent, guardian or other responsible adult, unless the officer reasonably believes that he/she should be referred to an intake worker because he/she will injure others, injure the property of others, run away or be taken away, that the juvenile's safety and well-being will be at risk due to lack of care, or the juvenile otherwise qualifies for secure detention (Wis. Stat. § 938.20; Wis. Stat. § 938.205; Wis. Stat. § 938.208).

If the juvenile offender is not released, the officer who takes a juvenile offender into custody shall make a statement, in writing, with supporting facts, of the reasons why the juvenile was taken into custody and shall give a copy of the statement to the intake worker. If the intake interview is not done in person, the report may be read to the intake worker (Wis. Stat. § 938.20).

312.4.4 SECURE CUSTODY

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others or running away. Secure custody should not be used for convenience when non-secure custody is, or later becomes, a reasonable option.

The circumstances that justify any secure custody should be documented and approved by the Shift Supervisor.

When practicable, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody, rather than the use of a locked enclosure. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object.

Mequon Police Department

Policy Manual

Policy Manual

Temporary Custody of Juveniles

Generally, juveniles should not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter. Supervisor approval should be documented.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.
- (b) The juvenile shall constantly be monitored by an officer equipped with an activated body camera system during the entire custody.
- (c) Juveniles shall have constant auditory access to department members.
- (d) Initial placement into and removal from a locked enclosure shall be logged.
- (e) Random personal visual checks of the juvenile by staff member, no less than every 15 minutes, shall occur.
 - 1. All checks shall be logged.
 - 2. The check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (f) Males and females shall not be placed in the same locked room.
- (g) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (h) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.4.5 RELEASE AFTER PROCESSING

Absent exceptional circumstances, juveniles should be released within two hours following the conclusion of processing, testing and/or interrogation.

312.4.6 ALTERNATIVES TO TEMPORARY CUSTODY

Officers shall use the least restrictive of reasonable alternatives in dealing with juvenile offenders. Officers may consider as alternatives to taking a juvenile into custody:

- (a) Release with no further action.
- (b) Citations or summonses to appear at intake in lieu of being taken into custody.
- (c) Referral to juvenile court.

312.5 ADVISEMENTS

The officer who takes a juvenile offender into custody and makes a statement for the intake worker that is in writing, with supporting facts, of the reasons why the juvenile was taken into custody shall give a copy of the statement to a juvenile offender who is 10 years of age or older (Wis. Stat. § 938.20).

Policy Manual

Policy Manual

Temporary Custody of Juveniles

312.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile arrest entry, including:

- (a) Identifying information about the juvenile being held.
- (b) Date and time of arrival and release from the Mequon Police Department.
- (c) Shift Supervisor notification and approval to temporarily hold the juvenile.
- (d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
- (e) Any changes in status.
- (f) Time of all welfare checks.
- (g) Any medical and other screening requested and completed.
- (h) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Shift Supervisor shall review the arrest entry to approve the custody.

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Mequon Police Department shall maintain a constant, immediate presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

312.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Mequon Police Department shall ensure the following:

- (a) The Shift Supervisor should be notified if it is anticipated that a juvenile may need to remain at the Mequon Police Department more than four hours. This will enable the Shift Supervisor to ensure no juvenile is held at the Mequon Police Department more than six hours.
- (b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- (c) Personal visual checks and significant incidents/activities shall be noted on the arrest entry.
- (d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that

Mequon Police Department

Policy Manual

Policy Manual

the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.

- (e) Juveniles shall have reasonable access to toilets and wash basins.
- (f) Food should be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile.
- (g) Juveniles shall have reasonable access to a drinking fountain or water.
- (h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.
- (i) Juveniles should have privacy during family, guardian and/or lawyer visits.
- (j) Juveniles should be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody.
- (k) Blankets should be provided as reasonably necessary.
- (l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.
- (m) Juveniles shall have adequate furnishings, including suitable chairs or benches.
- (n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
- (o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse.

312.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Mequon Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Supervisor. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse.

312.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Mequon Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

Mequon Police Department

Policy Manual

Policy Manual

Temporary Custody of Juveniles

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Mequon Police Department.

312.11 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Shift Supervisor will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Mequon Police Department. The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Chief of Police and Operations Captain.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the City Attorney.
- (e) Notification of the Lockup Inspector.
- (f) Evidence preservation.

312.12 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Interviews of juveniles at schools should follow any protocols jointly developed with the local school officials and this department.

312.12.1 RECORDING CUSTODIAL INTERROGATIONS

Officers shall make an audio/visual recording of the custodial interrogation of a juvenile, in its entirety, when it is conducted at a place of detention unless good cause is shown for not making a recording or an exception applies.

If feasible, officers shall make an audio/visual recording of the custodial interrogation of a juvenile, in its entirety, when it is conducted at a place other than a place of detention unless good cause is shown for not making a recording or an exception applies.

Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment (Wis. Stat. § 938.195(2)).

Exceptions to an audio or audio-and-visual recording of a juvenile interrogation include (Wis. Stat. § 938.31(3)(c)):

- (a) The juvenile refuses to respond or cooperate in the interrogation if a recording is being made.
 - 1. The juvenile's refusal shall be documented by contemporaneous audio or audio-and-visual recording or in a written report.
- (b) The juvenile's statement is made in response to a question asked as part of the routine processing.

Mequon Police Department

Policy Manual

Policy Manual

Temporary Custody of Juveniles

- (c) The juvenile's statement is made spontaneously and not in response to a question.
- (d) The officer, in good faith, fails to make a recording because the equipment does not function, or it malfunctions, stops operating or the officer inadvertently fails to operate the equipment properly.
- (e) Exigent public safety circumstances exist that prevent the officer from making a recording or that render the making of such a recording infeasible.

An officer conducting a custodial interrogation is not required to inform the juvenile that the officer is making an audio/visual recording of the interrogation (Wis. Stat. § 938.195(3)).

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Operations Captain. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

312.12.2 ADDITIONAL CONSIDERATIONS

Officers should not prolong the interrogation of a juvenile beyond what is reasonably needed to complete the investigation. Interrogations should generally be conducted by one officer, if possible. It is recommended that no more than two officers be present for an interrogation.

312.13 RESTRICTIONS ON FINGERPRINTING AND PHOTOGRAPHING

Juveniles should be booked, fingerprinted, and photographed and formal criminal charges filed under any of the following circumstances (Wis. Stat. § 165.83):

- (a) For an offense that is a felony
- (b) For an offense that is a misdemeanor or a violation of an ordinance involving burglary tools, commercial gambling, dealing in gambling devices; for contributing to the delinquency of a child, dealing in stolen property, possessing and selling controlled substances under Wis. Stat. Chapter 961; for violations involving firearms, dangerous weapons, explosives; for pandering, prostitution, or committing violations involving sex offenses where children are victims; or for issuing worthless checks
- (c) For an offense charged as disorderly conduct but that relates to an act connected with one or more of the above offenses
- (d) If the juvenile is a fugitive from justice

312.13.1 JUVENILE PHOTOGRAPHS AND RECORDS

All photographs and records of juveniles shall be kept separate from adult photographs and records (Wis. Stat. § 938.396).

This department does not allow copies of juvenile photographs to be automatically obtained by parents, guardians, or legal custodians. However, parents, guardians, or legal custodians may

Mequon Police Department

submit a written request to review a juvenile's record or photograph in compliance with the Records Maintenance and Release Policy (Wis. Stat. § 938.396).

312.14 JUVENILE OPERATIONS

The juvenile operations and functions of the Department shall be consistent with state and local law, and this policy. The Chief of Police shall assign a supervisor to be responsible for establishing processes and procedures relating to juvenile operations.

Adult Abuse

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others.

313.1.1 DEFINITIONS

Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care.

313.2 POLICY

The Mequon Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

313.3 NOTIFICATION

Members of the Mequon Police Department should notify the appropriate county elder-adult/adult-at-risk agency when an officer takes a report of adult abuse of an elder at risk or adult at risk.

For purposes of notification, an "elder adult at risk" is any person who is 60 years of age or older who has experienced, is experiencing or is at risk of experiencing abuse, neglect, self-neglect or financial exploitation (Wis. Stat. § 46.90(1)(br)). An "adult at risk" is any adult 18 years of age or older who has a physical or mental condition that substantially impairs his/her ability to care for his/her own needs, and who has experienced, is experiencing or is at risk of experiencing abuse, neglect, self-neglect or financial exploitation (Wis. Stat. § 55.01(1)(1e)).

Members should immediately notify the Division of Quality Assurance, Office of Caregiver Quality regarding an adult who was abused in a care facility or while under the care of a facility.

Members should make a referral to Ozaukee County Adult Protective Services (APS) when an investigation leads the officer to believe that an individual at risk may be experiencing, is at-risk of experiencing, or has experienced self-neglect, neglect, financial exploitation or abuse. It is preferred that Law Enforcement Supervisors submit their referrals directly to APS via email. Law Enforcement may email a copy of their incident report to APS@ozaukeecounty.gov so that complete information is received. Upon receiving the referral, APS will make a determination on the appropriate response within 24 business hours.

On-Call Crisis Intake can be contacted to assist in situations requiring a more urgent response, such as an Emergency Protective Placement.

Law Enforcement should advise APS when any criminal investigation involving abuse, neglect or financial exploitation of an adult at risk is referred to the District Attorney's office, the Wisconsin Department of Justice, or the U.S. Attorney's Office for prosecution.

Adult Abuse

At the conclusion of any criminal investigation, whether done independently by Law Enforcement or completed jointly with APS, Law Enforcement should provide APS with the relevant information (police reports, etc.) for them to complete their state required reporting.

313.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to adult abuse investigations.
- (c) Present all cases of alleged adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Wis. Stat. § 46.90(5)(c); Wis. Stat. § 55.043(2)).

313.5 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

Policy Manual

Policy Manual

Adult Abuse

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

313.5.1 REQUEST FOR ASSISTANCE

If requested, a member shall accompany an investigator or worker of an elder-adult-at-risk agency or an adult-at-risk agency during visits to a residence of a victim and provide assistance as requested or necessary when (Wis. Stat. § 46.90(5)(c); Wis. Stat. § 55.043(2)):

- (a) The investigator or worker is investigating suspected abuse, neglect, self-neglect or financial exploitation.
- (b) The victim is 60 years of age or older or is 18 years of age or older and has a physical or mental condition that substantially impairs his/her ability to care for his/her own needs.

The identity of the requesting investigator/worker should be documented.

313.6 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact the appropriate county elder-adult/adult-at-risk agency. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to the appropriate county elder-adult/adult-at-risk agency.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When

Mequon Police Department

Policy Manual

Policy Manual

Adult Abuse

practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 - 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Operations Captain should:

- (a) Work with professionals from the appropriate agencies, including the appropriate county elder-adult/adult-at-risk agency, other law enforcement agencies, medical service providers and local prosecutors, to develop community-specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when an officer notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime

Mequon Police Department

Policy Manual

Policy Manual

Adult Abuse

scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

- (c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.

313.9.2 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

- (a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Detective Bureau supervisor so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

Wisconsin requires or permits the following:

313.10.1 RECORDS SECTION RESPONSIBILITIES

The Records Section is responsible for:

- (a) Providing a copy of the adult abuse report to the appropriate county elder-adult/adult-at-risk agency as required by law.
- (b) Retaining the original adult abuse report with the initial case file.

313.10.2 RELEASE OF REPORTS

Information related to incidents of adult abuse or suspected adult abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy.

313.10.3 RESTRAINING ORDER

When an officer reasonably believes that an elder adult or adult at risk is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer should contact the appropriate county elder-adult/adult-at-risk agency and request that they obtain a restraining order against the person alleged to have committed or threatened such abuse, if that person is not in custody (Wis. Stat. § 813.123).

If the appropriate county elder-adult/adult-at-risk agency is unwilling or unable to obtain a restraining order, the handling officer may attempt to obtain the restraining order on the victim's behalf. Action taken by the officer should be documented in any related report.

313.11 TRAINING

The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting interviews.
- (c) Availability of therapy services for adults and families.

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

314.2 POLICY

The Mequon Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits, and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The non-discrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS

Definitions related to this policy include:

314.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes; stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

Discriminatory Harassment

314.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

314.3.3 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when (see also Wis. Stat. § 111.32(13)):

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission and the State of Wisconsin, Department of Workforce Development, Equal Rights Division guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.3.5 STATE DISCRIMINATION LAW

Unlawful employment practices include discrimination against properly qualified individuals by reason of their age, race, creed, color, disability, marital status, sex, national origin, ancestry, sexual orientation, arrest record, conviction record, military service, use or nonuse of lawful products off the employer's premises during nonworking hours, or declining to attend a meeting or to participate in any communication about religious or political matters (Wis. Stat. § 111.31).

314.4 RESPONSIBILITIES

This policy applies to all department personnel who shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Discriminatory Harassment

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Human Resources Director, or the City Administrator.

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 SUPERVISOR RESPONSIBILITY

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Chief of Police or the Human Resources Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

314.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- (a) Behavior of supervisors and managers should represent the values of the Department and professional standards.
- (b) False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

314.4.3 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Human Resources Director, or the City Administrator for further information, direction, or clarification.

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented, and promptly and thoroughly investigated.

314.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The member assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in any investigation (Wis. Stat. § 111.322(2m)).

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Human Resources Director, or the City Administrator.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific

time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

314.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on the appropriate forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- (a) Approved by the Chief of Police, the City Administrator, or the Human Resources Director, depending on the ranks of the involved parties.
- (b) Maintained in accordance with the established records retention schedule.

314.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the action taken to remedy or address the circumstances giving rise to the complaint.

314.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term of employment.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact the appropriate county department or licensed child welfare agency. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Mequon Police Department

Policy Manual

Policy Manual

Child Abuse

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to the appropriate county department or licensed child welfare agency intake worker (Wis. Stat. § 48.981).

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (Wis. Stat. § 48.19):

- (a) A court has ordered the removal of the child.
- (b) An officer believes on reasonable grounds that any of the following conditions exist:

 - 2. The child is suffering from illness or injury or is in immediate danger from the child's surroundings and removal from those surroundings is necessary.
 - 3. The child has been abandoned (Wis. Stat. § 48.13(2)).

Officers are required to take children into custody in the circumstances described above (Wis. Stat. § 48.981(3)).

315.6.1 FOLLOW-UP NOTIFICATIONS AND PLACEMENT

An officer who has taken a child into protective custody shall attempt to deliver the child to an intake worker and immediately notify the parent, guardian, legal custodian and Indian custodian of the child by the most practical means. The officer shall continue such attempts until the parent, guardian, legal custodian and Indian custodian of the child is notified or the child is delivered to an intake worker, whichever occurs first (Wis. Stat. § 48.19; Wis. Stat. § 48.20; Wis. Stat. § 48.981).

315.6.2 SAFE HAVEN LAW

A parent may relinquish a newborn infant 72 hours old or younger to an officer when the parent does not express an intent to return for the child. The officer shall take any action necessary to protect the health and safety of the child and attempt to deliver the child to the custody of an intake worker under the provisions of Wis. Stat. § 48.20 (Wis. Stat. § 48.195).

A parent who relinquishes custody of a child under these circumstances and any person who assists the parent in that relinquishment have the right to remain anonymous. Department members shall not induce or coerce or attempt to induce or coerce a parent or person assisting a parent who wishes to remain anonymous into revealing their identity, unless there is reasonable

cause to suspect that the child has been the victim of abuse or neglect or that the person assisting the parent is coercing the parent into relinquishing custody of the child (Wis. Stat. § 48.195).

The officer shall provide the parent with the toll-free number to the Department of Children and Families, (877-440-2229) or the appropriate social services brochure with this phone number and other relevant information (Wis. Stat. § 48.195; Wis. Admin. Code § DCF 39.09).

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. Bias-Motivated Crimes

319.4 PREVENTING AND PREPARING FOR LIKELY BIAS-MOTIVATED CRIMES

While it is recognized that not all crime can be prevented, this department is committed to taking a proactive approach to preventing and preparing for likely bias-motivated crimes by among other things:

- (a) Making an affirmative effort to establish contact with persons and groups within the community who are likely targets of bias-motivated crimes to form, and cooperate with, prevention and response networks.
- (b) Providing victim assistance and follow-up as outlined below, including community follow-up.
- (c) Educating community and civic groups about bias-motivated crime laws.

319.5 PROCEDURE FOR INVESTIGATING BIAS-MOTIVATED CRIMES

- (a) Officers will be promptly assigned to contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate.
- (b) A supervisor should be notified of the circumstances as soon as practicable.
- (c) Once "in progress" aspects of any such situation have been stabilized (e.g., treatment of victims or apprehension of present suspects), the assigned officers will take all reasonable steps to preserve available evidence that may tend to establish that a bias-motivated crime was involved.
- (d) The assigned officers will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a bias-motivated crime.
- (e) Depending on the situation, the assigned officers or supervisor may request additional assistance from investigators or other resources to further the investigation.
- (f) The assigned officers will include all available evidence indicating the likelihood of a bias-motivated crime in the relevant reports. All related reports will be clearly marked as "Bias-Motivated Crimes" and, absent prior approval of a supervisor, will be completed and submitted by the assigned officers before the end of the shift.
- (g) The assigned officers should also make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim and Witness Assistance Policy.

Standards of Conduct

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of this department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning member conduct.

In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisor.

320.2 POLICY

The continued employment or appointment of every member of the Mequon Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.3 DUTY TO OBEY LAWFUL ORDERS

Members are required to obey any lawful order of a superior, including any order relayed from a superior by a member of the same or lesser rank.

320.3.1 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- (a) Failure to be accountable for the performance of their subordinates or to provide appropriate guidance and control.
- (b) Failure to promptly and fully report any known misconduct of a member to the member's immediate supervisor or to document such misconduct appropriately or as required by policy.
- (c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- (d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

320.3.2 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not

Policy Manual

Standards of Conduct

relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

320.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and Wisconsin constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

320.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. 323.3 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Chief of Police. In situations not warranting immediate notice to the Chief of Police and in situations where the Chief of Police has given prior approval, Division Commanders, Shift Supervisors and designated Shift Supervisors may prepare and release information to the media in accordance with this policy and applicable laws regarding confidentiality.

323.4 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of department members and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at a minimum, whether the release of information or the presence of the media would unreasonably endanger any individual or prejudice the rights of any person or is otherwise prohibited by law.

323.5 MEDIA REQUESTS

Any media request for information or access to a law enforcement incident shall be referred to the Shift Supervisor, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, members shall consider the following:

- (a) At no time shall any member of this department make any comment or release any official information to the media without prior approval from a supervisor or the Shift Supervisor.
- (b) In situations involving multiple agencies or government departments, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department.

Department members shall not jeopardize a critical incident or tactical operation in order to accommodate the media. All comments to the media shall be coordinated through a supervisor or the Shift Supervisor.

323.6.2 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Supervisor. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

The daily information log will generally include:

Outside Agency Assistance

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

327.2 POLICY

It is the policy of the Mequon Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

327.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Shift Supervisor's office or an on-duty supervisor for approval. In some instances, a memorandum of understanding (MOU) or other established protocol may exist that eliminates the need for approval of individual requests (Wis. Stat. § 66.0313; Wis. Stat. § 175.46).

When another law enforcement agency requests assistance from this department, the Shift Supervisor may authorize, if available, an appropriate number of personnel to assist.

Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance; however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this department will not ordinarily be booked at this department. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

327.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Mequon Police Department should notify the local law enforcement agency of the county or municipality where the violation occurs, cooperate with that agency as necessary, and notify his/her supervisor or the Shift Supervisor and the Dispatch Center as soon as reasonably practicable (Wis. Stat. § 175.40(6)(d)). This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

Policy Manual

Policy Manual

Outside Agency Assistance

327.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

327.5 CRITICAL INCIDENT MUTUAL AID

State, regional or county agencies may be summoned to assist and coordinate emergency services such as natural disasters, civil unrest, large crime scenes or accidents and hazardous or chemical spills. The Incident Commander, in cooperation with other agencies, is charged with making an immediate appraisal of the situation and its potential. Responders should:

- Establish scene management and control.
- Detect the presence of dangerous conditions or hazardous materials.
- Begin identification of dangerous conditions or hazardous materials (may use the most current Emergency Response Guidebook published by the U.S. Department of Transportation).
- Isolate the incident and identify zones of danger and activity.
- Contain the incident without risking unnecessary exposure.
- Perform firefighting, rescue, emergency medical and other critical life-saving response activities in accordance with the City Emergency Operations Plan.
- Begin evacuation or direct in-place sheltering.
- Consider personal protection/decontamination.
- Contact the local Wisconsin state dispatch center and request support if it occurs on any federal, state or county highway located outside of this department's jurisdiction.
- Seek additional resources if the event exceeds, or is expected to exceed, the capability of local resources, including mutual aid and state or federal assistance. When requesting local, state or federal assistance, this department should clarify whether it is requesting assistance only or complete scene management.

327.6 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Shift Supervisor.

Registered Offender Information

328.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Mequon Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered offenders.

328.2 POLICY

It is the policy of the Mequon Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

328.3 REGISTRATION AND CONTACT

The Detective Bureau shall establish a process to reasonably accommodate obtaining fingerprints, a recent photograph and other information that may be required by the Wisconsin Department of Corrections (WisDOC) as well as any face-to-face contact requirements for registrants who are on supervision (Wis. Stat. § 301.45(2)(f)). The process should rebut any allegation on the part of the offender that the process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the face-to-face contact in order to best evaluate any threat the person may pose to the community. Employees assigned to meet with these offenders should receive appropriate training regarding the process.

Upon conclusion of the process, the investigator shall ensure that the information is provided to WisDOC.

The refusal of a registrant to provide any of the required registration information or complete the registration process should initiate a criminal investigation for failure to register.

328.4 MONITORING OF REGISTERED OFFENDERS

The Detective Bureau should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the WisDOC Sex Offender Registration Program (SORP) informational database.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the WisDOC.

The Detective Bureau should also establish a procedure to routinely disseminate information regarding registered offenders to Mequon Police Department personnel, including timely updates regarding new or relocated registrants.

Mequon Police Department

Policy Manual

Policy Manual

Registered Offender Information

328.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided the Wisconsin Sex Offender Registry Web site.

The Records Section shall release local registered offender information to residents in accordance with Wis. Stat. § 301.46 and in compliance with a Wisconsin Public Records Law request.

328.5.1 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

328.5.2 DISCRETIONARY DISSEMINATION

Notifications that a sex offender is or will be residing, working, or attending school in Mequon Police Department jurisdiction, including a Special Bulletin Notification (SBN) from the WisDOC, should be forwarded to the Detective Bureau. The Detective Bureau should:

- (a) Review notifications and disseminate the information within the Department as appropriate.
- (b) Review and discuss SBNs and make recommendations regarding disseminating information about the offender.
- (c) Remain familiar with current recommendations regarding community notification made by the WisDOC, including evaluation criteria and notice levels (Wisconsin Sex Offender Registration and Community Notification - Manual for Law Enforcement).
- (d) Seek advice from legal counsel as needed regarding procedures for community notifications and compliance with public records and open meetings laws.
- (e) Obtain prior approval from the Chief of Police prior to notification to the public in general and the plan for how that notification is to be accomplished (Wis. Stat. § 301.46).

Mequon Police Department

Policy Manual

Policy Manual

Registered Offender Information

1. The overriding guiding principle in the development of any notification plan to the general public is that such a plan is not intended to subject the offender to additional punishment or harassment. Rather, these plans should seek to provide information to those individuals, agencies and/or organizations that need to know, in the interest of public protection, about the potential risk posed by this offender.

Major Incident Notification

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of this department in determining when, how and to whom notification of major incidents should be made.

Notification should be made by using the on call notification protocol in PLANIT.

329.4.1 STAFF NOTIFICATION

In the event an incident occurs as identified in the Minimum Criteria for Notification above, the affected Division Commander shall be notified.

Mequon Police Department

If the incident requires that an officer or investigator respond from home, the on call Division Commander shall be contacted.

329.4.3 SHIFT SUPERVISOR NOTIFICATION

In the event of a traffic fatality or major injury, the shift supervisor shall be notified, who will then contact the appropriate investigator along with the on call Division Commander.

329.4.4 SHIFT SUPERVISOR

The Shift Supervisor shall be called after members of staff have been notified if it appears the media may have a significant interest in the incident.

Firearm Injury Reporting

330.1 PURPOSE AND SCOPE

Investigation of cases involving firearm injuries is important to the State of Wisconsin and the safety of the public. Some causes of firearm injuries may not be readily apparent and some cases differ substantially from what they appeared to be initially. The Department takes firearm injury investigations seriously and therefore employees must conduct thorough and complete investigations.

330.2 INVESTIGATION

All bullet wounds, gunshot wounds, powder burns or any other injury or death resulting from the discharge of any firearm shall be thoroughly investigated by this department upon receipt of any report made pursuant to Wis. Stat. § 29.341 and Wis. Stat. § 29.345 or that otherwise is reported to the Department.

Information or reports received from health care professionals shall also be investigated, but the identity of the reporter shall remain confidential as allowed by law (Wis. Stat. § 255.40).

Employees investigating firearm injuries shall contact a supervisor as soon as reasonably possible to determine if further guidance or additional resources are necessary.

All reports or investigations under this section shall be forwarded by the Records Section to the appropriate county or state agency as required.

330.3 HUNTING INJURIES

If a firearm injury is determined to have been caused by an action connected with hunting, fishing or trapping, the Wisconsin Department of Natural Resources (DNR) requests notification on all such firearms related injuries.

The DNR completes the International Hunter Education Association's Annual Report of Hunting and Hunting Related Incidents for compiling nationwide hunting-related statistics and uses the information provided by local agencies for this purpose. The DNR also uses this information to determine whether to investigate or charge a violation of Wis. Stat. § 29.345, failure to report a firearm-related injury sustained in a hunting, fishing or trapping incident.

Death Investigation

331.1 PURPOSE AND SCOPE

The investigation of cases involving death include those ranging from natural causes to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The importance of a thorough death investigation cannot be emphasized enough.

Death investigations shall be conducted pursuant to Wis. Stat. Chapter 979.

331.2 INVESTIGATION CONSIDERATIONS

Death investigation cases require certain actions be taken. Emergency Medical Services shall be called in all suspected death cases, unless the death is obvious (e.g., the person has been decapitated or the body is decomposed). Officers are not authorized to pronounce death unless they are also a Medical Examiner, a Deputy Medical Examiner or an appointed Medical Examiner. A supervisor shall be notified in all death investigations.

331.2.1 MEDICAL EXAMINER REQUEST

- (h) When a physician refuses to sign a death certificate
- (i) When, after reasonable efforts, a physician cannot be located or contacted to sign the death certificate
- (j) Unidentifiable bodies

331.2.2 SEARCHING DEAD BODIES

The Medical Examiner or an assistant and authorized investigators are generally the only persons permitted to move, handle, or search a body. Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Medical Examiner, the investigating officer shall first obtain verbal consent from the Medical Examiner when practicable.

Mequon Police Department

Policy Manual

Policy Manual

Death Investigation

An officer shall make a reasonable search of an individual who it is reasonable to believe is dead, or near death, for a record of anatomical gift or other information identifying the individual as a donor or as an individual who made a refusal (Wis. Stat. § 157.06(12)). If a donor document is located, the Medical Examiner shall be promptly notified. If a donor record of gift or gift refusal is located, and the individual is transported to a hospital, the person responsible for conducting the search shall send the donor record of gift or gift refusal to the hospital.

Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Medical Examiner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Medical Examiner, a receipt shall be obtained. This receipt shall be attached to the death report.

331.2.3 DEATH NOTIFICATION

When reasonably practicable, and if not handled by the Medical Examiner, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the local Medical Examiner may be requested to make the notification. The Medical Examiner should be advised if notification has been made. Assigned investigators may need to talk to the next-of-kin.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

331.2.4 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Medical Examiner arrives, the Medical Examiner will take pictures of the deceased and scan these into their report.

331.2.5 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented on the appropriate form.

331.2.6 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide, any suspicious circumstances or the manner of death cannot be determined, the officer shall take steps to protect the scene. The Detective Division shall be notified to determine the possible need for an investigator to respond to the scene for further immediate investigation.

331.2.7 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment should ensure that the nearest office of the Wisconsin Department of Health Services (WDHS) is

notified with all pertinent information. This notification is handled by the Medical Examiner's office via obtaining a copy of our report.

Identity Theft

332.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

332.2 REPORTING

- (a) To maintain uniformity in reporting, officers shall initiate a report for victims residing within the jurisdiction of this department where the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following (Wis. Stat. § 943.201(4)):
 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim shall be informed which law enforcement agency may have jurisdiction. The victim should be encouraged to promptly report the identity theft to the appropriate law enforcement agency.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services, or receipt of goods were acquired or occurred in this jurisdiction).
- (c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service, Department of Motor Vehicles) with all known report numbers.
- (e) Following supervisory review and Department processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies, and prosecution as circumstances dictate.

332.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law.

The victim may file an identity theft complaint with the Wisconsin Department of Agriculture, Trade and Consumer Protection, Office of Privacy Protection (OPP) at 800-422-7128, www.privacy.wi.gov, or e-mail at wisconsinprivacy@dacp.state.wi.us.

332.4 INFORMATION

The victim should be encouraged to contact the Federal Trade Commission (FTC), which is responsible for receiving and processing complaints under the Identity Theft and Assumption Deterrence Act. The victim can contact the FTC online at <http://www.ftc.gov/bcp/menus/consumer/>

Private Persons' Arrests

333.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Wisconsin common law.

333.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Officers should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

333.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances:

- (a) When a felony has been in fact committed and he/she has reasonable grounds to believe the person to be arrested has committed it.
- (b) For a misdemeanor amounting to a breach of the peace and committed in his/her presence.
- (c) When a merchant or service provider, a merchant's or service provider's adult employee or security agent, has reasonable cause to believe that a person has stolen merchandise or services in his/her presence, he/she may detain the person at the place of business where the offense occurred in a reasonable manner for a reasonable length of time to deliver the person to a peace officer or to a parent or guardian in the case of a minor (Wis. Stat. § 943.50(3)).

333.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person who has made a private person's arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety (Wis. Stat. § 968.08).

Mequon Police Department

Policy Manual

Policy Manual

Private Persons' Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise the appropriate option based upon the charges:
1. Take the individual into physical custody for booking.
 2. Release the individual upon issuance of a misdemeanor and/or ordinance citation.
 3. Release the individual pending the filing of formal charges.

333.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a detailed statement of the incident. If the person fails or refuses to do so, the arrested subject shall be released unless the officer has an independent reason to take the person into custody.

In addition to the detailed statement of the incident (and any other related documents, such as citations and booking forms), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

334.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

334.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Mequon Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

334.2 POLICY

It is the policy of the Mequon Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

334.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Operations Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:

Mequon Police Department

Policy Manual

Policy Manual

Limited English Proficiency Services

- (a) Coordinating and implementing all aspects of the Mequon Police Department's LEP services to LEP individuals.
- (b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- (c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Shift Supervisor. The list should include information regarding the following:
 - 1. Languages spoken
 - 2. Contact information
 - 3. Availability
- (d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- (e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- (f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- (g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- (h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures, or recommending modifications to this policy.
- (i) Receiving and responding to complaints regarding department LEP services.
- (j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

334.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

Mequon Police Department

Policy Manual

Policy Manual

Limited English Proficiency Services

- (b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

334.5 TYPES OF LEP ASSISTANCE AVAILABLE

Mequon Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

334.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

334.7 AUDIO RECORDINGS

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

334.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

Mequon Police Department

Policy Manual

Policy Manual

Limited English Proficiency Services

334.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

334.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

334.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Mequon Police Department

Policy Manual

Policy Manual

Limited English Proficiency Services

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

334.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

334.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

The Mequon Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

334.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Dispatch Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

Mequon Police Department

Policy Manual

Policy Manual

Limited English Proficiency Services

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

334.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

334.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

Mequon Police Department

Policy Manual

Policy Manual

Limited English Proficiency Services

334.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

334.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

334.16 COMPLAINTS

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

334.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

334.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

Mequon Police Department

Policy Manual

Policy Manual

Limited English Proficiency Services

The Administrative Captain shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training periodically. The Administrative Captain shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

334.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Administrative Captain shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

335.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

335.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified sign language interpreters will be licensed as required (Wis. Stat. § 440.032).

335.2 POLICY

It is the policy of the Mequon Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

335.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Operations Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the City ADA coordinator regarding the Mequon Police Department's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.

Mequon Police Department

Policy Manual

Policy Manual

Communications with Persons with Disabilities

- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Shift Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

335.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

335.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Mequon Police Department

Policy Manual

Policy Manual

Communications with Persons with Disabilities

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Mequon Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

335.6 TYPES OF ASSISTANCE AVAILABLE

Mequon Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

Policy Manual

Policy Manual

Communications with Persons with Disabilities

335.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

335.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

335.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls. Members shall provide additional time or assistance, as needed, for effective communication due to the slower nature of these communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

Communications with Persons with Disabilities

335.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

335.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

335.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

335.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Mequon Police Department

Policy Manual

Policy Manual

Communications with Persons with Disabilities

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

335.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speech read by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

335.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

Mequon Police Department

Policy Manual

Policy Manual

Communications with Persons with Disabilities

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

335.15 ARRESTS AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

335.16 COMPLAINTS

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

335.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

335.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.

Mequon Police Department

Policy Manual

Policy Manual

Communications with Persons with Disabilities

- (c) Working with in-person and telephone interpreters and related equipment.

The Administrative Captain shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training periodically. The Administrative Captain shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

335.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all the Dispatch Center members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur periodically.

Biological Samples

336.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon arrest or conviction for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from an individual in conjunction with a criminal investigation. Nor does it apply to biological samples collected from those required to register, for example, as sex offenders.

336.2 POLICY

The Mequon Police Department will assist in the expeditious collection of required biological samples from arrestees and offenders in accordance with the laws of this state and with as little reliance on force as practicable.

336.3 ARRESTEES AND OFFENDERS SUBJECT TO DNA COLLECTION

The following persons must submit a biological sample (Wis. Stat. § 165.84; Wis. Stat. § 165.76):

- (a) Adults arrested or juveniles taken into custody for a violent crime as defined in Wis. Stat. § 165.84.
- (b) Persons sentenced to the county jail for a qualifying offense.
- (c) Persons ordered by a court to provide a biological sample for DNA analysis.
- (d) Persons referred to the Department by the Wisconsin Department of Corrections (WisDOC) staff for collection of a biological sample and fingerprints.
- (e) A person being booked into jail when a review of that person's Computerized Criminal History (CCH) record reflects "DNA Sample Needed."

336.4 PROCEDURE

When an arrestee or offender is required to provide a biological sample, a trained employee shall attempt to obtain the sample in accordance with this policy.

336.4.1 COLLECTION

The following steps should be taken to collect a sample:

- (a) Verify that the arrestee or offender is required to provide a sample pursuant to Wis. Stat. § 165.76 or Wis. Stat. § 165.84.
- (b) Verify that a biological sample has not been previously collected from the arrestee or offender by querying Wisconsin Computerized Criminal History. There is no need to obtain a biological sample if one has been previously obtained.
- (c) Use the designated collection kit provided by the Wisconsin Department of Justice to perform the collection and take steps to avoid cross contamination.

Mequon Police Department

Policy Manual

Policy Manual

Biological Samples

- (d) Forward the sample to the appropriate crime laboratory as soon as practicable, but in all cases within 48 hours of collection (Wis. Admin. Code § JUS 9.04).

336.5 USE OF FORCE TO OBTAIN SAMPLES

If an arrestee or offender refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except with the approval of legal counsel and only with the approval of a supervisor (Wis. Stat. § 165.765). Methods to consider when seeking voluntary compliance include contacting:

- (a) The arrestee's or offender's parole or probation officer when applicable.
- (b) The prosecuting attorney to seek additional charges against the arrestee or offender for failure to comply or to otherwise bring the refusal before a judge.
- (c) The judge at the arrestee's or offender's next court appearance.
- (d) The arrestee's or offender's attorney.
- (e) A chaplain.
- (f) Another custody facility with additional resources, where an arrestee or offender can be transferred to better facilitate sample collection.
- (g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

336.5.1 VIDEO RECORDING

A video recording should be made any time force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department's records retention schedule.

- (e) Complete an appropriate probationary period as designated by the Chief of Police.

Chaplains are volunteers and serve at the discretion of the Chief of Police. Chaplains shall have no property interest in continued appointment. 337.5 IDENTIFICATION AND UNIFORMS

As representatives of the Department, chaplains are responsible for presenting a professional image to the community. Chaplains shall dress appropriately for the conditions and performance of their duties. Uniforms and necessary safety equipment will be provided for each chaplain.

Chaplains will be issued Mequon Police Department identification cards, which must be carried at all times while on-duty. The identification cards will be the standard Mequon Police Department identification cards, with the exception that "Chaplain" will be indicated on the cards. Chaplains shall be required to return any issued uniforms or department property at the termination of service.

Chaplains shall conform to all uniform regulations and appearance standards of this department.

The Chief of Police shall delegate certain responsibilities to a chaplain coordinator. The coordinator shall be appointed by and directly responsible to the Administration Division Commander or the authorized designee.

The chaplain coordinator shall serve as the liaison between the chaplains and the Chief of Police. The function of the coordinator is to provide a central coordinating point for effective chaplain management within the Department, and to direct and assist efforts to jointly provide more productive chaplain services. Under the general direction of the Chief of Police or the authorized designee, chaplains shall report to the chaplain coordinator and/or Shift Supervisor.

The chaplain coordinator may appoint a senior chaplain or other designee to assist in the coordination of chaplains and their activities.

The responsibilities of the coordinator or the authorized designee include, but are not limited to:

- (a) Recruiting, selecting and training qualified chaplains.
- (b) Conducting chaplain meetings.

An evaluation of the overall use of chaplains will be conducted on a bi-annual basis by the coordinator.

337.7 DUTIES AND RESPONSIBILITIES

Chaplains assist the Department, its members and the community, as needed. Assignments of chaplains will usually be to augment the Operations division. Chaplains may be assigned to other areas within the Department as needed. Chaplains should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

All chaplains will be assigned to duties by the chaplain coordinator or the authorized designee.

Chaplains may not proselytize or attempt to recruit members of the Department or the public into a religious affiliation while representing themselves as chaplains with this department. If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any service or any subsequent actions or follow-up contacts that were provided while functioning as a chaplain for the Mequon Police Department.

337.7.1 COMPLIANCE

Chaplains are volunteer members of this department, and except as otherwise specified within this policy, are required to comply with the Volunteers Policy and other applicable policies.

337.7.2 OPERATIONAL GUIDELINES

- (a) At the end of each watch the chaplain will complete a chaplain shift report and submit it to the Chief of Police or the authorized designee.

Department chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent, psychotherapist-patient and other potentially applicable privileges and shall inform members when it appears reasonably likely that the member is discussing matters that are not subject to privileged communications. In such cases, the chaplain should consider referring the member to a non-department counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Mequon Police Department member concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

Child and Dependent Adult Safety

339.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse Policies.

339.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Mequon Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

339.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should consider reasonable alternatives to arresting a parent, guardian or caregiver in the presence of his/her child or dependent adult.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

339.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Mequon Police Department

Policy Manual

Policy Manual

Child and Dependent Adult Safety

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. The following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with a non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the appropriate Aging and Disability Resource Center, if appropriate.
- (e) Notify the Shift Supervisor of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be documented in the associated report.

339.3.2 DURING THE BOOKING PROCESS

During the booking process, the arrestee should be allowed to make telephone calls to arrange for the care of any child or dependent adult in accordance with the Temporary Custody of Adults Policy.

If an arrestee is unable to resolve the care of any child or dependent adult through this process, or circumstances prevent them from making such arrangements (e.g., their behavior prevents reasonable accommodations for making necessary calls), a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

339.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:

Mequon Police Department

Policy Manual

Policy Manual

Child and Dependent Adult Safety

1. Name
 2. Sex
 3. Age
 4. Special needs (e.g., medical, mental health)
 5. How, where and with whom or which agency the child was placed
 6. Identities and contact information for other potential caregivers
 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information about the dependent adult:
1. Name
 2. Sex
 3. Age
 4. Whether he/she reasonably appears able to care for him/herself
 5. Disposition or placement information if he/she is unable to care for him/herself

339.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

339.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any children or dependent adults, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate.

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked law enforcement vehicle or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

339.5 TRAINING

The Administrative Captain is responsible to ensure that all members of this department who may be involved in arrests affecting children or dependent adults receive approved training on effective safety measures when a parent, guardian or caregiver is arrested.

Native American Graves Protection and Repatriation

342.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.).

342.1.1 DEFINITIONS

Definitions related to this policy include (43 CFR 10.2):

Funerary objects - Objects that, as part of the death rite or ceremony of a Native American culture, are reasonably believed to have been placed intentionally at the time of death or later with or near individual human remains. Funerary objects are either associated funerary objects or unassociated funerary objects.

Associated funerary objects are any funerary objects related to removed human remains, where the location of the human remains is known. This includes objects that were made exclusively for burial purposes or to contain human remains, regardless of the physical location or existence of any related human remains.

Unassociated funerary objects are any other funerary objects that are identified by a preponderance of the evidence such as:

- Related to human remains but the remains were not removed, or the location of the remains is unknown.
- Related to specific individuals or families.
- Removed from specific burial sites with Native American cultural affiliation.
- Removed from an area where such burial sites are known to have existed, but the site no longer exists.

Native American human remains - Any physical part of the body of a Native American individual.

Objects of cultural patrimony - Objects having ongoing historical, traditional, or cultural importance that is central to the Native American group or culture itself and, therefore, cannot be appropriated or conveyed by any individual, including members of the Native American group or Native Hawaiian organization. Such objects must have been considered inalienable by the Native American group at the time the object was separated from the group.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions.

342.2 POLICY

It is the policy of the Mequon Police Department that the protection of Native American human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred

Mequon Police Department

Policy Manual

Policy Manual

Native American Graves Protection and Repatriation

objects, or objects of cultural patrimony is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption, or complicated custody transfer processes.

342.3 COMPLIANCE WITH THE NATIVE AMERICAN GRAVES PROTECTION AND REPATRIATION ACT

Upon discovery or arrival upon a scene where it reasonably appears that a Native American grave, human remains, funerary objects, associated funerary objects, unassociated funerary objects, sacred objects, or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene other than scene preservation activity must cease (43 CFR 10.5).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Without delay, the appropriate agency or group shall be notified to respond and take control of the scene. These include the following (43 CFR 10.5):

- Federal land - Appropriate agency at the U.S. Department of the Interior or U.S. Department of Agriculture
- State land - Wisconsin Historical Society or, when appropriate, the Coroner (Wis. Stat. § 157.70; Wis. Stat. § 979.01)
- Tribal land - Responsible Indian tribal official

342.4 EVIDENCE AND PROPERTY

If the location has been investigated as a possible homicide scene prior to identification as a NAGPRA site, investigators shall work with other appropriate agencies and individuals to ensure the proper transfer and repatriation of any material collected. Members shall ensure that any remains or artifacts located at the site are expediently processed (43 CFR 10.7).

Off-Duty Law Enforcement Actions

343.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Mequon Police Department with respect to taking law enforcement action while off-duty (Wis. Stat. § 175.40(6m)(a)(3)).

343.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged and an officer's authority is limited by the State of Wisconsin. Officers, unless responding to an emergency situation that poses a significant threat to life or bodily harm pursuant to Wis. Stat. § 175.40 (6m)(a)1, shall not attempt to initiate enforcement action when witnessing non-violent crimes or property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency (Wis. Stat. § 175.40(6m)).

343.2.1 OFF-DUTY LIMITATIONS

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department may take reasonable law enforcement action to minimize or eliminate a threat if all of the following apply (Wis. Stat. § 175.40(6m)(a)):

- (a) An officer becomes aware of an incident or circumstance that he/she reasonably believes poses a significant threat to life or of bodily harm. Unless the safety of a person requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.
- (b) The officer is taking action that would be authorized by the policies of the Mequon Police Department.

Nothing in this policy prevents an employee from conducting a lawful private person's arrest as long as his/her status with this department is not used or disclosed.

343.3 FIREARMS

Officers of this department may carry firearms while off-duty in accordance with federal regulations, state law and department policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty, officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any medication or drugs that would tend to adversely affect the officer's senses or judgment.

Off-Duty Law Enforcement Actions

343.4 DECISION TO INTERVENE

There is no legal requirement for off-duty officers to take law enforcement action. However, should officers who are authorized by law decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration (Wis. Stat. § 175.40(6m)(a)(3)(a)):

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, oleoresin capsicum (OC) spray or a baton.
- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive and gather as much accurate intelligence as possible, instead of immediately intervening.

343.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Mequon Police Department officer until acknowledged. Official identification should also be displayed.

343.4.2 INCIDENTS OF PERSONAL INTEREST

Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, officers should call the responsible agency to handle the matter.

343.4.3 CIVILIAN RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

343.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

343.5 REPORTING

Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the applicable local law enforcement agency as soon as reasonably practicable. Additionally,

the employee shall contact the Shift Supervisor, who shall determine whether to send a supervisor to the scene and whether a report should be completed by the employee (Wis. Stat. § 175.40(6m)(a)(3)(c)).

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate (Wis. Stat. § 175.40(6m)(a)(3)(b)).

Officer-Involved Domestic Violence

346.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for handling matters of domestic violence involving law enforcement officers from any agency, including implementing prevention strategies, providing guidance when responding to domestic violence incidents, investigating these incidents and reporting them.

346.2 POLICY

Federal law prohibits law enforcement officers convicted of qualifying misdemeanor domestic violence crimes from possessing firearms.

An officer found guilty of a qualifying domestic violence crime through criminal proceedings shall be terminated as an officer of this department.

Effective, 01/01/2018, this policy will apply to any past conviction, any pending or existing domestic violence case, and any future domestic violence crimes if that person is a law enforcement officer.

Refer to the Domestic Abuse, Major Incident Notification, Victim and Witness Assistance, Recruitment and Selection, and Personnel Complaints policies for additional guidance.

346.3 PROCEDURES

346.3.1 PREVENTION THROUGH EDUCATION

The Mequon Police Department will collaborate with available advocacy groups on ways to educate officers and their families by conducting periodic training on domestic violence issues throughout officers' careers.

All officers need to understand this agency's intolerance of domestic violence and their responsibility to report knowledge they have concerning domestic violence on the part of an officer, except in the case where that officer is the victim.

Officers are encouraged and entitled to seek confidential assistance from the department (i.e. supervisor, law enforcement chaplain, EAP, etc.) to prevent a problem from escalating to the level of criminal conduct against an intimate partner.

Officers with definitive knowledge of violence involving fellow officers must report such information in a timely manner to their supervisor. Failure to do so will subject the officer to investigation, disciplinary action, and possible sanctions and/or criminal charges. (Exception applies to an officer who is a victim of domestic violence)

346.3.2 EARLY WARNING AND INTERVENTION

The Mequon Police Department will conduct pre-hire screening to screen out candidates with a history of domestic violence. Once hired, officers will undergo training on domestic violence and this policy. Throughout an officer's career, the Mequon Police Department, supervisors and

Mequon Police Department

Policy Manual

Policy Manual

Officer-Involved Domestic Violence

officers will attempt to identify warning signs of domestic violence and intervene prior to an incident happening.

346.3.3 INCIDENT RESPONSE

Critical elements in responding to an officer-involved domestic violence incident include specific procedures for a coordinated response, dispatch response, patrol division response and on-scene supervisor response. The Mequon Police Department will follow specific procedures when responding to officer-involved incidents, assisting victims and witnesses, seizing and removing weapons from the law enforcement officer involved and conducting any necessary follow-up.

346.3.4 CRIMINAL INVESTIGATIONS

The responding officer should ensure that the shift supervisor is notified of the officer involved as early as possible. The shift supervisor should arrive on scene to ensure the investigation is consistent with the policies used in all domestic violence cases. When a supervisor is made aware that an officer from this department has been arrested following a domestic violence incident, he/she shall make notifications to the Chief of Police or designee as soon as practicable.

If an officer from this department requires arrest by another officer of this department, an appropriate mutual aid agency (local Sheriff's Office, DCI, other agency) will take over the investigation. If the incident involves a member of the Mequon Police Department, the shift supervisor shall secure all agency issued firearms or other weapons assigned to the involved officer and make record of the action. This agency shall be notified as soon as practicable to take over the criminal investigation. Any criminal investigation should be completed before an administrative investigation should begin.

If a law enforcement officer from another agency is arrested by an officer from this department, he/she shall contact the on-duty supervisor as soon as practicable. The notified supervisor will determine if it is appropriate to contact the agency which the arrested law enforcement officer is employed by.

346.3.5 VICTIM SAFETY AND PROTECTION MEASURES

If an incident involves a member of the Mequon Police Department and within the jurisdiction of the department, a supervisor will ensure that the status of a 72-hour no-contact provision is made known to the Patrol section and, if the no-contact provision is enforced, an added patrol of the officer's home will be directed.

If an officer is arrested for a domestic violence incident, he/she must notify the Operations Captain as soon as possible, but no later than prior to the beginning of the next shift.

If desired by the victim, the Chief of Police or designee shall meet with the victim to discuss any safety concerns that they may have regarding the involved officer.

346.3.6 ADMINISTRATIVE INVESTIGATIONS

An administrative investigation will determine if an officer from this department who was arrested as a result of a domestic violence incident has violated any department policies.

Mequon Police Department

Policy Manual

Policy Manual

Officer-Involved Domestic Violence

When an officer is served with a protective injunction of any type, they are required to notify their supervisor and the Operations Captain prior to the beginning of the next shift. The officer is required to keep departmental authorities informed of the status of their case. If necessary, alternative duty assignments may be made until the first full hearing on the protective order has been completed.

In cases where a temporary injunction is extended to become a "permanent" injunction, the officer may not be able to perform the necessary functions of a police officer, in that he/she will no longer be able to carry a firearm and may be subject to termination.

If an officer from this department is convicted of a criminal violation, he/she may be terminated.

347.6 TRAINING

Before assignment as an SRO, officers should complete required initial and ongoing SRO training through the National Association of School Resource Officers or another approved school resource officer training program.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Department to ensure intra-organizational cooperation and information sharing.

400.1.1 FUNCTION

Officers will generally patrol in clearly marked vehicles. They will patrol assigned jurisdictional areas of Mequon, identify community needs, provide support and assistance to the community, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours a day seven days a week.

Patrol will generally provide services within the limits of available resources. These include:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and crashes, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem-solving activities, such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the patrol and other divisions within the Department, as well as other government agencies.
- (h) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
- (i) Traffic direction and control.
- (j) Response to disasters, civic unrest and natural emergencies.
- (k) Assist in the service of civil papers.

400.1.2 TERRORISM

It is the goal of the Mequon Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI).

Mequon Police Department

Policy Manual

Policy Manual

Patrol Function

The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the Division Commander in a timely fashion.

The Division Commander shall review all terrorism-related reports as soon as practicable and contact the Wisconsin Statewide Intelligence Center (WSIC), the Wisconsin Joint Terrorism Task Force (JTTF) or the Southeastern Wisconsin Terrorism Alert Center (STAC) when there is a reasonable suspicion that a terrorist threat exists.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intra-organizational cooperation and information flow between the various divisions of the Mequon Police Department.

400.2.1 CRIME REPORTS

A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.2 PATROL BRIEFINGS

Patrol supervisors, investigative sergeants and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or officers will be provided an opportunity to share information through daily patrol briefings, as time permits.

400.2.3 BULLETIN BOARDS

A bulletin board will be kept in the briefing room and the Detective Bureau for display of suspect information, investigative reports and photographs. New General Orders will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of the General Order will be placed on the briefing room clipboard or distributed electronically.

400.3 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Mequon Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing or improper profiling - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin (including limited English proficiency), religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement. This includes explicit and implicit biases (i.e., conscious and unconscious beliefs or attitudes towards certain groups). This also includes color, ancestry, political affiliation, marital status, or other identifiable characteristics.

401.2 POLICY

The Mequon Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely, and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns, or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform their duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any bias-based actions by another member.

Mequon Police Department

Policy Manual

Policy Manual

Bias-Based Policing

To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

401.4.2 REPORTING TRAFFIC STOPS

Each time an officer makes a traffic stop, the officer shall report any information as required in the Traffic Citations Policy.

401.5 SUPERVISOR RESPONSIBILITIES

- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 ADMINISTRATION

The Operations Division Commander should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints to the Chief of Police. The annual report should not contain any identifying information about any specific complaint, member of the public or officer. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

401.7 TRAINING

Training on fair and objective policing and review of this policy shall be conducted annually and include:

Mequon Police Department

Policy Manual

Policy Manual

Bias-Based Policing

Roll Call

402.1 PURPOSE AND SCOPE

Roll Call is generally conducted at the beginning of the officer's assigned shift. Roll Call provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct roll call. However, officers may conduct roll call for training purposes with supervisor approval.

Roll Call should accomplish, at a minimum, certain basic tasks, including:

- (b) Notifying officers of changes in schedules and assignments.
- (c) Reviewing recent incidents for training purposes.

A supervisor may delegate this responsibility to a subordinate officer in his/her absence or for training purposes.

402.3 RETENTION OF ROLL CALL TRAINING RECORDS

Roll Call materials and a curriculum or summary shall be forwarded to the Administrative Captain for inclusion in training records, as appropriate.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Mequon Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.

- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured

persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 DETECTIVE DIVISION COMMANDER RESPONSIBILITIES

The Detective Division Commander is responsible for:

- (a) Ensuring reasonable access to qualified personnel, equipment, and supplies for processing crime or disaster scenes, including serious traffic crashes.
 - 1. Access should be available on a 24-hour basis.
- (b) Establishing procedures for collecting, processing, and preserving physical evidence in the field.
- (c) Establishing procedures for photographing, video recording, and other imaging used to collect and preserve evidence.
- (d) Establishing procedures for processing, developing, lifting, and labeling fingerprints.
- (e) Establishing procedures for the safe collection, storage, transportation, and submission of biological and other evidence for DNA testing and evaluation.

403.7 CRIME OR DISASTER SCENE CLEANUP

Crime scene cleanup on public property will be requested through the fire department. Private property owners should be advised to contact their insurance carrier or the state's Crime Victim Compensation Program for submitting a claim for reimbursement for a crime scene cleanup (Wis. Stat. § 949.06(1)(f)).

Cleanup of human health hazards at methamphetamine labs will be requested through the local health department and the Wisconsin Department of Justice (WisDOJ) Division of Criminal Investigation (DCI) should be notified. The Wisconsin Department of Natural Resources (WisDNR) should be notified to assess environmental impacts from outdoor chemical spills or improper waste disposal (Wis. Stat. § 254.59; Wis. Stat. § 292.11).

403.8 TRAINING

The Administrative Captain should ensure that members who are responsible for the collection and preservation of DNA evidence receive appropriate training.

Ride-Along

405.1 PURPOSE AND SCOPE

The ride-along program provides an opportunity for persons to experience the law enforcement function firsthand. This policy provides the requirements, approval process and hours of operation for the ride-along program.

405.1.1 ELIGIBILITY

The Mequon Police Department ride-along program is offered to residents, students and those employed within the City. Reasonable efforts should be made to accommodate interested persons. Any applicant may be disqualified without cause from participating in the program.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 15 years of age
- Prior criminal history
- Pending criminal action
- Pending lawsuit against the Department
- Denial by any supervisor

405.2 PROCEDURE TO REQUEST A RIDE-ALONG

Generally, ride-along requests will be scheduled by the Patrol Sergeant. The participant will complete and sign a ride-along waiver form. Information requested will include a valid driver's license, address and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the ride-along form.

405.2.1 PROGRAM REQUIREMENTS

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time. When practicable, ride-alongs who request multiple opportunities to participate in the ride-along program should be rotated among officers.

Ride-along participants may not carry firearms or any other type of weapon.

405.2.2 SUITABLE ATTIRE

Any person approved to ride-along is required to be suitably dressed. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. The Shift Supervisor may refuse a ride-along to anyone not properly dressed.

405.2.3 PEACE OFFICER RIDE-ALONGS

Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the express consent of the Shift Supervisor. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and

Mequon Police Department

Policy Manual

Policy Manual

shall not represent him/herself as a peace officer or participate in any law enforcement activity except as emergency circumstances may require.

405.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK

All ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Wisconsin Department of Justice (WisDOJ) Criminal History System check prior to approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Mequon Police Department).

405.3 OFFICER'S RESPONSIBILITIES

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times.

Officers should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit. If practicable, the participant should be let out of the vehicle in a safe, well-lighted place. The dispatcher will be advised of the situation and as soon as practicable have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride or is otherwise inappropriate should be immediately reported to the Shift Supervisor.

The Patrol Sergeant is responsible for maintaining and scheduling ride-alongs. Upon completion of the ride-along, a copy of the ride-along waiver form shall be returned to the Patrol Sergeant.

405.4 CONTROL OF RIDE-ALONG

The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit participation. These instructions should include the following:

- (a) The ride-along will follow the directions of the officer.
- (b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects or handling any police equipment.
- (c) The ride-along may terminate the ride at any time and the officer may return the observer to his/her home, the place of the ride origin or to the station if the ride-along interferes with the performance of the officer's duties.
- (d) Ride-alongs may be allowed to continue riding during the transportation and booking process, provided this does not jeopardize their safety.
- (e) Officers will not allow any ride-alongs to be present in any residence or situation that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other person.
- (f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer without the consent of the resident or other authorized person.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees as a result of their exposure. To comply with Wisconsin law, the following represents the policy of this department.

406.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous substance - Any substance or combination of substances including any waste of a solid, semisolid, liquid or gaseous form which may cause or significantly contribute to an increase in mortality or an increase in serious irreversible or incapacitating reversible illness or which may pose a substantial present or potential hazard to human health or the environment because of its quantity, concentration or physical, chemical or infectious characteristics. This term includes, but is not limited to, substances which are toxic, corrosive, flammable, irritants, strong sensitizers or explosives (Wis. Stat. § 299.01(6)).

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic crash, chemical spill or fire. When employees come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potential hazardous material from a safe distance.
- (b) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (c) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form which is readily inhaled.
- (d) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:
 1. Placards and use of the Emergency Response Guidebook.
 2. Driver's statements or shipping documents from the person transporting the material.

Policy Manual

Policy Manual

Hazardous Material Response

3. Information obtained from any involved person with knowledge regarding the hazardous material.
- (e) Obtain information from any involved party who has knowledge regarding the hazardous material. Information should include:
 1. The identity of the material.
 2. How to secure and contain the material.
 3. Any other information to protect the safety of those present, the community and the environment.
 - (f) Notify the appropriate fire department. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
 - (g) Provide first aid to injured parties if it can be done safely and without contamination.
 - (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
 - (i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
 - (j) Establish a decontamination area when needed.
 - (k) Contact the 24-hour Wisconsin Emergency Operations Center at 800-943-0003 to request assistance.
 - (l) If available, activate reverse 9-1-1 calling to the affected area.

406.3 REPORTING EXPOSURE

Department personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in a matter of, which shall be forwarded via chain of command to the Division Commander as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

Mequon Police Department

Policy Manual

Policy Manual

Hazardous Material Response

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the appropriate fire department.

406.4 HAZARDOUS MATERIALS TRAINING

Employees should receive periodic training regarding hazardous material awareness and how to handle a hazardous material incident.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

407.2 POLICY

It is the policy of the Mequon Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

Department members responding to a hostage situation or barricade situation may order a telecommunications utility to interrupt or reroute telecommunications service to or from the suspected person for the duration of the situation to prevent the person from communicating with anyone other than an authorized person.

Mequon Police Department

Policy Manual

Policy Manual

Hostage and Barricade Incidents

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Shift Supervisor.
- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Shift Supervisor.
- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

Hostage and Barricade Incidents

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a SRT response if appropriate and apprising the SRT Commander of the circumstances. In addition, the following options, listed here in no particular order, should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
- (b) Ensure the completion of necessary first responder responsibilities or assignments.
- (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- (d) Establish a command post location as resources and circumstances permit.
- (e) Designate assistants who can help with intelligence information and documentation of the incident.
- (f) If it is practicable to do so, arrange for video documentation of the operation.
- (g) Consider contacting utility and communication providers when restricting such services (e.g., restricting electric power, gas, telephone service).
- (h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Dispatch Center.
- (i) Identify a media staging area outside the outer perimeter and have the department Shift Supervisor or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

It will be the Incident Commander's decision, with input from the SRT Commander, whether to deploy the SRT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SRT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SRT. The Incident Commander and the SRT Commander or the authorized designee shall maintain communications at all times.

407.6.1 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Mequon Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Mequon Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Shift Supervisor is immediately advised and informed of the details. This will enable the Shift Supervisor to ensure that the appropriate personnel are dispatched and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 MEQUON POLICE DEPARTMENT FACILITY

If the bomb threat is against the Mequon Police Department facility, the Shift Supervisor will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Mequon Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Shift Supervisor deems appropriate.

Mequon Police Department

Policy Manual

Policy Manual

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Mequon, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting police assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Shift Supervisor is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Shift Supervisor should be notified when police assistance is requested. The Shift Supervisor will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Shift Supervisor determine that the Department will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

Mequon Police Department

Policy Manual

Policy Manual

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Shift Supervisor including:
 - 1. The time of discovery.

Mequon Police Department

Policy Manual

Policy Manual

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

408.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Shift Supervisor
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Wisconsin Emergency Management (WEM) for regional and/or county Hazardous Material Response Teams
- Other government agencies, as appropriate

Policy Manual

Policy Manual

Response to Bomb Calls

408.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Shift Supervisor should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Emergency Detentions

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may place a person in under emergency detention (Wis. Stat. § 51.15).

409.2 POLICY

It is the policy of the Mequon Police Department to protect the public and individuals through legal and appropriate use of the emergency detention process.

409.3 AUTHORITY

An officer may initiate an emergency detention when the officer has reasonable cause to believe that a person is mentally ill, drug dependent or developmentally disabled and such person presents a substantial probability of physical harm to him/herself or others as evidenced by recent overt acts or omissions, attempts or threats. The person shall be transported to an approved detention facility, but only when taking the person into custody is the least restrictive alternative appropriate to the person's needs (Wis. Stat. § 51.15).

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for emergency detention, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- (a) Contact the Crisis Center to determine if the incident meets their criteria for a voluntary evaluation or an emergency detention.
- (b) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to emergency detention.
- (c) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the emergency detention, if appropriate.
- (d) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for an emergency detention should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Available community or other resources available to assist in dealing with mental health issues.

Mequon Police Department

Policy Manual

Policy Manual

Emergency Detentions

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Emergency detentions should be preferred over arrest for individuals with mental health issues, who are suspected of committing minor crimes or creating other public safety issues.

409.5 MEDICAL CLEARANCE

An individual taken into custody for an emergency detention may require medical clearance. The transporting officer should transport the individual to the appropriate medical facility where he/she will be seen by a medical professional. A copy of any medical clearance paperwork should be provided to the facility that the individual will receive treatment for his/her mental health condition.

409.6 TRANSPORTATION

When transporting any individual for an emergency detention, the transporting officer should have the Dispatch Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Shift Supervisor approval is required before transport commences.

409.7 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking voluntarily treatment, the officer should provide the staff member with the written application for emergency detention and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints

409.8 DOCUMENTATION

The officer shall complete a petition for examination, provide it to the facility staff member assigned to that patient and retain a copy of the petition for inclusion in the case report.

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.8.1 PROBABLE CAUSE STATEMENT

The petition shall include the circumstances under which the individual's condition was called to the attention of the officer. statement of a person other than the officer, this detail shall be included along with the person's identifying information (Wis. Stat. § 51.15(4); Wis. Stat. § 51.15(5)).

409.9 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on an emergency detention should resolve the criminal matter by issuing a warning, a citation or request for prosecution by the District Attorney's Office, as appropriate.

When an individual who may qualify for an emergency detention has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the emergency detention.
- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for an emergency detention.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of the Department to regain custody of the individual, department resources (posting a guard) and other relevant factors in making this decision.

409.10 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for an emergency detention, the handling officer should seek to determine if the person owns or has access to any firearm or other deadly weapon. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling officer should further advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody.

409.11 TRAINING

This department will endeavor to provide department-approved training on interaction with mentally disabled persons, emergency detentions and crisis intervention.

The department shall designate at least one officer to attend any in-service training on emergency detention and emergency protective placement procedures that is offered by the county department of community programs (Wis. Stat. § 51.15(11m)).

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist officers in situations that call for rapid response and deployment.

412.2 POLICY

The Mequon Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those who are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

412.4 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent, or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat, or wait for additional resources.

If a suspect is actively engaged in the infliction of great bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action, officers should consider:

Mequon Police Department

Policy Manual

Policy Manual

Rapid Response and Deployment

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advancement or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the officers have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices, and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded or trapped suspect with no hostages and no immediate threat to others, officers should consider covering escape routes and evacuating persons as appropriate, while summoning and waiting for additional assistance (e.g., special tactics and/or hostage negotiation team response).

412.5 PLANNING

The Operations Division Commander should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment venues and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Evacuation routes in critical incident target sites.
- (f) Patrol first-response training.
- (g) Response coordination and resources of emergency medical and fire services.
- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

412.6 TRAINING

The Administrative Captain should include rapid response to critical incidents in the training plan. This training should address:

Mequon Police Department

Policy Manual

Policy Manual

Rapid Response and Deployment

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle,, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

413.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Mequon Police Department relating to immigration and interacting with federal immigration officials.

413.2 POLICY

It is the policy of the Mequon Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

413.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Wisconsin constitutions.

413.4 DETENTIONS

An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the officer may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

An officer should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

Mequon Police Department

Policy Manual

Policy Manual

Immigration Violations

413.4.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has detained a person and established probable cause to believe the person has violated a criminal immigration offense, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Lawfully arrest the person for a criminal offense or pursuant to a judicial warrant (see the Law Enforcement Authority Policy).

413.5 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT

Generally, an officer should not notify federal immigration officials when booking arrestees at a jail facility. Any required notification will be handled according to jail operation procedures. No individual who is otherwise ready to be released should continue to be detained solely for the purpose of notification.

413.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts.

413.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in department records
- (c) Exchanging such information with any other federal, state, or local government entity

413.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 unless the person has been charged with a federal crime or the detainer is accompanied by a warrant, affidavit of probable cause, or removal order. Notification to the federal authority issuing the detainer should be made prior to the release.

413.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Mequon Police Department

Policy Manual

Policy Manual

Immigration Violations

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Operations Captain assigned to oversee the handling of any related case. The Operations Captain should:

- (a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
- (b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
- (c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 - (a) The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
- (d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

413.9 TRAINING

The Administrative Captain should ensure officers receive training on this policy.

Training should include:

- (a) Identifying civil versus criminal immigration violations. (See Below)
CIVIL VS. CRIMINAL FEDERAL IMMIGRATION OFFENSES
An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, an alien who initially made a legal entry into the United States but remains beyond what is a legal period of time has committed a federal civil offense.
Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or Wisconsin Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion and include factors weighing for and against reasonable suspicion.
- (b) Factors that may be considered in determining whether a criminal immigration offense has been committed. (See Below)
Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:
 - 1. An admission that the person entered the United States illegally.
 - 2. Reason to suspect that the person possesses immigration documentation that is forged, altered or otherwise indicative that the person is not legally present in the United States.

Mequon Police Department

Policy Manual

Policy Manual

Immigration Violations

3. While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.
4. Other factors based upon training and experience.

Emergency Utility Service

414.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours a day, seven days a week. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

414.1.1 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or Public Works should be promptly notified, as appropriate.

414.1.2 RESERVOIRS, PUMPS AND WELLS

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

414.1.3 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by the Dispatch Center.

414.2 TRAFFIC SIGNAL MAINTENANCE

The City of Mequon contracts with a private company to furnish maintenance for all traffic signals within the City, other than those maintained by the Wisconsin Department of Transportation (WisDOT).

414.2.1 OFFICER'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the officer will advise the Dispatch Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Operations Plan and Hazardous Material Response policies.

416.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

416.2 POLICY

It is the policy of the Mequon Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

416.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

416.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Mequon Police Department

Policy Manual

Policy Manual

Aircraft Accidents

416.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

416.6 CONTROLLING ACCESS AND SCENE AUTHORITY

- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

416.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

At a minimum, the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of MUPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

416.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.

- (c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- (d) The names of all persons reporting the accident, even if not yet interviewed.
- (e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

416.9 MEDIA RELATIONS

The Shift Supervisor (Shift Supervisor) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Air Support

417.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

417.2 REQUEST FOR AIR SUPPORT

If a supervisor or officer in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made.

417.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Shift Supervisor or the authorized designee will call the closest agency having air support available. The Shift Supervisor will apprise that agency of the specific details of the incident prompting the request.

417.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft may reduce such hazard
- (c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When an aircraft is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits
- (f) Pre-planned events or actions that require air support
- (g) When the Shift Supervisor or equivalent authority determines a reasonable need exists

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will rarely replace the need for officers on the ground.

Contacts and Temporary Detentions

418.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

418.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions (Wis. Stat. § 968.24).

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - This is a limited type of search, often referred to as a "frisk", used by officers in the field when an officer has a reasonable suspicion that an individual may be in possession of a weapon or other potentially dangerous item. Unlike a full search, a frisk is generally limited to a patting down of the outer clothing or the area immediately accessible to the individual to check for the possible presence of a potential weapon or dangerous items that could pose a danger to the an officer, the detainee, or others (Wis. Stat. § 968.25).

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity (Wis. Stat. § 968.24).

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is being required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement (Wis. Stat. § 968.24).

418.2 POLICY

The Mequon Police Department respects the rights of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall

Mequon Police Department

Policy Manual

Policy Manual

Contacts and Temporary Detentions

be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

418.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contacts with consenting individuals is encouraged by the Mequon Police Department to strengthen community involvement, community awareness, and problem identification.

418.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggests he/she is carrying a weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the officer.

418.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single officer.
- (c) The hour of the day and the location or area where the stop takes place.

Mequon Police Department

Policy Manual

Policy Manual

Contacts and Temporary Detentions

- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications that suggest the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

418.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

418.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent.

418.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

418.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Supervisor with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in compliance with the organization's records retention schedule.

418.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Mequon Police Department

Policy Manual

Policy Manual

Contacts and Temporary Detentions

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

418.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available personnel for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to the witness's departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

419.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Mequon Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

419.2 POLICY

The Mequon Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

419.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

The sworn personal designated by the Chief of Police will be responsible for maintaining each criminal intelligence system that has been approved for department use. The sworn personal or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

419.3.1 SYSTEM ENTRIES

It is the designated sworn personal's responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance

Mequon Police Department

Policy Manual

Policy Manual

Criminal Organizations

with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated sworn personal should ensure that any documents retained by the Records Section are appropriately marked as intelligence information.

419.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section.

419.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

419.7 VICE, DRUGS, AND ORGANIZED CRIME

Officers receiving viable information about drugs, vice, or organized crime while on patrol, on a call for service, or while conducting any other activity will obtain as much detailed information as possible. Depending on the circumstances, officers may act on the information or forward the information onto the MEG Unit or MUPD Officer assigned to the DEA.

The need for specialization in certain investigations is recognized. Should patrol officers encounter matters beyond their expertise, or if investigations that involve drugs, vice, or organized crime are going to be extended in duration, the shift commander should be notified to make additional arrangements.

Shift Supervisors

420.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with department policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

420.2 DESIGNATION AS ACTING SHIFT SUPERVISOR

When a Sergeant is unavailable for duty as Shift Supervisor, in most instances the qualified officer shall be designated as acting Shift Supervisor. This policy does not preclude designating a less senior officer as an acting Shift Supervisor when operational needs require or training permits.

Mobile Audio Video

421.1 PURPOSE AND SCOPE

The Mequon Police Department has equipped marked patrol cars with Mobile Audio Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

421.1.1 DEFINITIONS

Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

421.2 POLICY

It is the policy of the Mequon Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

421.3 OFFICER RESPONSIBILITIES

At the start of each shift, officers should test the MAV system's operation in accordance with manufacturer specifications and department operating procedures and training.

System documentation is accomplished by the officer recording his/her name, at the start of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

421.4 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated. It is still incumbent on the officer to verify the system is recording properly. The system remains on until it is turned off manually. The audio portion is captured by the body camera. Internal squad audio is activated with the MAV is in operation.

Mequon Police Department

Policy Manual

Policy Manual

Mobile Audio Video

421.4.1 REQUIRED ACTIVATION OF THE MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. The MAV system should be activated in any of the following situations:

- (a) All field contacts involving actual or potential criminal conduct within video or audio range:
 - 1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
 - 2. Priority responses
 - 3. Vehicle pursuits
 - 4. Suspicious vehicles
 - 5. Arrests
 - 6. Vehicle searches
 - 7. Physical or verbal confrontations or use of force
 - 8. Pedestrian checks
 - 9. OWI investigations including field sobriety tests
 - 10. Consensual encounters
 - 11. Crimes in progress/Potential Crimes in Progress (e.g., Alarm Response)
 - 12. Responding to an in-progress call
- (b) All self-initiated activity in which an officer would normally notify the Dispatch Center
- (c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
 - 1. Domestic abuse calls
 - 2. Disturbance of peace calls
 - 3. Offenses involving violence or weapons
- (d) Any other contact that becomes adversarial after the initial contact, in a situation that would not otherwise require recording.
- (e) Any other circumstance where the officer believes that a recording of an incident would be appropriate.
- (f) While conducting self-initiated activity that would not otherwise require a recording, eg. business check, the MAV does not have to be activated.

Mequon Police Department

Policy Manual

Policy Manual

Mobile Audio Video

421.4.2 CESSATION OF RECORDING

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck to arrive or in other similar situations.

421.4.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

421.4.4 SUPERVISOR RESPONSIBILITIES

Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of the Dispatch Center.

On reasonable intervals, supervisors should validate that:

- (a) Logs reflect the proper chain of custody, including:
 1. The tracking number of the MAV system media.
 2. The date it was issued.
 3. The law enforcement operator or the vehicle to which it was issued.
 4. The date submitted.
 5. Law enforcement operators submitting the media.
 6. Holds for evidence indication and tagging as required.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, peace officer-involved shootings, department-involved crashes), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator removes the recorded media. The technician or investigator should ensure the media is recovered and retained appropriately, often as evidence. Copies may be distributed to investigators as appropriate to the investigation.

If the system is equipped, supervisors may activate the MAV system remotely to monitor a developing situation, such as a chase, riot or an event that may threaten public safety, officer safety or both, when the purpose is to obtain tactical information to assist in managing the event. Supervisors shall not remotely activate the MAV system for the purpose of surveillance regarding the conversations or actions of an officer.

421.5 REVIEW OF MAV RECORDINGS

All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the agency MAV technician or media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:

- (a) For use when preparing reports or statements
- (b) By a supervisor investigating a specific act of officer conduct
- (c) By a supervisor to assess officer performance
- (d) To assess proper functioning of MAV systems
- (e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
- (f) By department personnel who request to review recordings
- (g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
- (h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
- (i) By the media through proper process or with permission of the Chief of Police or the authorized designee
- (j) To assess possible training value
- (k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

421.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the officer's copy of the citation indicating that the incident was recorded.

421.7 RECORDING MEDIA STORAGE AND INTEGRITY

All recording media that is not booked as evidence will be retained for a minimum of 120 days and disposed of in compliance with the established records retention schedule.

Mequon Police Department

Policy Manual

Policy Manual

Mobile Audio Video

421.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed into evidence.

421.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Mequon Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved and placed into evidence.

421.8 SYSTEM OPERATIONAL STANDARDS

- (a) MAV system vehicle installations should be based on officer safety requirements and vehicle and device manufacturer recommendations.
- (b) The MAV system should be configured to minimally record for 30 seconds, prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.
- (e) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings.
- (f) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

421.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secured location with authorized controlled access.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:

Mequon Police Department

Policy Manual

Policy Manual

Mobile Audio Video

1. Maintaining a record of issued media.
 - (e) Ensuring that an adequate supply of recording media is available.

421.10 TRAINING

All members who are authorized to use the MAV system shall receive instruction prior to its use.

Mobile Data Browser Use

422.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Browser (MDB) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Dispatch Center.

422.2 POLICY

Mequon Police Department members using the MDB shall comply with all appropriate federal and state rules and regulations and shall use the MDB in a professional manner, in accordance with this policy.

422.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

422.4 RESTRICTED ACCESS AND USE

MDB use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDB system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDB by another member to their supervisors or Shift Supervisors.

Use of the MDB system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDB system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDB system unless directed to do so by a supervisor. Members are required to log off the MDB or secure the MDB when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

422.4.1 USE WHILE DRIVING

Use of the MDB by the vehicle operator should only be done while operating a squad safely and with due regard. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Mequon Police Department

Policy Manual

Policy Manual

Mobile Data Browser Use

In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

422.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Supervisor or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDB unless security or confidentiality prevents such broadcasting.

MDB and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDB.

422.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDB system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDB when the vehicle is not in motion.

422.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Shift Supervisor are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

422.6 EQUIPMENT CONSIDERATIONS

422.6.1 MALFUNCTIONING MDB

Whenever possible, members will not use vehicles with malfunctioning MDBs. Whenever members must drive a vehicle in which the MDB is not working, they shall notify the Dispatch Center. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.

Mequon Police Department

Mobile Data Browser Use

422.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDBs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDB could cause some devices to detonate.

Portable Audio/Video Recorders

423.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems, whether body-worn, hand-held, or integrated into portable equipment (Wis. Stat. § 165.87).

This policy does not apply to mobile audio/video recordings, interviews, or interrogations conducted at any Mequon Police Department facility, authorized undercover operations, wiretaps, or eavesdropping (concealed listening devices).

423.2 POLICY

The Mequon Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

423.3 COORDINATOR

The Chief of Police or the authorized designee should designate a coordinator responsible for (Wis. Stat. § 165.87):

- (a) Establishing procedures for the security, storage, and maintenance of data and recordings.
- (b) Establishing procedures for accessing data and recordings.
- (c) Establishing procedures for logging or auditing access.
- (d) Establishing procedures for transferring, downloading, tagging, or marking events.
- (e) Coordinating with the Administrative Captain to provide training on this policy to:
 1. Officers who are authorized to use portable audio/video recorders.
 2. Members of the Department who use, maintain, store, or are responsible for the release of records and recordings.
- (f) Periodically reviewing the Department's practices relating to the use, maintenance, and storage of body cameras and data to confirm compliance with this policy.
- (g) Ensuring this policy is available to the public on the Department's website.

423.4 MEMBER PRIVACY EXPECTATION

All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity of this department regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

Mequon Police Department

Portable Audio/Video Recorders

423.5 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder issued by the Department, and that the recorder is in good working order. If the recorder is not in working order or the member becomes aware of a malfunction at any time, the member shall promptly report the failure to his/her supervisor and obtain a functioning device as soon as reasonably practicable. Uniformed members should wear the recorder in a conspicuous manner or otherwise notify persons that they are being recorded, whenever reasonably practicable.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful. Unless conducting a lawful recording in an authorized undercover capacity, non-uniformed members should wear the recorder in a conspicuous manner when in use or otherwise notify persons that they are being recorded, whenever reasonably practicable.

It is understood that any member acting currently as a field training officer may not have access to a portable recorder.

When using a portable recorder, the assigned member shall record his/her name, MUPD identification number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

Members should document the existence of a recording in any report or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. Members should include the reason for deactivation.

423.6 ACTIVATION OF THE AUDIO/VIDEO RECORDER

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident. The school liaison officer, while inside the schools, may activate the portable recorder at his/her discretion.

The portable recorder should be activated in any of the following situations:

- (a) All enforcement and investigative contacts including stops and field interview (FI) situations
- (b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
- (c) Self-initiated activity in which a member would normally notify the Dispatch Center
- (d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Portable Audio/Video Recorders

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

423.6.1 CESSATION OF RECORDING

Once activated, the portable recorder should remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity. The following are examples:

- (a) Report writing
- (b) while in a medical facility, waiting for a person in custody to be medically cleared; however, the portable device should be re-activated if/when the need for contact with the person again arises.
- (c) Other extended breaks from direct participation in the incident or contact with involved persons.
- (d) While conferring with other officers/supervisors regarding strategies or tactics of a call.
- (e) Where an informant or citizen requests the recording device be turned off before providing information.
- (f) In areas where recording is already occurring with the department's in house camera recording system.

423.6.2 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Wisconsin law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (Wis. Stat. § 968.31(2)(b)).

Members may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation.

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

423.6.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

423.7 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Shift Supervisor. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

423.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS

To assist with identifying and preserving data and recordings, members should download, tag or mark these in accordance with procedure and document the existence of the recording in any related case report.

Once the event has concluded and the recording has been stopped and uploaded, the officer shall classify the event appropriately, using the software event descriptors. Additional information and the complaint number should also be added.

A member should transfer, tag or mark recordings when the member reasonably believes:

- (a) The recording contains evidence relevant to potential criminal, civil or administrative matters.
- (b) A complainant, victim or witness has requested non-disclosure.
- (c) A complainant, victim or witness has not requested non-disclosure but the disclosure of the recording may endanger the person.
- (d) Disclosure may be an unreasonable violation of someone's privacy.
- (e) Medical or mental health information is contained.
- (f) Disclosure may compromise an undercover officer or confidential informant.
- (g) The recording or portions of the recording may be protected under the Public Records Law (Wis. Stat. § 19.31 et seq.).

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

423.9 RETENTION OF RECORDINGS

All recordings shall be retained for a period consistent with the requirements of the established records retention schedule but in no event for a period less than 120 days (Wis. Stat. § 165.87).

423.9.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

423.9.2 EXCEPTIONS TO RETENTION REQUIREMENTS FOR BODY-WORN CAMERAS

Exceptions to the 120-day retention period for body-worn cameras are as follows (Wis. Stat. § 165.87):

- (a) Recordings should be retained until the final disposition of any investigation, case, or complaint to which the recordings pertain to any of the following:
 - 1. Death or actual or alleged physical injury to any person in the recording
 - 2. An encounter resulting in custodial arrest
 - 3. A search during a temporary detention pursuant to Wis. Stat. § 968.25
 - 4. An encounter resulting in the use of force except when the only use of force involves the use of a firearm to euthanize an injured wild animal
- (b) Recordings used in any criminal, civil, or administrative proceeding may not be destroyed except upon a final disposition from the court or hearing officer after a determination the recordings are no longer needed, or by an order from the court or hearing officer.
- (c) Recordings may be retained for a period beyond 120 days if a request or directive to preserve the recordings is made before the expiration of that time period by an officer from this department or another law enforcement agency, member of a board of fire and police commission, prosecutor, defendant, or a court.

423.10 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

While recordings obtained from portable recorders provide an objective record of these events, it is understood that portable recorder recordings (or video from any other recording device) do not necessarily reflect the experience or state of mind of the individual member in a given incident. Moreover, video cameras have limitations and recordings may depict events differently than the events recalled by the involved member. Specifically, it is understood the portable recorder may capture information that may not have been heard and/or observed by the involved member and may not capture information observed by the member.

Mequon Police Department

Policy Manual

Policy Manual

Portable Audio/Video Recorders

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct, or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Supervisors will randomly review portable recorder recordings to ensure that the equipment is operating properly and that officers are using the devices appropriately and in accordance with policy and to identify any areas in which additional training or guidance is required.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Chief of Police or the authorized designee.
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court (Wis. Stat. § 165.87(3)).

Public Recording of Law Enforcement Activity

424.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

424.2 POLICY

The Mequon Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

424.3 RECORDING OF LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the officers.
 - 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the officers, him/herself or others.

424.4 OFFICERS RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Mequon Police Department

Policy Manual

Policy Manual

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

424.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

424.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Bicycle Patrol Unit

425.1 PURPOSE AND SCOPE

The Mequon Police Department has established the Bicycle Patrol Unit for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas. A bicycle's quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

425.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control or special events. The use of the patrol bicycle will emphasize officer's mobility and visibility in the community.

Bicycles may be deployed to any area at all hours of the day or night, according to department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Shift Sergeant.

425.3 SELECTION OF PERSONNEL

Interested sworn personnel, who are off probation, may be assigned to the bike patrol unit following consultation with their respective supervisor. Sergeants will use the following criteria to determine applicability of officers for bike patrol.

- (a) Recognized competence and ability as evidenced by performance
- (b) Special skills or training as they pertain to the assignment
- (c) Good physical condition
- (d) Willingness to perform duties using the bicycle as a mode of transportation

425.4 TRAINING

Participants in the program must complete initial department-approved bicycle-training after acceptance into the program. Thereafter, bicycle patrol officers should attend training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies
- Bicycle safety and accident prevention
- Operational tactics using bicycles

425.5 UNIFORMS AND EQUIPMENT

Bicycle officers shall wear the department-approved uniform and safety equipment while operating the police bicycle. Safety equipment includes department-approved helmet, riding gloves, protective eyewear and approved footwear.

Mequon Police Department

Policy Manual

Policy Manual

Bicycle Patrol Unit

The bicycle uniform consists of the standard short sleeve uniform shirt or other department-approved shirt with department badge and patches, and department-approved bicycle patrol pants or shorts.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

425.6 CARE AND USE OF PATROL BICYCLES

- (a) Officers will be assigned a specially marked and equipped patrol bicycle and attached gear bag.
- (b) Bicycles utilized for uniformed bicycle patrol shall be primarily black or white with a "Police" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors, front and rear lamps and a siren/horn. Lamps and reflectors must meet legal requirements.
- (c) Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack for attached gear bags and/or saddle bags sufficient to carry the necessary equipment.
- (d) Each bicycle gear bag shall include a first-aid kit and security lock with chain/cable. These items are to remain with/on the bicycle at all times.
- (e) Each bicycle may be equipped with a steady or flashing blue warning light that is visible from the front, sides or rear of the bicycle. This lighting may be used at the officer's discretion.
- (f) Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to ensure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).
- (g) If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed via PLANIT and forwarded to the Administrative Sergeant for repair by an approved technician.
- (h) At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.
- (i) Officers shall not modify the patrol bicycle, remove, modify or add components except with the express approval of a supervisor or in the event of an emergency.
- (j) Should the officer need to transport the patrol bicycle, the bicycle will be transported in a secure and safe manner.
- (k) Bicycles shall be properly secured when not in the officer's immediate presence.

425.7 OFFICER RESPONSIBILITIES

Officers must operate the bicycle in compliance with Wisconsin law under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment. During any operation of a bicycle, the exemptions granted to an officer when operating an authorized

emergency vehicle do not provide relief from the duty to drive or ride with due regard for the safety of all persons nor do they provide protection from the consequences of reckless disregard for the safety of others (Wis. Stat. § 346.03(5)).

Officers are exempt from the rules of the road under the following conditions (Wis. Stat. § 346.03(3)):

- (a) In response to an emergency call
- (b) While engaged in rescue operations
- (c) In the immediate pursuit of an actual or suspected violator of the law

Foot Pursuits

426.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

426.2 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

426.3 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual that the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to

Mequon Police Department

Policy Manual

Policy Manual

Foot Pursuits

immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

426.4 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory.
- (b) The officer is acting alone.
- (c) Two or more officers become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The officer is unsure of his/her location and direction of travel.
- (e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- (g) The officer loses radio contact with the Dispatch Center or with assisting or backup officers.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- (j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- (k) The officer loses possession of his/her firearm or other essential equipment.
- (l) The officer or a third party is injured during the foot pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- (o) The officer's ability to safely continue the foot pursuit is impaired by inclement weather, darkness or other environmental conditions.

Foot Pursuits

426.5 RESPONSIBILITIES IN FOOT PURSUITS

426.5.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit and containment. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the Dispatch Center of his/her location and the status of the foot pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

426.5.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

426.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

Mequon Police Department

Policy Manual

Policy Manual

Foot Pursuits

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor should promptly proceed to the termination point to direct the post-foot pursuit activity.

426.5.4 THE DISPATCH CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the Dispatch Center is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Notifying and coordinating with other involved or affected agencies as practicable.
- (e) Notifying the Shift Supervisor as soon as practicable.
- (f) Assigning an incident number and logging all pursuit activities.

426.6 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at a minimum:

- (a) Date and time of the foot pursuit.
- (b) Initial reason and circumstances surrounding the foot pursuit.
- (c) Course and approximate distance of the foot pursuit.
- (d) Alleged offenses.
- (e) Involved vehicles and officers.
- (f) Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (g) Arrestee information, if applicable.
- (h) Any injuries and/or medical treatment.
- (i) Any property or equipment damage.
- (j) Name of the supervisor at the scene or who handled the incident.
- (k) A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

Automated License Plate Readers (ALPR)

427.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Mequon Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

427.2 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any patrol operation or official department investigation. Reasonable suspicion or probable cause is not necessary before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) If practicable, the officer should verify an ALPR response through the Transaction Information for the Management of Enforcement (TIME) system or National Law Enforcement Telecommunications System (NLETS) before taking enforcement action that is based solely upon an ALPR alert.
- (f) No ALPR operator may access TIME or NLETS data unless otherwise authorized to do so.
- (g) No Illinois ALPR data shall be used for the purposes of investigating or enforcing a law that is interfering with a person obtaining reproductive health services or other health services, or related to a person's immigration status.

427.3 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by an ALPR are for the official use of the Mequon Police Department and because such data may contain confidential TIME information, it is not open to public review. ALPR information is retained by the Wisconsin ALPR Association or Flock Safety, this data may be used and shared with prosecutors or others only as permitted by law.

Automated License Plate Readers (ALPR)

427.4 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Mequon Police Department will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the records section and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.

427.5 FLOCK RESPONSE PLAN AND REQUIREMENTS

When a FLOCK alert is received Mequon Police Department Officers should make the following announcement:

Officer: "Mequon Squads, FLOCK alert at _____ (FLOCK location) for a _____ (Alert type). Vehicle plate is _____ (give plate number) and the vehicle pictured is _____ (describe vehicle). Vehicle was _____ (give N/S/E/W direction) on _____ (give roadway location)."

The area Officer or available officer should request Ozaukee Dispatch to create an AOA (Assist Other Agency) call type with a Received source code of A-Alarm Panel. Changing the source code would allow the department to track the incidents generated by a Flock alert without reading through a list of calls since the CFS code will change if a vehicle is located. The first note entered in the call should be the title of the alert, e.g., Flock Alert – Stolen Vehicle with license plate number. This can be pasted directly from the flock email. "Flock Alert WI 444XFH – Stolen Vehicle". The vehicle should also be entered into the vehicle module prior to the disposition of the call. The CAD disposition code should be; Unable to Locate, Arrested Adult or Juvenile, Unfounded or Incident Report depending on the circumstances. Finished is not appropriate.

The Mequon Police Department will observe the following regarding a Flock Alert or use of Flock Data:

- (a) Dispatch and Officers log into Flock Safety at the start of shift and log out after shift.
- (b) Mequon Officers shall, at minimum, set their alerts to monitor Mequon Flock Cameras and Concordia University Flock Cameras.
- (c) Before Any action is taken, verify all alerts by running the license plate through DOT/ CIB Files as Flock data can be as much as 8 hours old - check for special indicators or notations, if it was involved in a violent crime, or how stolen/one plate or two/etc.

Mequon Police Department

Policy Manual

Policy Manual

Automated License Plate Readers (ALPR)

- (d) Make sure the alert is clearly understood, not that the hit is an informational item or make your own case type of alert.
- (e) Officer response – two squads, if available, to acknowledge and respond to check the area
- (f) If located and if appropriate, a high-risk traffic stop will be conducted utilizing two officers (this can be increased if there are multiple occupants in the vehicle or if the alert includes a violent crime).
- (g) If at minimum staffing, the third officer should move to center and remain available to assist with calls or the alert vehicle stop if needed.
- (h) If shift staffing is four officers, coordinate a third officer to respond to assist. Depending on direction of travel, third officer should consider the safe use of stop sticks ahead of the stop location (to deploy if the vehicle flees).
- (i) Follow policy regarding vehicle pursuits but be attentive to violent crime notations on alert responses (as this may necessitate a different response, as authorized by a shift supervisor).
- (j) If multiple vehicles are alerted on at the same time and location, additional officers should be utilized or requested from surrounding jurisdictions (be attentive to the potential for a coordinated violent crime event).
- (k) Email Notifications received from Flock are the most concise and clear.
- (l) All Flock searches require a case/call number. You shall enter a case/call number for all searches. This can be a case/call number from another agency. Specify agency name in front of the number.
- (m) If you use Flock data from a search, you shall print out/scan the information to the "Attachments" tab in the Pro Phoenix call or case.
- (n) If you create or request a Hotlist on a vehicle, include your name, contact information, and reason for alert. These shall be included in the request.

Homeless Persons

428.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Mequon Police Department recognizes that members of the homeless community are often in need of special protection and services. The Mequon Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following policy when serving the homeless community.

428.1.1 POLICY

It is the policy of the Mequon Police Department to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

428.2 HOMELESS COMMUNITY INFORMATION

The Mequon Police Department will:

- (a) Make available to all department employees information of assistance programs and other resources that are available to the homeless.
- (b) As needed, meet with social services and representatives of other organizations that render assistance to the homeless.
- (c) Maintain information about areas within and near this jurisdiction that are used as frequent homeless encampments.
- (d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 1. Proper posting of notices of trespass and cleanup operations.
 2. Proper retention of property after cleanup, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.
- (e) Being present during any cleanup operation conducted by this department involving the removal of personal property of the homeless to ensure the rights of the homeless are not violated.
- (f) Developing training to assist officers in understanding current legal and social issues relating to the homeless.

428.3 FIELD CONTACTS

Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal

activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals, counseling and summons and release in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

428.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special consideration for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

428.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Mequon Police Department

Policy Manual

Policy Manual

Homeless Persons

Officers should not conduct or assist in cleanup operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor. When practicable, requests by the public for cleanup operations of a homeless encampment should be referred to the appropriate assistance program.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appear to belong to a homeless person should not remove or destroy such property and should inform the appropriate assistance program if such property appears to involve a trespass, is blight to the community or is the subject of a complaint.

428.5 MENTAL ILLNESSES AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention.

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance, as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

428.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

First Amendment Assemblies

429.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

429.2 POLICY

The Mequon Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

429.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering and disorderly conduct. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

First Amendment Assemblies

429.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

429.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Dispatch Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

429.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

429.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Mequon Police Department

Policy Manual

Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

429.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for the following:

- (a) Command assignments, chain of command structure, roles and responsibilities
- (b) Staffing and resource allocation
- (c) Management of criminal investigations
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields)
- (e) Deployment of specialized resources
- (f) Event communications and interoperability in a multijurisdictional event
- (g) Liaison with demonstration leaders and external agencies
- (h) Liaison with City government and legal staff
- (i) Media relations
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation
- (k) Traffic management plans
- (l) First aid and emergency medical service provider availability
- (m) Prisoner transport and detention
- (n) Review of policies regarding public assemblies and use of force in crowd control
- (o) Parameters for declaring an unlawful assembly
- (p) Arrest protocol, including management of mass arrests
- (q) Protocol for recording information flow and decisions
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force
- (s) Protocol for handling complaints during the event

429.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

429.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

429.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Electronic Control Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices should be considered only when the participants' conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage. Any use of electronic control devices must conform to the Electronic Control Device Policy.

Mequon Police Department

Policy Manual

Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

429.8 ARRESTS

The Mequon Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of officers and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see Citation Releases Policy).

429.9 MEDIA RELATIONS

The Shift Supervisor should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

429.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

Policy Manual

Policy Manual

First Amendment Assemblies

429.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, the Dispatch Center records/tapes
- (g) Media accounts (print and broadcast media)

429.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

429.12 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Department should, when practicable, train with its external and mutual aid partners.

Civil Disputes

430.1 PURPOSE AND SCOPE

This policy provides members of the Mequon Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Abuse Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Wisconsin law.

430.2 POLICY

The Mequon Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

430.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

430.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Mequon Police Department

Policy Manual

Policy Manual

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

430.4.1 STANDBY REQUESTS

Officers responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

430.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

430.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Policy Manual

Policy Manual

430.6.1 CRIMINAL TRESPASS TO DWELLINGS

When an officer has probable cause to believe that the person has committed criminal trespass in a dwelling in violation of Wis. Stat. § 943.14 the officer should arrest and remove the violator (Wis. Stat. § 175.403). Considerations for determining whether probable cause exists include:

- (a) An identified owner or other person responsible for the dwelling identifies the person as a violator.
- (b) An identified owner or other person responsible for the dwelling has supplied the department with an affidavit or other documents identifying those persons permitted to be on the property and restricting access to others.
- (c) The person produces reasonable documentation (e.g., rental receipts, service, utility bills, postal or shipping deliveries) that identifies the person is lawfully in the dwelling.
- (d) A person familiar with the area or property is able to identify those with a history of access to the dwelling.
- (e) Statements made or observations that corroborate whether the person created or provoked a breach of the peace (e.g. a fear of bodily harm was created or the peace and sanctity of the home was otherwise disturbed or disrupted).

Suspicious Activity Reporting

431.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

431.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

431.2 POLICY

The Mequon Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

431.3 RESPONSIBILITIES

The Operations Captain and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Operations Captain include, but are not limited to:

- (a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.

Mequon Police Department

Policy Manual

Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

431.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any civilian member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

431.5 HANDLING INFORMATION

The Operations Commander or support services will forward copies of SARs, in a timely manner, to authorized designees.

Crisis Intervention Incidents

432.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

432.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

432.2 POLICY

The Mequon Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

432.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

Mequon Police Department

Policy Manual

Policy Manual

Crisis Intervention Incidents

432.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate staff member to collaborate with mental health professionals, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

432.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) Attempt to determine if weapons are present or available.
- (d) Take into account the person's mental and emotional state and potential inability to understand commands or the consequences of his/her action or inaction, as perceived by the officer.
- (e) Secure the scene and clear the immediate area as necessary.
- (f) Employ tactics to preserve the safety of all participants.
- (g) Determine the nature of any crime.
- (h) Request a supervisor, as warranted.
- (i) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (j) If circumstances reasonably permit, consider and employ alternatives to force.

432.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.

Mequon Police Department

Policy Manual

Policy Manual

Crisis Intervention Incidents

- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

432.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

432.8 SUPERVISOR RESPONSIBILITIES

A supervisor that responds to the scene of any interaction with a person in crisis should:

- (a) Attempt to secure appropriate and sufficient resources.
- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language..
- (e) Evaluate whether a critical incident stress management debriefing for involved members is warranted.

Crisis Intervention Incidents

432.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

432.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Emergency Detentions Policy.

432.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

432.11 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

Medical Aid and Response

433.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

433.2 POLICY

It is the policy of the Mequon Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

433.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Dispatch Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Dispatch Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should be aware there are certain conditions that require ambulance transport to a specific level trauma center. Any high-risk crash should be an ambulance transport to Level 1 or 2 Trauma Center, this should be determined by the rescue personnel on scene. Examples

Mequon Police Department

Policy Manual

Policy Manual

Medical Aid and Response

of high-risk crashes are partial or complete ejection from automobile, death in same passenger compartment, or any auto vs pedestrian/bicyclist thrown, run over, or with significant (>20mph) impact.

Members should not direct EMS personnel whether to transport the person for treatment.

433.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

433.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with an emergency detention in accordance with the Emergency Detentions Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

433.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

Medical Aid and Response

433.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Members should assist the EMS personnel to maintain a safe landing zone for the air ambulance.

433.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

433.8.1 AED USER RESPONSIBILITY

Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Administrative Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact the Dispatch Center as soon as possible and request response by EMS.

433.8.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

433.8.3 AED TRAINING AND MAINTENANCE

The Administrative Captain should ensure appropriate training is provided to members authorized to use an AED (Wis. Stat. § 256.15(8)).

The Administrative Captain or designee is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule.

433.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

A member may administer opioid overdose medication in accordance with protocol specified by the physician or ambulance service provider who prescribed the overdose medication for use by the member as long as the member has the knowledge and training necessary to safely administer the opioid overdose medication (Wis. Stat. § 256.40).

Prior to following the Naloxone protocol the officer should handcuff the subject and conduct a pat down before administering Naloxone.

433.9.3 OPIOID OVERDOSE MEDICATION TRAINING

The Administrative Captain should ensure training is provided to members authorized to administer opioid overdose medication.

433.10 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor's approval.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

433.11 FIRST AID TRAINING

Subject to available resources, the Administrative Captain should ensure officers receive periodic first aid training appropriate for their position.

Implementation of Speed Radar Signs for Speeding Concerns in Residential Areas

436.1 PURPOSE

This policy aims to address and alleviate concerns regarding speeding in residential areas by implementing the use of speed radar signs. These signs will serve as a proactive measure to promote safer driving habits, raise awareness about speed limits, and improve overall road safety for residents and pedestrians.

436.2 GOALS

The policy is designed to achieve the following objectives:

- Speed Awareness and Education, the first goal focuses on raising awareness and educating drivers about their speed and the importance of adhering to speed limits in residential areas. By installing speed radar signs, drivers should be more conscious of their speed, leading to a reduction in the number of speeding incidents.
- Speeding Deterrence, the second goal focuses on employing speed radar signs as a deterrent to discourage speeding in residential areas.
- Addressing complaints about speeding. This third goal is to assist with addressing the concerns brought forward to the Alder persons, the City or the Police Department.

436.3 PROCEDURES

- Respond to the requester, providing the anticipated deployment date.

436.3.3 PROCEDURE FOR DPW

- Requests should identify a location related to the requester's address and should not be used to intimidate, harass, or target specific drivers, neighborhoods, or locations.
- Grant placement for a minimum of 30 days, with possible extension up to 60 days if a speed sign is available and approved by the PD representative.
- Placement is dependent on weather conditions and generally not carried out from December 1 to March 31, unless weather conditions warrant placement.

436.4 CONCLUSION

The implementation of this policy may assist with reducing speeding incidents and complaints in residential areas, promote safer driving habits, and create a greater sense of security for residents and pedestrians. By raising awareness, deterring speeding, and utilizing data for informed decision-making, the City aims to create a culture of responsible driving that prioritizes the safety and well-being of our residential communities

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The goal of traffic law enforcement is to reduce traffic crashes and improve the safety and quality of life for the community through traffic law compliance. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on crash data, enforcement activity records, traffic volume, traffic conditions and other data. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in crash situations but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Mequon Police Department. Information provided by the Wisconsin Department of Transportation (WisDOT) is a valuable resource for traffic crash occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of traffic laws and address crash-causing violations during those periods and at those locations where the incidence of crashes is increased. As a matter of routine, all officers will take directed enforcement action on request, and random enforcement action when appropriate, against violators. All officers shall maintain high visibility while working general enforcement, especially at high-crash incidence locations.

Other factors to be considered for deployment are citizen requests, construction zones, school zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. Factors such as the violator's socio-economic status, political office or affiliation, race, sex, age, or any racial/bias-based profiling element are generally inappropriate factors to consider when making violation enforcement decisions. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Wis. Stat. § 349.025(2)). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of crashes:

Mequon Police Department

Policy Manual

Policy Manual

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings are a non-punitive option that may be considered by the member when circumstances warrant, such as when a minor violation was inadvertent.

500.3.2 TRAFFIC CITATIONS

Traffic citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers shall provide the following information at a minimum (Wis. Stat. § 345.27):

- (a) Explanation of the violation or charge (Wis. Stat. § 345.27):
 1. That certain convictions may result in revocation or suspension of the person's operating privileges, if the conviction will have that effect
 2. That demerit points may be assessed against the person's driving record for the offense
 3. The number of demerit points that is cause for revocation or suspension
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
- (d) The court contact information

500.3.3 TRAFFIC CITATION COURT JURISDICTION

An officer who issues a traffic citation shall ensure that the citation is properly directed to the court with jurisdiction in which the violation is alleged to have occurred (Wis. Stat. § 345.11(2); Wis. Stat. § 345.11(5)).

500.3.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses (Wis. Stat. § 345.22). These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular homicide
- (b) Operating a vehicle while under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances
- (e) Inability to positively identify the violator, the violator has no permanent address or ties to the community, or the violator is an out-of-state resident

500.3.5 UNIFORM ENFORCEMENT FOR SPECIFIED VIOLATIONS

 - i. Hazardous violations are those traffic law violations that affect the safe and orderly movement of vehicular or pedestrian traffic. These violations are typically

Mequon Police Department

Policy Manual

Policy Manual

caused by the unsafe actions of the operator and should typically result in the issuance of a municipal summons or documented warning. Officers shall take the totality of the circumstances into consideration as to whether he/she issues an ELCI or written traffic warning form. Speed violations are the most common type of violation in this category.

2. Other Non-Hazardous & Vehicle Equipment Violations:
 - i. These violations include but are not limited to equipment violations, parking violations, operator license violations, and registration violations. Officers shall use their discretion when investigating these types of violations of whether to issue an ELCI or written traffic warning form.
3. Operating After Revocation or Suspension:
 - i. The status of the operating privilege at the time of the stop will determine whether the charge is a civil forfeiture or criminal offense.
 - (a) For all violations where the driving status is suspended and it is a civil violation, a municipal citation should be issued unless there is a valid reason not to.
 - (b) If a violator's driving status is revoked as a result of an OWI related incident, the offense is a criminal violation and the criminal traffic citation shall be routed to Ozaukee Co DA's office for the next Criminal Traffic Crimes court date, citation should state "To Be Set". All other OAR violations are non-criminal and, after issuing a citation for such, the member shall release the violator from the scene if he/she has been properly identified and there is no other legal or investigative reason to detain or arrest the violator.
4. Public Carrier/Commercial Vehicle Violations:
 - i. Commercial motor vehicles and public carriers are subject to the same traffic enforcement procedures as other motor vehicles. Members shall take into consideration the location of the incident, traffic congestion, vehicle maneuverability, the cargo and size of the load, and the familiarity of the operator with the area.
5. Multiple Violations:
 - i. In the event of multiple citations being issued, municipal and traffic court dates will all be on the same day.
 - ii. If a criminal citation is issued, the court date listed will be "To Be Set" for the next Ozaukee County Courts Traffic Crimes date only for the criminal citation(s) and any municipal citation(s) will utilize the next municipal date.
6. Off-Road Vehicle Violations:
 - i. Off-road vehicles include all-terrain vehicles, snowmobiles, dirt and mini bikes, etc. Officers may enforce all applicable laws pertaining to the operation and registration of off-road vehicles and they may take appropriate enforcement action for violations committed by operators of off-road vehicles that are

Mequon Police Department

Policy Manual

observed and/or reported to them in accordance with state laws and city ordinances.

7. Newly Enacted Laws and/or Regulations:

- i. Officers shall take into consideration the enforcement of all newly enacted laws and/or regulations. Members shall use their discretion to determine if a citation is warranted based on the totality of the circumstances.

8. Violations resulting in Traffic Crashes:

- i. Officers shall investigate motor vehicle crashes in accordance with policy and procedure. During the course of their investigation, Officers may issue citation(s) for those violations that he/she observes or has reported to them. Officers shall consider the physical evidence available at the scene, the statements of witnesses, and the severity of the offense.

9. Pedestrian and Bicycle Violations:

- i. Officers shall be alert for pedestrian and bicycle violations and safety hazards. Discretion on the part of the officer shall determine the type of enforcement action to be taken depending on the totality of the circumstances and the severity of the violation.

500.3.6 SPECIAL CATEGORIES OF VIOLATORS

1. Non-Residents of the City of Mequon Jurisdiction:

- (a) No special considerations are required for traffic enforcement for individuals residing outside of MUPD's jurisdiction.

500.4 SUSPENDED OR REVOKED DRIVER LICENSE

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Wis. Stat. § 343.44.

500.5 HIGH-VISIBILITY VESTS

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, crash investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used anytime a plainclothes officer might benefit from being readily identified as an officer.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

Each high visibility vest should be stored in such a manner as to protect and maintain the vest in a serviceable condition. Before going into service, each employee shall ensure a serviceable high-visibility vest is accessible.

- (b) Officers shall use due regard and obey all traffic laws at all times during an escort.
- (c) The leading vehicle in the funeral procession or military convoy shall comply with stop signs and traffic control signals, but when the leading vehicle has proceeded across an intersection in accordance with such signal or after stopping as required by the stop sign, all vehicles in such procession may proceed without stopping, regardless of the sign or signal.

500.7 VEHICLE CONTACTS

Types of Contacts

Approach Contacts: Those contacts that do not appear to pose a higher than normal risk of danger to the officer. The officer feels relatively safe in approaching the vehicle to speak to the driver. Vehicle contacts for minor violations typically fall into this category.

Non-Approach Contacts: Those contacts in which the officer feels safe or comfortable approaching the vehicle, but instead chooses to take other action, such as directing the driver to step out of the vehicle and move to a different location for contact. Or the officer may choose to wait until backup has arrived before making contact.

High Risk Contacts: Those contacts in which the apparent level of danger is high enough to require extreme caution. These typically involve multiple officers, ordering a vehicle occupant out one at a time, and so on. A minimum of three (contact, cover, and arrest control officer) are recommended to conduct a high risk contact properly.

Vehicle contacts should conform to the prescribed Wisconsin LESB standards.

Remember the type of tactic used is based on the officer's threat assessment, which is a continuing activity throughout the contact.

500.8 SPECIAL CATEGORIES OF VIOLATORS

The Shift Supervisor is responsible for developing, maintaining, and reviewing detailed procedures for handling special categories of traffic violators including:

- (a) A non-resident violator should be handled consistent with any other traffic violator.
- (b) A juvenile violator may be issued a warning or citation for minor traffic offenses. Violations that subject a juvenile to temporary custody should be handled in accordance with the Temporary Custody of Juveniles Policy.

Traffic Function and Responsibility

- (c) Legislators are subject to traffic laws consistent with any other traffic violator.
- (d) A foreign diplomatic and consular representatives shall be handled in accordance with the Foreign Diplomatic and Consular Representatives Policy.
- (e) Military personnel who have committed a traffic violation should be handled consistent with any other traffic violator, with the exception of an expired driver's license due to active-duty status.

Traffic Crash Response and Reporting

501.1 PURPOSE AND SCOPE

The policy provides guidelines for responding to and investigating traffic crashes.

501.2 POLICY

It is the policy of the Mequon Police Department to respond to traffic crashes and render or summon aid to injured victims as needed. The Department will investigate and prepare reports according to the established minimum reporting requirements with the goal of reducing the occurrence of crashes by attempting to identify the cause of the crash and through enforcing applicable laws. Unless restricted by law, traffic crash reports will be made available to the public upon request (Wis. Stat. § 346.70(4)).

501.3 RESPONSE

Upon arriving at the scene, the responding member should assess the need for additional resources and summon assistance as appropriate. Generally, the member initially dispatched to the scene will be responsible for the investigation and report, if required, unless responsibility is reassigned by a supervisor or assumed by another officer at the scene.

A supervisor should be called to the scene when the incident:

- (a) Is within the jurisdiction of this department and there is:
 - 1. A life-threatening injury.
 - 2. A fatality.
 - 3. A City vehicle involved.
 - 4. A City official or employee involved.
 - 5. An on- or off-duty member of this department involved.
- (b) A supervisor should be notified when the incident is within another jurisdiction and there is:
 - 1. A City of Mequon vehicle involved.
 - 2. A City of Mequon official involved.
 - 3. An on-duty member of this department involved.

501.3.1 MEMBER RESPONSIBILITIES

Upon arriving at the scene, the responding member should consider and appropriately address:

- (a) Traffic direction and control.
- (b) Proper placement of emergency vehicles, cones, roadway flares, or other devices if available to provide protection for members, the public, and the scene.
- (c) First aid for any injured parties if it can be done safely.
- (d) The potential for involvement of hazardous materials.

Traffic Crash Response and Reporting

- (e) The need for additional support as necessary (e.g., traffic control, emergency medical services, fire department, hazardous materials response, tow vehicles).
- (f) Clearance and cleanup of the roadway.

501.4 NOTIFICATION

If a traffic crash involves a life-threatening injury or fatality, the responding officer shall notify, the Shift Supervisor. The Shift Supervisor may assign a traffic investigator or other appropriate personnel to investigate the incident. The Shift Supervisor will ensure notification is made to the, department command staff, in accordance with the Major Incident Notification Policy.

501.4.1 NOTIFICATION OF FAMILY

In the event of a life-threatening injury or fatality, the supervisor responsible for the incident should ensure notification of the victim's immediate family or coordinate such notification with the Coroner, department chaplain, or another suitable person. Notification should be made as soon as practicable following positive identification of the victim.

The identity of any person seriously injured or deceased in a traffic crash should not be released until notification is made to the victim's immediate family.

501.5 MINIMUM REPORTING REQUIREMENTS

A crash report shall be taken when (Wis. Stat. § 346.70(4)(b)):

- (a) The crash originated or terminated on a traffic way, or public or private premises as outlined within Wis. Stat. § 346.66, and involved at least one motor vehicle in transport and resulted in any of the following (Wis. Stat. § 346.70):
 1. Injury or fatality of a person
 2. Total damage to one person's property that is reasonably believed to be \$1,000 or more
 3. Damage to government-owned property that is reasonably believed to be \$200 or more, except to government-owned vehicles, which is \$1,000 or more

Motor vehicle crashes that do not meet the above criteria are considered non-reportable and may be documented in a general information report in lieu of the WisDOT report form. The information contained in the general information report shall be sufficient to complete the WisDOT report form should it later be determined that the crash involved injuries or property damage that meet the state criteria of a reportable crash.

501.5.1 PRIVATE PROPERTY

Generally, reports should not be taken when a traffic crash occurs on private property unless it involves an injury or fatality, a hit-and-run violation, or other traffic law violation. Members may provide assistance to motorists as a public service, such as arranging for the removal of the vehicles.

Mequon Police Department

Policy Manual

Policy Manual

Traffic Crash Response and Reporting

501.5.2 CITY VEHICLE INVOLVED

A traffic crash report shall be taken when a City vehicle is involved in a traffic crash that results in property damage or injury.

A general information report may be taken in lieu of a traffic crash report at the direction of a supervisor when the incident occurs entirely on private property or does not involve another vehicle.

Whenever there is damage to a City vehicle, a Matter Of report shall be completed and forwarded to the appropriate Division Commander. The traffic investigator or supervisor at the scene should determine what photographs should be taken of the scene and the vehicle damage.

501.5.3 INJURED ANIMALS

Department members should refer to the Animal Control Policy when a traffic crash involves the disposition of an injured animal.

501.5.4 TRAFFIC CRASHES INVOLVING DIPLOMATIC OR CONSULAR CONTACTS

When a member of this department investigates or receives a report of a traffic crash in which the operator of any vehicle involved in the crash displays a driver's license issued by the U.S. Department of State (DOS) or the person claims immunity or privilege under 22 USC § 254a through 22 USC § 258a, with respect to the operator's violation of any state traffic law or any local traffic law enacted by any local authority in accordance with Wis. Stat. § 349.06, the department member shall do the following (Wis. Stat. § 346.70(4)(i)):

- (a) As soon as practicable, contact the DOS Office of Foreign Missions (OFM) Diplomatic Security Command Center, Diplomatic Motor Vehicle Office to verify the status and immunity, if any, of the driver claiming diplomatic immunity.
- (b) Within 10 days after the date of the crash, forward a copy of the crash report to the DOS OFM Diplomatic Motor Vehicle Office.

501.6 INVESTIGATION

When a traffic crash meets minimum reporting requirements the investigation should include, at a minimum:

- (a) Identification and interview of all involved parties.
- (b) Identification and interview of any witnesses.
- (c) A determination of whether a violation of law has occurred and the appropriate enforcement action.
- (d) Identification and protection of items of apparent evidentiary value.
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence, reporting) on the appropriate forms.

Mequon Police Department

Policy Manual

Policy Manual

Traffic Crash Response and Reporting

501.6.1 INVESTIGATION BY OUTSIDE LAW ENFORCEMENT AGENCY

The Shift Supervisor may request that the Wisconsin State Patrol or other outside law enforcement agency investigate and complete a traffic crash investigation when a traffic crash occurs within the jurisdiction of the Mequon Police Department and involves:

- (a) An on- or off-duty member of the Department.
- (b) An on- or off-duty official or employee of the City of Mequon Police Department.

Department members shall promptly notify a supervisor when any department vehicle is involved in a traffic crash. The crash investigation and report shall be completed by the agency having jurisdiction.

501.7 ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of a traffic law contributed to the crash, authorized members should issue a municipal citation or arrest the offending driver, as appropriate.

More serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter, or other felonies, shall be enforced. If a driver who is subject to enforcement action is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.8 REPORTS

Department members shall utilize the written or automated report forms approved by WisDOT (TraCS) as required for the reporting of traffic crashes. All such reports shall be forwarded to the Shift Supervisor for approval and filing.

501.8.1 REPORT MODIFICATION

A change or modification of a written report that alters a material fact in the report may be made only by the member who prepared the report and only prior to its approval and distribution. Once a report has been approved and distributed, corrections shall only be made by way of a written supplemental report. A written supplemental report may be made by any authorized member.

If the modification is to add a fatality, a Wisconsin Motor Vehicle Fatal Accident Supplement Form shall be completed and a Transaction Information for the Management of Enforcement (TIME) administrative message sent to Motor Vehicle Fatality Reporting. A fatality is any injury received in a traffic crash that results in death within 30 days of the crash.

501.8.2 SHIFT SUPERVISOR RESPONSIBILITIES

The responsibilities of the shift supervisor include but are not limited to:

- (a) Forwarding the original written or automated format WisDOT report form for all reportable accidents to WisDOT within 10 days of the date of the crash (Wis. Stat. § 346.70(4)(a)).
- (b) Forwarding a copy of the WisDOT report form to the governing body where the crash occurred (Wis. Stat. § 346.70(4)(h)).

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Mequon Police Department.

502.2 IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 48 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately (Wis. Stat. § 349.13(3)).

The responsibilities of those employees storing or impounding a vehicle are as follows.

502.2.1 VEHICLE REPORT

Department members requesting towing, seizure or impound of a vehicle shall complete the tow module. A incident report number shall be given to the tow truck operator.

502.2.2 REMOVAL FROM A TRAFFIC CRASH SCENE

When a vehicle has been involved in a traffic crash and must be removed from the scene, the officer should have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to the Dispatch Center. When there is no preferred company requested, Gearchs will be selected and if they are not available a secondary tow company will be requested..

If the owner is incapacitated or for any reason it is necessary for the department to assume responsibility for a vehicle involved in a crash, the officer shall request the dispatcher to call a Gearchs tow company. The officer will then conduct an inventory and remove any valuables from the vehicle and secure them into property inventory.

502.2.3 STORAGE AT AN ARREST SCENE

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exception described below. The vehicle, however, shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed (e.g., traffic hazard, high-crime area).

- Exception: Whenever the licensed owner of the vehicle is present or has been contacted and properly identified, the owner can give permission for a valid licensed driver to take control of the vehicle not involved in criminal activity. The subject should take control of the vehicle in a reasonable amount of time.

Mequon Police Department

Policy Manual

Policy Manual

Vehicle Towing and Release

502.2.4 DRIVING A NON-CITY VEHICLE

Vehicles that have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with parking regulations.

502.2.5 DISPATCHER'S/OFFICER'S RESPONSIBILITY

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call Gierachs and shall make appropriate entries on that call.

Approved vehicle impound/storage property inventory forms shall be promptly filed by the officer so that they are immediately available for release or review should inquiries be made.

Within 24 hours of the impound of a vehicle ordered to be removed by a member of this department, it shall be the responsibility of the officer to notify the towing service of the name and last-known address of the vehicle's registered owner and lien holders of record, unless the towing services agreement requires the department to notify the owner and lien holders of the towing.

Dispatch personnel shall determine the names and addresses of any individuals having an interest in the vehicle through WisDOT or TIME computers. Notice shall be sent to all such individuals by the officer via certified mail. The notice shall include:

- (a) The name, address, and telephone number of this department.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.

502.3 TOWING SERVICES

The City of Mequon periodically selects one or more firms to act as official tow services. Those firms will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.4 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on property inventory . This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in

Mequon Police Department

Policy Manual

Policy Manual

Vehicle Towing and Release

preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in police custody, to provide for the safety of officers and the public, and to protect the Department against fraudulent claims of lost, stolen or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

502.5 PRESERVATION OF EVIDENCE

An officer removing a vehicle, who has probable cause to believe that the vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or tends to show that a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

502.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, an officer should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.

Any personal property shall be returned to the owner of the vehicle during regular office hours upon presentation of proper identification (Wis. Stat. § 349.13(5)(b)(2)).

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of operating while intoxicated (OWI).

504.2 POLICY

The Mequon Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Wisconsin's impaired driving laws.

504.3 INVESTIGATIONS

Officers should not enforce OWI laws to the exclusion of their other duties unless specifically assigned to OWI. All officers are expected to enforce these laws with due diligence.

The Shift Supervisor will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any OWI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The standardized field sobriety tests (SFSTs) administered and the results.
- (b) The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Wisconsin or another jurisdiction.

504.4 FIELD TESTS

The Shift Supervisor or authorized designee should identify standardized SFSTs and any approved alternate tests for officers to use when investigating violations of OWI laws.

504.4.1 ADMINISTRATION OF SFSTs

Officers trained in the proper administration of SFSTs shall use those skills in testing for driver impairment. Officers shall perform testing in accordance with the NHTSA standards and training. The three tests that constitute SFSTs are:

- (a) Horizontal gaze nystagmus (HGN) - This test involves the involuntary jerking of the eyes when responding to gazing to the side. The involuntary jerking becomes more pronounced as the impairment level increases.

Mequon Police Department

Policy Manual

Policy Manual

Impaired Driving

- (b) Walk and turn - This test requires the individual to concentrate on more than one thing at a time. The mental tasks include comprehension of verbal instructions and the physical balance and coordination tasks.
- (c) One leg stand - This test is the same type of divided attention task as the walk and turn test.

All three tests are highly reliable when properly administered and interpreted for evaluating an individual's level of impairment.

When weather conditions or safety concerns make tests in the field problematic, officers should transport suspects to a safer location to perform the field tests.

504.5 CHEMICAL TESTS

A person implies consent under Wisconsin law to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Wis. Stat. § 343.305):

- (a) The officer has arrested the person for operating a motor vehicle while under the influence of an intoxicant, controlled substance, or any other drug.
- (b) The officer has arrested the person for operating a motor vehicle with a detectable amount of a restricted controlled substance in the person's blood.
- (c) The officer has arrested the person for operating a motor vehicle with a prohibited alcohol concentration.
- (d) The officer has arrested a person under the age of 21 who has any detectable amount of alcohol in his/her system.
- (e) The officer has arrested a person who was operating a commercial motor vehicle while having an alcohol concentration of 0.04 or more.
- (f) The officer has arrested the person for causing injury to another person while OWI or with a prohibited alcohol concentration or a detectable amount of a restricted controlled substance in his/her blood.
- (g) The officer has arrested the person for causing injury to another person while operating a commercial motor vehicle with an alcohol concentration of 0.04 or more.
- (h) The officer has arrested the person for a violation of Wis. Stat. § 940.25 (injury by intoxicated use of a vehicle).
- (i) The officer has arrested the person for a violation of Wis. Stat. § 940.09 (homicide by intoxicated use of vehicle or firearm).
- (j) The person was involved in an accident resulting in substantial bodily harm to any person and the officer detects any presence of alcohol, a controlled substance, a controlled substance analog, or other drug (Wis. Stat. § 343.305(3)(ar)).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious) the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 STATUTORY NOTIFICATIONS

An officer requesting that a person submit to a chemical test shall read to the person the mandatory statutory warning form provided by Wis. Stat. § 343.305(4) entitled Informing the Accused. Officers shall not expand upon the form.

504.5.2 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Wis. Stat. § 343.305(5)(b)). The blood draw should be witnessed by the assigned officer. No officer, even if properly certified, should perform this task (Wis. Stat. § 343.305(5)(b)).

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be drawn for alternate testing. Unless medical personnel object, two samples should be drawn and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

504.5.3 BREATH SAMPLES

The Administrative Sergeant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Shift Supervisor and the Administrative Sergeant.

504.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee tested should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

504.6 REFUSALS

When an arrestee refuses to provide a chemical sample, officers should:

- (a) Advise the arrestee of the requirement to provide a sample (Wis. Stat. § 343.305).

Mequon Police Department

Policy Manual

Policy Manual

Impaired Driving

- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

504.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, officers shall serve the person with the notice of intent to revoke the person's operating privilege (Wis. Stat. § 343.305).

The officer shall forward copies of the notice to the appropriate prosecuting attorney, as well as the Wisconsin Department of Transportation (WisDOT), in the manner prescribed by WisDOT. If the person was operating a commercial motor vehicle, the officer shall issue the person a 24-hour out-of-service order (Wis. Stat. § 343.305(9)).

504.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The officer can articulate that exigent circumstances exist, the person has been arrested for OWI, the officer reasonably believes that a chemical test will reveal evidence of intoxication, and no reasonable objection to the withdrawal has been presented by the arrestee. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer), and attempt to persuade the individual to submit to such a sample without physical resistance. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

Mequon Police Department

Policy Manual

Policy Manual

Impaired Driving

- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances.
 - 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 - 2. In first-time OWI and misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 - 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.6.4 OFFICER ACCESS TO ADDITIONAL SAMPLE

If a person refuses to submit to a chemical test but has had a sample of blood, urine or other bodily substance taken for any reason, the officer may obtain a portion of that sample sufficient for analysis or may request that a sample be available as allowed by law (Wis. Stat. § 905.04(4)(f)).

504.7 ARREST AND INVESTIGATION

504.7.1 CRASHES

Officers investigating a person for OWI shall make all reasonable efforts to obtain a chemical sample if the person was involved in a crash that resulted in a fatality or serious physical injury (Wis. Stat. § 343.305(2)).

504.7.2 NOTICE OF INTENT TO SUSPEND

If a chemical test indicates the presence of a controlled substance or a prohibited alcohol concentration, the officer shall complete a Notice of Intent to Suspend and the supervisor will forward the result to WisDOT (Wis. Stat. § 343.305(7)). The person shall be informed that the person's driving privilege will be administratively suspended for six months and that the person has the right to an administrative hearing. The form to request the administrative review shall be provided to the person (Wis. Stat. § 343.305(8)). If the person was operating a commercial motor vehicle, the officer shall also issue the person an out-of-service order.

504.7.3 PRELIMINARY BREATH TESTING

An officer who has probable cause to believe that a person has committed OWI or where the officer detects any presence of alcohol, a controlled substance or any other drug on a person operating a commercial motor vehicle, may request that the person submit to a preliminary breath test (PBT). The result of the PBT may be used by the officer in deciding whether to arrest the person and

Mequon Police Department

Policy Manual

whether to require or request additional chemical testing under Wis. Stat. § 343.305(3). A person may refuse to take the PBT (Wis. Stat. § 343.303).

504.7.4 ARRESTEE RELEASE

If allowed by the rules of the court, a person arrested for OWI may be released to a responsible adult. The individual to whom the person is released is required to sign an OWI Responsibility Release containing the individual's name and address, and that the individual will be responsible for the person.

A person arrested for OWI who is unable to be released to a responsible adult shall be safely transported to the Department and may not be released until 12 hours have elapsed or until a chemical test administered under Wis. Stat. § 343.305 shows a blood alcohol content of less than 0.04 (Wis. Stat. § 345.24).

504.7.5 ADDITIONAL TESTING

If a person submits to a chemical test requested pursuant to the implied consent law, he/she is entitled to a reasonable opportunity, upon request, to have additional chemical testing done (Wis. Stat. § 343.305(5)).

504.7.6 QUALITY ASSURANCE

This department shall utilize a quality assurance program conducted by quality assurance specialists or operators regarding devices that are used to conduct alcohol concentration determinations, and shall generate records of periodic maintenance of those devices pursuant to any applicable state law (Wis. Stat. § 343.305(6)).

504.7.7 DRUG RECOGNITION EXPERT (DRE)

If a DRE is used by the Department, and the PBT results are inconsistent with the individual's level of impairment or there is reason to believe the individual's level of impairment is due in part or fully to the ingestion of illegal drugs, prescription drugs, or any substance other than alcohol, officers should request a DRE to conduct an evaluation if probable cause exists for an arrest.

504.8 RECORDS SECTION RESPONSIBILITIES

The Sergeants will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office and WisDOT (Wis. Stat. § 343.305(7); Wis. Stat. § 343.305(8); Wis. Stat. § 343.305(9)).

504.9 ADMINISTRATIVE HEARINGS

The Sergeants will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to WisDOT.

Any officer who receives notice of required attendance at an administrative license suspension hearing should promptly notify the prosecuting attorney.

Mequon Police Department

Policy Manual

Policy Manual

Impaired Driving

An officer called to testify at an administrative hearing should document the hearing date and WisDOT file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

504.10 TRAINING

The Administrative Captain should ensure that officers participating in the enforcement of OWI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to OWI investigations. The Administrative Captain should confer with the prosecuting attorney's office and update training topics as needed.

504.11 ARRESTEE TRANSPORTATION CONSIDERATIONS

In cases of extreme intoxication, such as where an alcohol incapacitation hold may be considered for the arrestee, Ozaukee County Crisis should be contacted and medical transport considered.

As with any intoxicated person, OWI arrestee's may be unpredictable and officers should remain vigilant while dealing with them.

Traffic Citations

Disabled Vehicles

506.1 PURPOSE AND SCOPE

The Mequon Police Department has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization's jurisdiction.

506.2 OFFICER RESPONSIBILITIES

When an on-duty officer observes a disabled vehicle, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer or other department member to respond as soon as practicable.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of department resources and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

Abandoned Vehicle Violations

507.1 PURPOSE AND SCOPE

This policy provides procedures for the removal and recording of vehicles abandoned in violation of abandoned vehicle laws or ordinances or that must be removed due to an emergency.

507.2 MARKING VEHICLES

Vehicles on public roadways suspected of being abandoned in violation of state or local laws shall be marked and noted on the Mequon Police Department Notice of Intent to Tow vehicle card.

Reasonable attempts should be made by the investigating member to identify and notify the owner of the pending removal of the vehicle using information available from the Wisconsin Department of Justice Transaction Information for the Management of Enforcement (TIME) system. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle prior to removal.

All marked vehicle cards shall be scanned into the call and submitted to the daily work.

507.3 VEHICLE IMPOUND

Any abandoned vehicle qualifying for a tow should be removed by the authorized towing service and a vehicle tow module shall be completed by the officer authorizing the removal of the vehicle.

507.3.1 VEHICLE IMPOUND REPORTING

The vehicle property report form shall be submitted to the Records Section immediately following the storage of the vehicle. It shall be the responsibility of the officer to use the TIME system to identify the registered owner(s) and make notification of same as specified in the Vehicle Towing and Release Policy.

The report should indicate the date, time, and place the vehicle was towed from, as well as the name of the towing company and impound location.

Within 24 hours of the impound of a vehicle ordered to be removed by an officer of this department, it shall be the responsibility of the officer to notify the towing service of the name and last-known address of the vehicle's registered owner and lien holders of record, unless the towing services agreement requires the City to notify the owner and lien holders of the towing.

Traffic Procedures

508.1 PURPOSE AND SCOPE

This procedure provides guidance to members in the use of department-approved traffic management methods.

508.1.1 DEFINITIONS

Definitions related to this procedure include:

Approach contact - A traffic stop that is conducted under circumstances in which the officer is not previously aware of a threat to the officer's safety posed by the vehicle's occupants (e.g., the vehicle is stopped for a traffic violation only).

High-risk contact - A traffic stop that is conducted under circumstances in which the officer is or becomes aware that any occupant poses a serious safety risk (e.g., the vehicle may contain an occupant who is known to be armed and dangerous).

Non-approach contact - A traffic stop that is conducted under circumstances in which the officer does not feel safe in approaching the violator's vehicle.

508.2 UNIFORM ENFORCEMENT FOR SPECIFIED VIOLATIONS

508.2.1 SPEED AND OTHER HAZARDOUS VIOLATIONS

The following guidelines pertain to uniform enforcement of speed and other hazardous violations:

Speed violations may be enforced by use of either speed detection devices or pacing using the officer's patrol vehicle.

- Officers using a speed detection device must be trained in the operation of the device prior to its use.
- Officers pacing the speed of a vehicle shall attempt to pace the vehicle for approximately 1/10th of a mile while maintaining the same speed and distance between the patrol vehicle and the violator's vehicle.

If pacing results in enforcement action, the officer shall test the accuracy of the patrol vehicle's speedometer against a speed detection device immediately after the enforcement action.

- The arresting or citing officer shall drive their patrol vehicle at a constant speed utilizing a certified speed detection device (e.g., radar) verifying the speedometer accuracy.
- The officer shall document the test results in the narrative of the citation or incident report.

Other hazardous violations that should be vigorously enforced to address the violation, and also to create a public impression of active traffic law enforcement activity that encourages voluntary compliance with all traffic regulations, include but are not limited to offenses involving:

- Disregarding traffic control devices (e.g., stop signs or traffic signals).
- Operating a vehicle under the influence of alcohol and/or drugs.

Mequon Police Department

Policy Manual

Policy Manual

Traffic Procedures

- Recklessly operating a vehicle.
- Attempting to elude an officer.

508.2.2 NON-HAZARDOUS VIOLATIONS

Non-hazardous violations should be enforced to address the violation while encouraging voluntary compliance with all traffic regulations, to include but not limited to offenses involving:

- (a) Equipment violations.
- (b) Parking violations.
- (c) Licensing and registration violations.

Officers encountering abandoned or illegally parked vehicles or other roadway hazardous situations shall take immediate action to correct the hazard and/or protect motorists or pedestrians from the hazard.

508.2.3 VEHICLE EQUIPMENT VIOLATIONS

The following guidelines pertain to uniform enforcement of vehicle equipment violations:

- Generally, vehicle equipment violations should be addressed with a written warning or 10 day citation. Officers may issue a written warning or a traffic citation at their discretion for modifications of vehicle equipment in violation of equipment laws or regulations.
- Officers may issue a uniform traffic citation when defective equipment was the contributing factor of a motor vehicle crash and the operator had prior knowledge of the defective equipment.

508.2.4 MULTIPLE VIOLATIONS

The following guidelines pertain to uniform enforcement of multiple violations:

- Officers have discretion in issuing multiple citations for multiple violations from the same incident. As a general guideline, officers should issue a citation for the more serious violation and give a written warning for the lesser violations.
- Officers encountering incidents involving multiple traffic violations that form an all-inclusive charge should not result in individual charges for each violation when the greater over-all charge is issued. Officers should document the lesser violations on the more serious citation or incident report.
- Officers have discretion in issuing a citation for license and/or registration violations in addition to the original moving violation leading to the traffic stop.

508.2.5 NEWLY ENACTED LAWS AND/OR REGULATIONS

The following guidelines pertain to uniform enforcement of multiple violations:

- Officers should use sound discretion when enforcing newly enacted or amended traffic regulations. Officers should issue warnings for violations for a period of 30 days to allow the motoring public to become familiar with the new law or amendment, unless exceptional circumstances apply.

508.3 TRAFFIC STOPS AND APPROACH TO VIOLATOR'S VEHICLE

The following procedures pertain to stopping and approaching vehicles, to include:

- (a) Approach contacts.
- (b) Non-approach contacts.
- (c) High-risk contacts.

508.3.1 APPROACH CONTACTS

While every approach contact is based on a unique set of circumstances that must be taken into account and may warrant reasonable deviation from the list below, general guidelines for conducting an approach contact include:

- (a) The officer should consider existing conditions including but not limited to road design and conditions, weather, lighting, and current traffic flow, to establish a safe environment for the approach contact.
- (b) The officer should use the patrol vehicle's emergency lighting and other equipment, if necessary, to initiate the stop. Upon stopping, the patrol vehicle should be positioned in a way that affords protection to the officer and to the violator's vehicle during the approach contact.
- (c) Generally, the violator should be directed to pull to the far-right side of the roadway to stop. However, the officer should be prepared to deal with other situations.
- (d) Upon initiating an approach contact, the officer should notify the dispatcher of the location of the stop and the vehicle's registration state and number. The officer should not approach the violator's vehicle until the dispatcher has acknowledged the message.
- (e) The officer should approach with caution and take a position that allows effective communication with the driver, a view of any other occupant, and an avenue of tactical retreat if necessary.
- (f) Upon contacting the violator, the officer should remain courteous and professional, providing the violator with verbal identification and the reason for the stop. The officer should request the motorist's documentation.
- (g) The officer should provide the violator with information as to how to respond to the chosen enforcement action, if applicable.
- (h) The officer should end the contact once appropriate law enforcement action has been taken and there is no articulable reasonable suspicion that the occupants have committed, are committing, or are about to commit a further crime or offense.
- (i) The officer should assist the violator in pulling safely back into traffic.

508.3.2 NON-APPROACH CONTACTS

While every non-approach contact is based on a unique set of circumstances that must be taken into account and may warrant reasonable deviation from the list below, general guidelines for conducting a non-approach contact include:

Mequon Police Department

Policy Manual

Policy Manual

Traffic Procedures

- (a) The officer should consider existing conditions including but not limited to road design and conditions, weather, lighting, and current traffic flow, to establish a safe environment for the contact.
- (b) Upon stopping, the patrol vehicle should be positioned with greater distance between the patrol vehicle and the violator's vehicle to afford additional protection and reaction time to the officer. In low-light situations, positioning should allow for illumination of the suspect vehicle's interior. The officer should use the patrol vehicle's emergency lighting and other equipment, if necessary, to initiate the contact.
- (c) Generally, the violator should be directed to pull to the far-right side of the roadway to stop. However, the officer should be prepared to deal with other situations.
- (d) Upon initiating a non-approach contact, the officer should notify the dispatcher of the location of the stop and the vehicle's registration state and number. The officer should not approach the violator's vehicle until the dispatcher has acknowledged the message.
- (e) The officer initiating the non-approach contact, or the officer with the best view, should issue verbal commands to direct the driver's actions to exit the vehicle and move to a specific location through the vehicle's public address system, if available.
- (f) In some instances, the officer may direct the driver and/or other occupants to remain in the vehicle until backup arrives and then direct the driver to a specific location.
- (g) The officer should approach with caution and take a position that allows effective communication with the driver, a view of any other occupant, and an avenue of tactical retreat if necessary.
- (h) Upon contacting the violator, the officer should remain courteous and professional, providing the violator with verbal identification and the reason for the stop. The officer should request the motorist's documentation.
- (i) The officer should provide the violator with information as to how to respond to the chosen enforcement action, if applicable.
- (j) The officer should end the contact once appropriate law enforcement action has been taken and there is no articulable reasonable suspicion that the occupants have committed, are committing, or are about to commit a further crime or offense.
- (k) The officer should assist the violator in pulling safely back into traffic.

508.3.3 HIGH-RISK CONTACTS

While every high-risk contact is based on a unique set of circumstances that must be taken into account and may warrant reasonable deviation from the list below, general guidelines for conducting a high-risk contact include:

- (a) When planning a high-risk contact, the officer shall notify the dispatcher and describe the nature or reason for the contact. The officer shall provide the dispatcher with relevant information (e.g., vehicle description, registration number and state, number of occupants, location and direction of travel) and request adequate assistance to conduct the stop.

Mequon Police Department

Policy Manual

Policy Manual

Traffic Procedures

- (b) An officer should not individually initiate a high-risk contact unless backup officers are not available in an appropriate amount of time or the urgency of the situation demands immediate action.
- (c) After selecting an appropriate location for the stop and with adequate backup officers in position, the officer should signal the suspect to stop.
- (d) Officers should position their vehicles at a distance behind the suspect vehicle that provides opportunities for cover. In low-light situations, positioning should allow for illumination of the suspect vehicle's interior.
- (e) The officer initiating the stop, or the officer with the best view, should issue verbal commands through the vehicle's public address system, if available. Only one officer should issue commands to the suspect vehicle's occupants.
- (f) Once the suspect vehicle has stopped, officers should exit their vehicles quickly and assume positions of cover.
- (g) Commands should be announced to the suspect vehicle operator to:
 - 1. Lower the window.
 - 2. Remove ignition keys with the vehicle operator's left hand.
 - 3. Drop the keys on the ground.

 - 6. Turn completely around.
 - 7. Face away from the officers.
 - 8. Walk backward until commanded to stop and lie face down on the ground with hands stretched far to the sides.
- (h) Using contact and cover, officers should handcuff, search, and secure the suspect. Other occupants should be similarly and separately commanded until all are handcuffed, searched, and secured.
- (i) With appropriate cover, officers should approach and inspect the suspect vehicle for additional occupants and/or threats before declaring the scene secure.

508.4 TRAFFIC DIRECTION AND CONTROL

508.4.1 MANUAL TRAFFIC DIRECTION

High-visibility vest should be worn in accordance with the Traffic Function and Responsibility Policy.

Department members assigned or authorized to control traffic should use the following uniform hand gestures to perform manual traffic direction:

- (a) Stopping traffic: The member should extend the arm and index finger toward and look directly at the driver to be stopped until that driver is or appears to be aware of the member's gesture. The member should then raise the pointing hand at the wrist so

Mequon Police Department

Policy Manual

Policy Manual

Traffic Procedures

that the palm is toward the person to be stopped, and hold the palm in this position until the person stops. To stop traffic from both directions, the member should repeat the procedure for traffic coming from the other direction and continue to maintain the raised arm and palm toward the previously stopped traffic.

- (b) Starting traffic: The member should stand with the member's shoulder and side toward the traffic to be started, extend the arm and index finger toward, and look directly at the driver to be started until that driver is or appears to be aware of the member's gesture. The member should then swing the pointing arm, with palm up, from the elbow through a vertical semicircle until the hand is adjacent to the chin. If necessary, the member should repeat until traffic begins to move. To start traffic from both directions, the member should repeat the procedure for traffic coming from the other direction.
- (c) Right or left turn: The member's extended arm, index finger, and gaze should first be directed toward the driver. The member should then swing the extended arm and index finger in the direction of the driver's intended turn.
- (d) Use of flashlight: A flashlight may be used to stop traffic. To stop traffic, the member should slowly swing the beam of light across the path of oncoming traffic. The beam should strike the pavement as an elongated spot of light. After the driver has stopped, the member should use hand gestures with the vehicle headlights to provide illumination.

The member should stop all traffic and address the dangerous condition with all traffic stopped.

508.4.2 CRASH SCENES

Members should refer to the Traffic Crash Response and Reporting Policy for additional guidance.

Additional guidelines should include as appropriate:

- (a) If a traffic crash results in traffic congestion, a member may request additional assistance, if available, to help with traffic control. Incidents occurring during heavy traffic periods on major streets resulting from a traffic crash and/or adverse road and weather conditions may also require the use or operation of temporary traffic control devices (e.g., barriers, cones, flares, traffic signals).
 - 1. Members should use uniform hand gestures for manual traffic direction to assist in the efficient and safe movement of vehicle and pedestrian traffic.
 - 2. Members should coordinate traffic direction with other members at the scene, if appropriate.
- (b) Traffic may be stopped, rerouted, or restricted as necessary to ensure the safety of members, victims, and uninvolved motorists.

508.4.3 CRITICAL INCIDENT SCENES

- (a) Members providing traffic direction and control at critical incident scenes (e.g., fires, utility emergencies) should prevent unauthorized vehicles and pedestrians from entering the area and provide a safe arrival route for emergency vehicles.

- (b) A member who locates or is assigned to investigate a hazardous condition should assess the condition and request through the Dispatch Center that notifications be made to appropriate authorities responsible for correcting the hazard. The dispatcher should document the condition and all notifications that are made.
- (c) If a member needs assistance with isolating a hazard, the member may request additional members to the location.
- (d) If there are any questions regarding the proper isolation of a roadway hazard, members should contact their supervisor.
 - 1. Members should reference applicable Department of Transportation guidelines for setting up safe work zones (e.g., construction, traffic, maintenance, utility operations), if necessary.
 - 2. Members should only use road flares when there is no risk of fire or explosion. Road flares should not be left unattended while burning. Any remnants left after a flare has been exhausted and allowed time to cool should be collected and disposed of properly.
- (e) A member should only clear from the location under one of the following circumstances:
 - 1. The hazardous condition has been corrected.
 - 2. The member is relieved by an appropriate authority who will conduct the repair, and traffic direction and control services are no longer needed.
 - 3. The member is properly relieved by another member.
 - 4. The member is authorized by a supervisor.

- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Abuse, Child Abuse, Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that a detective assist with seizing computers and related evidence. If a detective is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available. Public Safety Information Technology personnel can be contacted for assistance.

600.6.1 PROCESSING DIGITAL EVIDENCE

The Detective Division Commander shall be responsible for developing procedures concerning the collection, processing and preservation of digital evidence (i.e., still cameras, video cameras, cell phones, computers) to include:

Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and Criminal Organizations policies).

600.7.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.8 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.9 INVESTIGATION CASE FILE MANAGEMENT

600.9.1 CASE STATUS AND CONTROL

The department's records management system contains software that is utilized for case status, assignment, and control. The Detective Bureau supervisor or the authorized designee shall be responsible for using the case management program to monitor case development to ensure cases are efficiently brought to its proper conclusion.

600.9.2 ADMINISTRATIVE DESIGNATORS

An administrative designator will be used for each case, to include:

- (b) Officers shall select designators for UCR offense types during the report process, reviewed, amended if necessary, and reported by Records Section.
- (c) Disposition clearance codes are used when the case is concluded. Disposition codes shall follow the UCR guidelines, to include:

 2. Committed – 51.15 or 51.45 commitment.
 3. Continued – Case is ongoing and has not reached conclusion.
 4. Exceptionally cleared – Identity of offender is established, however, some reason outside law enforcement control precludes arrest, charging, or prosecution.

 6. Unfounded – Complaint is false or baseless.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Wis. Stat. § 940.22(2); Wis. Stat. § 940.225; Wis. Stat. § 948.02; Wis. Stat. § 948.025; Wis. Stat. § 948.05; Wis. Stat. § 948.06; Wis. Stat. § 948.085; and Wis. Stat. § 948.095.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates, law enforcement officers, forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible, forensic laboratory personnel and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Mequon Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.

601.4 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

Mequon Police Department

Policy Manual

Policy Manual

Sexual Assault Investigations

601.4.1 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Dispatch Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a detective or member with specialized training or experience in sexual assaults should be included in the initial victim interviews.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded should be included in a report.

601.4.2 POLYGRAPH EXAMINATIONS

Victims shall not be asked or required to take a polygraph examination nor shall an officer suggest a victim submit to a polygraph or provide the victim with any information regarding tests using polygraphs unless the victim requests information (34 USC § 10451; Wis. Stat. § 968.265).

601.4.3 VICTIM CONFIDENTIALITY

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.5 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

601.5.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (Wis. Stat. § 165.775):

Mequon Police Department

Policy Manual

Policy Manual

Sexual Assault Investigations

- (a) Upon notification by a health care professional, take possession of a sexual assault kit within 72 hours
- (b) Send a sexual assault kit to a state crime laboratory within 14 days of its receipt in accordance with the rules established by the Wisconsin Department of Justice
 1. If a member is notified by the victim before the kit is sent to a state crime laboratory that the victim does not want the kit analyzed, the member should send the kit to a state crime laboratory for storage.
- (c) Notify a state crime laboratory of a victim's delayed report of sexual assault or request to analyze a stored sexual assault kit, and request processing of the kit in their possession (Wis. Admin. Code § JUS 20.04)
- (d) Make the required entries into the Wisconsin Sexual Assault Kit Tracking System when applicable (Wis. Stat. 165.776)

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.5.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable.

A detective or member with specialized training or experience should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.6 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Operations Captain.

Classification of a sexual assault case as unfounded requires the Operations Captain to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.7 CASE REVIEW

The Operations Captain should ensure cases are reviewed on a periodic basis, at least annually. The reviews should include an analysis of:

- Case dispositions.

Mequon Police Department

Policy Manual

Policy Manual

Sexual Assault Investigations

- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

601.8 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Operations Captain should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.9 TRAINING

Subject to available resources, periodic training should be provided to:

- (a) Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
- (b) Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. SART.
 3. Medical and legal aspects of sexual assault investigations.
 4. Serial crimes investigations.
 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (VICAP).
- (c) Techniques for communicating with victims to minimize trauma.

602.2 POLICY

The Mequon Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime, and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Mequon Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE

Asset Forfeiture

Whenever practicable, obtaining a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds
- (b) Property that the officer reasonably believes the owner or interest holder of did not know about the related offense (an innocent owner) (Wis. Stat. § 961.55; Wis. Stat. § 973.075)

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Special Investigations Section supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.

Informants

- (g) In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of an officer.
- (c) The informant reveals to suspects the identity of an officer or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this department to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Special Investigations Section. The Special Investigations Section supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Special Investigations Section supervisor or their authorized designees.

Mequon Police Department

Policy Manual

Policy Manual

Informants

The Detective Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Special Investigations Section supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

603.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases
- (b) Date of birth
- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos, or other distinguishing features
- (d) Photograph
- (e) Criminal history and driving record checks
- (f) Current home address and telephone numbers
- (g) Current employers, positions, addresses, and telephone numbers
- (h) Vehicles owned and registration information
- (i) Places frequented
- (j) Briefs of information provided by the informant and the informant's subsequent reliability
 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (k) Name of the officer initiating use of the informant, to include officer contact information, and code name or number associated to the informant
- (l) Signed informant agreement
- (m) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized

Mequon Police Department

Policy Manual

Policy Manual

Informants

- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Special Investigations Section supervisor will discuss the above factors with the Operations Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments of \$500 and under may be paid in cash from the Miscellaneous Services budget fund.
 - (a) The Operations Captain shall sign the voucher for cash payouts from the designated budget account.
- (b) Payments exceeding \$500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
 1. The check shall list the case numbers related to and supporting the payment.
 2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.

- (c) To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
 1. The cash transfer form shall include the following:
 - (a) Date
 - (b) Payment amount
 - (c) Mequon Police Department case number
 - (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
 2. The cash transfer form shall be signed by the informant.
 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize

Policy Manual

any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

603.6.3 AUDIT OF PAYMENTS

The Operations Captain or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process. No audit is necessary if no funds are dispersed.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Wis. Stat. § 175.50).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

This department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Operations Captain shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.

Mequon Police Department

Policy Manual

Policy Manual

Eyewitness Identification

- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case (Wis. Stat. § 175.50). Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.5.1 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person is viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Mequon Police Department

Policy Manual

Policy Manual

Eyewitness Identification

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup to a witness should do so sequentially (i.e., show the witness one person at a time) and not simultaneously (Wis. Stat. § 175.50). The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.5.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.

Mequon Police Department

Policy Manual

Policy Manual

Eyewitness Identification

- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of a show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report (Wis. Stat. § 175.50).

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.7 POLICY REVIEW

At a minimum, the Department will biennially review the Eyewitness Identification Policy. In developing and revising this policy, the Department will consider model policies and policies adopted by other jurisdictions (Wis. Stat. § 175.50).

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

Brady information -Information known or possessed by the Mequon Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Mequon Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Mequon Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

605.4 DISCLOSURE OF REQUESTED INFORMATION

If *Brady* information is located, the following procedure shall apply:

Mequon Police Department

Policy Manual

Policy Manual

Brady Material Disclosure

- (a) In the event that a motion has not already been filed by the criminal defendant or other party, the prosecuting attorney and department member shall be notified of the potential presence of *Brady* material in the member's personnel file.
- (b) The prosecuting attorney or department counsel should be requested to file a motion in order to initiate an in-camera review by the court.
 - 1. If no motion is filed, the supervisor should work with counsel to determine whether the records should be disclosed to the prosecutor.
- (c) The Custodian of Records shall accompany all relevant personnel files during any in-camera inspection and address any issues or questions raised by the court.
- (d) If the court determines that there is relevant *Brady* material contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.
- (e) If a court has determined that relevant *Brady* information is contained in a member's file in any case, the prosecutor should be notified of that fact in all future cases involving that member.

605.4.1 LEGAL ADVICE

The Chief of Police should make arrangements for acquiring legal advice through employment of a legal advisor or consultation with the prosecuting attorney, department legal counsel, or other legal advisor for members' routine questions or concerns.

605.5 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.6 TRAINING

Department personnel should receive periodic training on the requirements of this policy.

605.7 SUBPOENA PROCESSING

The individual processing subpoenas (or the supervisor of the subpoenaed member) shall check the subpoenaed member's name against the current list of those who are known to have *Brady* information in their files or background, and shall alert the coordinator if a person on the list is subpoenaed.

Mequon Police Department

Policy Manual

Policy Manual

Brady Material Disclosure

605.8 BRADY PROCESS

The Chief of Police shall select a member of the Department to coordinate requests for *Brady* information. This person shall be directly responsible to the Administration Division Commander or the authorized designee. The responsibilities of the coordinator include but are not limited to:

- (a) Working with the appropriate prosecutors' offices and the City Attorney's office to establish systems and processes to determine what constitutes *Brady* information and the method for notification and disclosure.
- (b) Maintaining a current list of members who have *Brady* information in their files or backgrounds.
 - 1. Updating this list whenever potential *Brady* information concerning any department member becomes known to the Department or is placed into a personnel or internal affairs file.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Mequon Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 OPERATIONS DIRECTOR

The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment information with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete a risk assessment and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete a risk assessment and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence

Mequon Police Department

Policy Manual

Policy Manual

Warrant Service

to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for a warrant based on testimony (Wis. Stat. § 968.12), nighttime or no-knock warrant execution.
- (b) A clear explanation of the affiant's training, experience and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

607.7 HIGH-RISK WARRANT SERVICE

The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the

Mequon Police Department

Policy Manual

Policy Manual

Warrant Service

designated members to the presence of potential evidence and not touch or disturb the items.

- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

607.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service (Wis. Stat. § 968.16), including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the court clerk identified on the warrant as soon as reasonably possible but no later than 48 hours after execution of the warrant, excluding holidays and weekends (Wis. Stat. § 968.17).

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following (see the Outside Agency Assistance Policy):

- Identity of team members
- Roles and responsibilities

Mequon Police Department

Policy Manual

Policy Manual

Warrant Service

- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Mequon Police Department are utilized appropriately. Any concerns regarding the requested use of Mequon Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Shift Supervisor should assume this role.

If officers intend to serve a warrant outside Mequon Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Mequon Police Department when assisting outside agencies or serving a warrant outside Mequon Police Department jurisdiction.

607.11 TRAINING

The Administrative Captain should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

607.12 NO-KNOCK ENTRIES

No-knock entries are only authorized if a no-knock warrant has been obtained or if exigent circumstances arise at the scene such that knocking and announcing the officer's presence would create an imminent threat of physical violence to the officer or another person.

607.13 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.14 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY

It is the policy of the Mequon Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 OPERATIONS DIRECTOR

The Chief of Police or authorized designee will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment to assess, plan and coordinate operations. This assessment should provide a process to identify high-risk operations.

The operations director will review the risk assessment with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

608.4 RISK ASSESSMENT

608.4.1 RISK ASSESSMENT PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment.

When preparing the assessment, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:

Mequon Police Department

Policy Manual

Policy Manual

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).

This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Mequon Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory staff.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for department-related business or when the use reasonably implicates work-related misconduct.

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD for the member's use to facilitate on-duty performance. Department-issued or funded PCDs may not be used for personal business either on- or off-

duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

701.5 PERSONALLY OWNED PCD

- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by department procedures.
 - 1. Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 - 2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 - 3. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Mequon Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing collective bargaining agreements, or if the

member has prior express authorization from their supervisor, the member may engage in department business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official department business. Disclosure of any such information to any third party through any means requires the express authorization of the Chief of Police or the authorized designee.
- (f) Members will not access social networking sites for any purpose that is not official department business. This restriction does not apply to a personally owned PCD used during authorized break times.
- (g) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

2. Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

701.8 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Except in an emergency, members who are operating vehicles that are not equipped with lights and siren shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use (Wis. Stat. § 346.89). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

Vehicle Use

703.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. 703.2 POLICY

The Mequon Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

703.3 USE OF VEHICLES

Officers who exit a vehicle rapidly in an emergency situation or to engage in a foot pursuit must carefully balance the need to exit the vehicle quickly with the need to secure the vehicle.

Members shall ensure all weapons are secured while the vehicle is unattended.

703.3.5 MOBILE DATA BROWSER

Members assigned to vehicles equipped with a Mobile Data Browser (MDB) shall log onto the MDB with the required information when going on-duty. Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by personnel other than supervisors will require Division Commander approval.

Chapter 8 - Support Services

The Dispatch Center

801.1 PURPOSE AND SCOPE

This policy establishes guidelines for the basic functions of a Dispatch Center. It addresses the immediate information needs of the Department in the course of its normal daily activities and during emergencies. The Mequon Police Department dispatching is handled by the Ozaukee County Sheriff's Department Communication Center.

801.2 COMMUNICATION OPERATIONS

The Mequon Police Department at times provides coverage for a non-emergency phone number that the public can call for information or for non-police response needs. The Ozaukee County Communications Center provides this service when Mequon Administrative Staff are not working in order to provide coverage for 24-hours in each day. The ability of citizens to telephone quickly and easily for emergency service is critical.

The Ozaukee Communication Center answers all 9-1-1 related calls for service.

All misdirected emergency calls will promptly be routed or directed to the proper agency that can provide assistance to the caller, unless circumstances do not allow a prompt transfer.

The Department provides two-way radio capability providing continuous communication between the Dispatch Center and department members in the field.

801.3 SECURITY

The communications function is vital and central to all emergency service operations. The safety and security of the Dispatch Center, its members and its equipment must be a high priority.

Access to the Dispatch Center shall be limited to the Dispatch Center members, the Shift Supervisor, command staff and department members with a specific business-related purpose.

801.4 RADIO COMMUNICATIONS

The radio system is for official use only, to be used by dispatchers to communicate with department members in the field. All transmissions shall be professional and made in a calm, businesslike manner, using proper language and correct procedures. Such transmissions shall include, but are not limited to:

- (a) Members acknowledging the dispatcher with their radio identification call signs and current location, as needed.
- (b) Acknowledging and responding promptly to all radio transmissions.
- (c) Members keeping the dispatcher advised of their status and location.
- (d) Member acknowledgements shall be concise and without further comment unless additional information is needed.

Mequon Police Department

Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

801.4.3 PROTECTION OF EQUIPMENT AND TESTING

All equipment used to maintain continuous operation of the Dispatch Center including security of transmission lines, antennas, and power sources shall be protected to meet the need of the Department and have emergency back-up generator power available.

802.12.1 FINGERPRINT EVIDENCE AND PROCESSING PROCEDURE

Wisconsin Department of Justice Physical Evidence Handbook guidelines should be observed when processing fingerprints (i.e., preserving, developing, collecting/lifting, labeling, packaging) as evidence.

When members discover fingerprint evidence, photographs should be taken before any processing. The processing of fingerprint evidence should be conducted by a member trained in fingerprint processing techniques, or the item should be submitted to the Wisconsin State Crime Laboratory for processing (especially for violent felonies and/or major crimes).

If the item is reasonably portable or removable from the scene, the member should collect, preserve, and package the item while protecting the integrity of the fingerprint evidence. The member should submit the collected fingerprint evidence to the evidence custodian designating the item for fingerprint processing by a trained member. Members making a fingerprint lift should place the evidence on the fingerprint lift card and immediately label it with identifying information before packaging, to include:

- (a) Case number.
- (b) Date collected.
- (c) Description of the item the lift was collected from.
- (d) Name of the individual making lift.
- (e) A small sketch of the item on the back of the lift card with a mark orientating the location of the lift for future reference and court documentation.

Members should consider and determine whether the item will also be subject to DNA evidence processing. In that case, the item shall first be designated for DNA evidence processing before any attempt at processing fingerprints. The item should be submitted to the Crime Laboratory for processing.

If the fingerprint evidence is found on a non-portable item or surface, it should be collected, lifted, and packaged by a member trained in fingerprint processing.

802.12.2 DNA EVIDENCE PROCEDURE

- (c) Avoid touching any areas where DNA evidence may exist.
- (d) Avoid talking, coughing, or sneezing on or near DNA evidence.

Mequon Police Department

DNA evidence shall be collected, transported, and stored in accordance with the Physical Evidence Handbook guidelines.

802.12.3 COMPUTER/DIGITAL EVIDENCE PROCEDURE

Members should conduct an initial assessment of the scene as part of their precautions and responsibilities to determine if computers and/or digital evidence will be part of the investigation. It may be necessary to gather information from the complainant or witnesses in order to assist in determining the value of the digital evidence.

If it is determined that the investigation will consist of computers and/or digital evidence, members shall ensure proper legal authority has been established for seizing and/or examining the devices before collecting, preserving, transporting, and storing should occur. Members should not overlook the availability of owner consent to seize or to search the computer and/or digital devices. The owner's consent should be accompanied by a signed Consent to Search form that specifies the items to be searched and content to be examined.

Collection, preservation, transportation, and storage of computers and/or digital evidence should be done in a manner that best preserves the integrity of the evidence. In most circumstances, members should avoid obtaining stored information from computers and/or digital devices at the investigation scene.

Extraction and analysis of digital evidence data should be completed only by specially trained digital evidence examiners. Computers and other digital devices may be submitted to the Wisconsin State Crime Laboratory or other law enforcement processing agencies that have examination capabilities and qualifications. Members shall follow the specific laboratory submission guidelines.

Digital evidence examiners shall receive initial certification training, with periodic training to maintain proficiency, certifications, and enhancement of skills.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Release and Security Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.

- (b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that the Humane Society is available for investigation and resolution.

- (d) Enforcement of state laws and ordinances relating to rabies control and cruelty to animals (Wis. Stat. § 173.03(3); Wis. Stat. § 95.21; Wis. Stat. § 951.01 et seq.).

Members who are designated as Humane Officers shall successfully complete the required basic and continuing education animal control courses required for certification by the Wisconsin Department of Agriculture, Trade and Consumer Protection (Wis. Stat. § 173.05).

806.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

- (a) There is a threat to public safety.
- (b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
- (c) An animal is creating a traffic hazard.
- (d) An animal is seriously injured.

Animal Control

- (e) The owner/handler has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 - 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 - 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 - 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

806.5 ANIMAL CRUELTY COMPLAINTS

Laws relating to the cruelty to animals should be enforced, including but not limited to § Wis. Stat. § 951.01 et seq.

- (b) Legal steps should be taken to protect an animal that is in need of immediate care or protection from acts of cruelty.

806.6 ANIMAL BITE REPORTS

Members investigating an animal bite should obtain as much information as possible for follow-up with the appropriate health or animal authorities. Efforts should be made to capture or otherwise have the animal placed under control. Members should attempt to identify and notify the owner of the final disposition of the animal.

806.6.1 QUARANTINE

If the member has reason to believe the biting animal is infected with rabies or has been in contact with a rabid animal he/she shall order the animal to be quarantined (Wis. Stat. § 95.21(4); Wis. Stat. § 95.21(5)).

806.7 STRAY DOGS

If the dog has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the dog should be released to the owner and a citation may be issued, if appropriate. If a dog is taken into custody, it shall be transported to the Mequon Police Department garage and released into a temporary holding pen. If the holding pen is not feasible the animal shall be released to the appropriate shelter/holding pen (Wis. Stat. 174.042(3)).

Members shall provide reasonable treatment to animals in their care (e.g., food, water, shelter).

806.8 DANGEROUS ANIMALS

806.10 DECEASED ANIMALS

When a member becomes aware of a deceased animal, all reasonable attempts should be made to preliminarily determine if the death of the animal is related to criminal activity. Deceased domesticated animals on public property should be removed, sealed in a plastic bag and properly disposed of by the responding member or if Department of Public works is available, notify that agency for pickup and request immediate response if appropriate.

Members should not climb onto or under any privately owned structure for the purpose of removing a deceased domesticated animal.

806.11 INJURED ANIMALS

When a member becomes aware of an injured domesticated animal, all reasonable attempts shall be made to contact the owner or responsible handler. If an owner or responsible handler cannot be located, the animal should be taken to a designated animal care facility.

806.12 DESTRUCTION OF ANIMALS

When it is necessary to use a firearm to euthanize a badly injured animal or stop an animal that poses an imminent threat to human safety, the Firearms Policy shall be followed. A badly injured animal should only be euthanized with the approval of a supervisor.

Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Mequon Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

901.1.1 DEFINITIONS

This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

901.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope. If the individual has more than \$1000.00 in cash in his/her property, a second sworn member should verify the amount and initial the envelope.

902.4.2 SHIFT SUPERVISOR RESPONSIBILITY

The Shift Supervisor shall report to the Department's designated investigators all allegations of sexual abuse, harassment, retaliation, neglect or violations leading to sexual abuse, harassment or retaliation. This includes third-party and anonymous reports (28 CFR 115.161).

If the alleged victim is under the age of 18 or considered a vulnerable adult, the Shift Supervisor shall also report the allegation as required under mandatory reporting laws and department policy.

Upon receiving an allegation that a detainee was sexually abused while confined at another facility, the Shift Supervisor shall notify the head of the facility or the appropriate office of the agency where the alleged abuse occurred. The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Shift Supervisor shall document such notification (28 CFR 115.163).

If an alleged detainee victim is transferred from the Temporary Holding Facility to a jail, prison or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the detainee's potential need for medical or social services, unless the detainee requests otherwise (28 CFR 115.165).

902.5 INVESTIGATIONS

The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. - (d) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

If the first responder is not an officer the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

902.5.2 INVESTIGATOR RESPONSIBILITIES

Investigators shall (28 CFR 115.171):

- (a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.
- (b) Interview alleged victims, suspects and witnesses.
- (c) Review any prior complaints and reports of sexual abuse involving the suspect.
- (d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.
- (e) Assess the credibility of the alleged victim, suspect or witness on an individual basis and not by the person's status as a detainee or a member of the Mequon Police Department.
- (f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.
- (g) Refer allegations of conduct that may be criminal to the District Attorney for possible prosecution, including any time there is probable cause to believe a detainee sexually abused another detainee in the Temporary Holding Facility (28 CFR 115.178).

902.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS

No detainee who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Detainee victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

902.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Administrator. The Chief of Police or City Administrator shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with detainees and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with detainees by a contractor or volunteer.

902.6 RETALIATION PROHIBITED

All detainees and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Shift Supervisor or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for detainee victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for detainees or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Shift Supervisor or the authorized designee shall identify a staff member to monitor the conduct and treatment of detainees or members who have reported sexual abuse and of detainees who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy

any such retaliation. In the case of detainees, such monitoring shall also include periodic status checks.

902.7 REVIEWS AND AUDITS

902.7.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

- (a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.
- (b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.
- (c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.
- (d) Assess the adequacy of staffing levels in that area during different shifts.
- (e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

902.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

- (a) Identification of any potential problem areas.
- (b) Identification of any corrective actions taken.
- (c) Recommendations for any additional corrective actions.

Mequon Police Department

Policy Manual

The report shall be approved by the Chief of Police and made readily available to the public through the department website or, if it does not have one, through other means. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Mequon Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

902.8 RECORDS

The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

902.9 TRAINING

All employees, volunteers and contractors who may have contact with detainees shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Administrative Captain shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- The Department's zero-tolerance policy and detainees' right to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- The dynamics of sexual abuse and harassment in confinement settings, including which detainees are most vulnerable.
- The right of detainees and staff members to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all detainees.
- Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities.

- Proper use of *Miranda* and *Garrity* warnings.
- Sexual abuse evidence collection in confinement settings.
- Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Administrative Captain shall maintain documentation that employees, volunteers, contractors and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current employees and volunteers who may have contact with detainees shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

Chapter 10 - Personnel

Recruitment and Selection

1000.1 PURPOSE AND SCOPE

This policy provides a framework for employee recruiting efforts and identifying job-related standards for the selection process. This policy supplements the rules that govern employment practices for the Mequon Police Department and that are promulgated and maintained by the Department of Human Resources.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of their status in the recruiting process.

1000.4 SELECTION PROCESS

The Department shall actively strive to identify a diverse group of candidates who have in some manner distinguished themselves as being outstanding prospects. Validated, job-related and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge and skills required to perform the position's essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Department of Human Resources should maintain validated standards for all positions.

- (b) Assessing the level of performance required to complete probation.
- (c) Extending probation.
- (d) Documenting successful or unsuccessful completion of probation.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Mequon Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee and reviewed by their immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Non-probationary employees demonstrating substandard performance shall be notified in writing of such performance as soon as possible in order to have an opportunity to remediate the issues. Such notification should occur at the earliest opportunity.

Employees who disagree with his/her evaluation and who desire to make a formal response or a rebuttal may do so in writing in the prescribed format and time period as outlined on the evaluation form.

1001.4 FULL-TIME PROBATIONARY PERSONNEL

Personnel must successfully complete the probationary period before being eligible for certification as regular employees. An evaluation will be completed for all full-time civilian personnel during the probationary period. Probationary sworn personnel are evaluated daily, weekly and monthly during the steps of the field training process. After the field training process is complete the probationary employee shall meet at least once a month with a field training officer (FTO) until the sworn personnel is off of probation. The contact with the FTO during the monthly meeting is documented on a memo to the operations captain and included with the probationary officer training file.

1001.5 FULL-TIME REGULAR STATUS PERSONNEL

Regular employees are subject to three types of performance evaluations:

Regular - A sworn employee performance evaluation shall be completed twice a year by the employee's immediate supervisor in the months of April and October. If an employee has been promoted, an employee performance evaluation shall be completed on the anniversary of the employee's date of last promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than three months have transpired since the transfer, an evaluation shall be completed by the current supervisor with contributions from the previous supervisor.

Special - A special evaluation may be completed any time the rater or the rater's supervisor determine one is necessary for other reasons, including an assessment of employee performance that appears to have become substandard. Generally, when used to demonstrate those areas of performance that appear to be substandard the evaluation would include follow-up action (e.g., action plan, remedial training, retraining). The evaluation form and any documentation shall be submitted as one package.

1001.5.1 RATINGS

The definition of each rating category is as follows:

Exceeds standards (5) Represents performance that is well beyond that required for the position. It is superior performance, definitely superior or extraordinary.

Meets standards (+) (4) Indicates the employee more than meets the standard and is very near to exceeding it.

Meets standards (3) Performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

Mequon Police Department

Policy Manual

Policy Manual

Evaluation of Employees

Meets standards (-) (2) Indicates the employee marginally met the standard and has room for improvement

Improvement needed (1) A level of performance less than that expected of a fully competent employee and less than the standards required of the position. A needs-improvement rating must be thoroughly discussed with the employee.

Space for written comments is provided at the end of the categories in the comments section. This section allows the rater to document the employee's strengths, weaknesses and suggestions for improvement. Any rating under any job dimension marked improvement needed or exceeds standards shall be substantiated in the rater comments section.

1001.6 EVALUATION INTERVIEW

When the supervisor has completed the preliminary evaluation, arrangements shall be made for a private discussion of the evaluation with the employee. The supervisor should discuss the results of the recently completed rating period and clarify any questions the employee may have. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. The supervisor should identify and discuss areas needing improvement, expectations, measurement criteria, and/or goals to meet in order to reach the expected level of performance over the next evaluation period. The supervisor should also provide relevant counseling regarding advancement, specialty positions, and training opportunities. The supervisor and employee will sign and date the evaluation. Employees may also write comments in the employee comments section of the performance evaluation report.

1001.6.1 EMPLOYEE SIGNATURE

At the completion of the evaluation interview, if the employee declines to sign the evaluation, the reviewing supervisor should write the words "refused to sign" on the employee signature line.

1001.7 EVALUATION REVIEW

After the supervisor finishes the discussion with the employee, the signed performance evaluation is forwarded to the rater's Division Commander. The Division Commander shall review the evaluation for fairness, impartiality, uniformity and consistency. The Division Commander shall use the quality of performance ratings prepared as a factor to evaluate the supervisor.

1001.8 EVALUATION DISTRIBUTION

The original performance evaluation shall be maintained in the employee's personnel file in the office of the Administrative Coordinator for the employee. A copy will be given to the employee.

Special Assignments and Promotions

1002.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for promotions and for making special assignments within the Mequon Police Department.

1002.2 PROMOTIONAL REQUIREMENTS

Requirements and information regarding any promotional process are available from the Chief of Police.

1002.2.1 PROMOTIONAL OPPORTUNITY ANNOUNCEMENTS

The Administration Division Commander or the authorized designee should provide timely, department-wide written notice of promotional opportunities, to include:

- A description of the position or job classification.

The department's philosophy is to promote a free verbal communication between employees and supervisors.

1003.1.1 GRIEVANCE DEFINED

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1004.2 POLICY

The Mequon Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

Anti-Retaliation

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Human Resources Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

Mequon Police Department

Policy Manual

Policy Manual

Anti-Retaliation

1004.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1004.7 TRAINING

The policy should be reviewed with each new member.

1004.8 RECORDS RETENTION AND RELEASE

Documentation of investigations is maintained in accordance with the established records retention schedules.

1004.9 WHISTLE-BLOWING

State law protects a law enforcement officer who witnesses and reports or intervenes to stop any unlawful use of force by another law enforcement officer (Wis Stat. § 175.44). Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Chief of Police for investigation pursuant to the Personnel Complaints Policy.

Reporting of Employee Convictions

1005.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Administration Division Commander shall submit in a timely manner a notice to the Wisconsin Department of Justice Training Standards Bureau (WisDOJ TSB) of any appointment, termination, reinstatement, name change or status change regarding any peace officer employed by this department (Wis. Admin. Code § LES 2.01).

The Administration Division Commander shall submit in a timely manner a notice to WisDOJ TSB of a felony conviction or any lawful reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (Wis. Admin. Code § LES 6.02).

1005.2 DOMESTIC VIOLENCE CONVICTIONS AND PROTECTION ORDERS

Wisconsin and federal law prohibit individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Wis. Stat. § 813.12).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.3 CRIMINAL CONVICTIONS

Any person convicted of a felony is prohibited from being a peace officer in the State of Wisconsin (Wis. Admin. Code § LES 2.01).

Convictions of certain motor vehicle law violations and other provisions of motor vehicle law may also place restrictions on an employee's ability to fully perform the duties of the job.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may prohibit him/her from carrying out law enforcement duties.

1005.4 REPORTING PROCEDURE

All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest or conviction, regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

Mequon Police Department

Policy Manual

Reporting of Employee Convictions

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

An officer may be exempt from surrender of a firearm that he/she is required, as a condition of employment, to possess whether on- or off-duty if the peace officer is currently the subject of a domestic abuse restraining order or injunction (Wis. Stat. § 813.12(4m)(ag)). As such, members shall promptly notify the Department if they become the subject of any domestic abuse restraining order or injunction.

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1006.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Shift Supervisor or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

Possession of medical marijuana or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

Members are prohibited from using any CBD product while on duty. Since CBD is an unregulated over the counter product, members choosing to use CBD products off-duty do so at their own risk as any positive test results for the presence of THC will result in discipline, including termination.

1006.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing, or using

Mequon Police Department

Policy Manual

Policy Manual

Drug- and Alcohol-Free Workplace

controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow on-duty member is impaired due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1006.7 SCREENING TESTS

A supervisor may require an employee to submit to a screening test under any of the following circumstances:

- (a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing the employee's ability to perform duties safely and efficiently.
- (b) The employee discharges a firearm in the performance of the employee's duties (excluding training or authorized euthanizing of an animal).
- (c) The employee discharges a firearm issued by the Department while off-duty, resulting in injury, death, or substantial property damage.
- (d) The employee drives a motor vehicle in the performance of the employee's duties and becomes involved in an incident that results in bodily injury, death, or substantial damage to property.

Policy Manual

Policy Manual

Drug- and Alcohol-Free Workplace

1006.7.1 SUPERVISOR RESPONSIBILITIES

The supervisor shall prepare a written record documenting the specific facts that led to the decision to require the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1006.7.2 DISCIPLINE

An employee may be subject to disciplinary action if the employee:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that the employee took the controlled substance as directed, pursuant to a current and lawful prescription issued in the employee's name.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and Wisconsin Family and Medical Leave Act (Wis. Stat. § 103.10); or for bone marrow and organ donation leave (Wis. Stat. § 103.11).

1007.2 POLICY

It is the policy of the Mequon Police Department to provide eligible employees with a sick leave benefit.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see the Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

Abuse of sick leave reduces the effectiveness and efficiency of the department. The department is less effective because supervisors have to reassign duties of the absent employee to other staff. This results in less time being available to answer citizen calls for service or to focus on proactive and preventive duties.

If employees repeatedly misrepresent themselves as being sick, it reflects on their integrity and diminishes the confidence fellow employees and supervisors have in their ability. Because of this, abuse of sick leave is also an ethical issue. Sick leave is a part of the employee compensation package. However, efforts must be taken to ensure that some employees do not abuse this privilege to the detriment of the organization and fellow employees.

1007.3.1 NOTIFICATION

All members should notify the Shift Supervisor or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor.

Mequon Police Department

Policy Manual

Policy Manual

Sick Leave

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence.

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days.

1007.5 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
- (b) Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 1. Negatively affected the member's performance or ability to complete assigned duties.
 2. Negatively affected department operations.
- (c) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
- (d) Referring eligible members to an available employee assistance program when appropriate.

Communicable Diseases

1008.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1008.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Mequon Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1008.2 POLICY

The Mequon Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1008.3 EXPOSURE CONTROL

The Chief of Police or authorized designee will develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Health and safety standards established by the Wisconsin Department of Safety and Professional Services covering public employees (Wis. Stat. § 101.055; Wis. Admin. Code § SPS 332.01 et seq.).

Policy Manual

Policy Manual

Communicable Diseases

2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
3. Exposure control mandates in 29 CFR 1910.1030 (Wis. Stat. 101.055; Wis. Admin. Code § SPS 332.50).
4. Reporting known and suspected cases of communicable diseases to the local health officer (Wis. Admin. Code § DHS 145.04).

The Human Resources department should also act as the liaison with the Wisconsin Department of Safety and Professional Services, Industry Services Division (ISD) and may request voluntary compliance inspections. The Human Resources department should periodically review and update the exposure control plan and review implementation of the plan.

1008.4 EXPOSURE PREVENTION AND MITIGATION

1008.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50):

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
- (b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

Communicable Diseases

- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1008.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1008.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50):

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting and Safety and Health Program policies).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

Mequon Police Department

Policy Manual

Policy Manual

Communicable Diseases

Human Resources should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the human resources department.

1008.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

1008.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the appropriate Division Commander. If the Division Commander is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Testing the previously drawn blood of the source individual as authorized by Wis. Stat. § 252.15(5g).
 - 1. A court order may be obtained if the requirements of Wis. Stat. 252.15 are not satisfied (Wis. Stat. 252.15(5j)).
- (c) Requesting testing through a local health officer or the Department of Health Services (Wis. Stat. 252.02; Wis. Admin. Code § DHS 145.06 et seq.).

Since there is the potential for overlap between the different manners in which source testing may occur, the Division Commander is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The Division Commander or Supervisor, if Division Commander is unavailable, should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well (29 CFR 1910.1030; Wis. Admin. Code § SPS 332.50).

1010.2 POLICY

The Mequon Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining or employment agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

The Chief of Police is responsible for the internal affairs function.

1010.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1010.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Shift Supervisor is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Chief of Police, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Chief of Police, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1010.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

1010.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

This department will investigate all false claims made against its law enforcement officers. Knowingly making a false complaint against an officer may subject the complainant to a Class A forfeiture (Wis. Stat. § 946.66; Wis. Stat. § 66.0511).

1010.5 DOCUMENTATION

Supervisors shall ensure that all formal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All formal complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Operations Captain shall audit the log and send an audit report to the Chief of Police or the authorized designee.

1010.5.1 ANNUAL REVIEW

Annually, the supervisor responsible for the internal affairs function shall conduct a review of all complaints to determine any patterns or tendencies that may need to be addressed. The results of the annual review shall be documented and forwarded to the Chief of Police or the authorized designee.

1010.6 ADMINISTRATIVE INVESTIGATIONS

The supervisor responsible for the internal affairs function shall have direct access to the Chief of Police or the authorized designee.

Allegations of misconduct will be administratively investigated as follows.

1010.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor or Chief of Police personnel investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - (a) The original complaint form will be directed to the Shift Supervisor of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.
 - (b) In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.
- (b) Responding to all complaints in a courteous and professional manner.
- (c) Resolving those personnel complaints that can be resolved immediately.
 - 1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.

- (g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 - 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Garrity* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable

steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
- (h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview should be provided to the member prior to any subsequent interview.
 - (i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview (Wis. Stat. § 164.02(1)(b)). However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - (j) All members shall provide complete and truthful responses to questions posed during interviews.
 - (k) No member should be compelled to submit to a polygraph examination, nor should any refusal to submit to such examination be mentioned in any investigation (Wis. Stat. § 111.37).

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

Personnel Complaints

1010.6.4 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1010.6.5 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation.

The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1010.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

1010.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- (a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- (b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

1010.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be provided with all rights afforded to a civilian. The member should not be administratively ordered to provide any information in the criminal investigation.

The Mequon Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1010.10 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES

Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include their comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action. Forms of discipline include, but are not limited to, training, counseling and punitive action.

1010.10.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1010.10.2 CHIEF OF POLICE RESPONSIBILITIES

recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a written notice and the following:

- (a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
- (b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.
 1. Upon a showing of good cause by the member, the Chief of Police may grant a reasonable extension of time for the member to respond.
 2. If the member elects to respond orally, the presentation shall be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed a response, or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds, scope, reasons for discipline, and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

The Chief of Police shall file a report with the board of commissioners immediately upon issuing a suspension or discharge of a member (Wis. Stat. § 62.13(5); Wis. Stat. § 62.50(13)).

1010.10.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee should ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint.

1010.11 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- (a) The response is not intended to be an adversarial or formal hearing.
- (b) Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- (c) The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

Mequon Police Department

Policy Manual

Personnel Complaints

- (d) In the event that the Chief of Police elects to cause further investigation to be conducted, the employee shall be provided with the results prior to the imposition of any discipline.
- (e) The employee may thereafter have the opportunity to further respond orally or in writing to the Chief of Police on the limited issues of information raised in any subsequent materials.

1010.12 RESIGNATIONS/RETIREMENTS PRIOR TO DISCIPLINE

In the event that a member tenders a written resignation or notice of retirement prior to the imposition of discipline, it shall be noted in the file. The tender of a resignation or retirement by itself shall not serve as grounds for the termination of any pending investigation or discipline.

1010.13 POST-DISCIPLINE APPEAL RIGHTS

A non-probationary employee may have the right to appeal the imposition of a disciplinary suspension, transfer, demotion or termination as provided in a collective bargaining agreement, local ordinance or police commission rule (Wis. Stat. § 62.13(5)(i); Wis. Stat. § 62.50(13); Wis. Stat. § 59.26(8)(b)(6)).

1010.14 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and members other than non-probationary employees may be disciplined and/or released from employment without adherence to any of the procedures set out in this policy, and without notice or cause at any time. These individuals are not entitled to any rights under this policy. However, any of these individuals released for misconduct should be afforded an opportunity solely to clear their names through a liberty interest hearing, which shall be limited to a single appearance before the Chief of Police or the authorized designee.

Any probationary period may be extended at the discretion of the Chief of Police in cases where the individual has been absent for more than a week or when additional time to review the individual is considered to be appropriate.

1010.15 RETENTION OF PERSONNEL INVESTIGATION FILES

All personnel complaints shall be maintained in accordance with the established records retention schedule and as described in the Personnel Files Policy.

1010.16 DISCIPLINARY PROCESS

Seat Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles.

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213 and Wis. Stat. § 347.48.

1011.2 POLICY

It is the policy of the Mequon Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle crash.

1011.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including those who are not members of the Department, are properly restrained (Wis. Stat. § 347.48(2m)).

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the department member or the public. Members must be prepared to justify any deviation from this requirement (Wis. Stat. § 347.48(2m)(dm)).

1011.4 TRANSPORTING CHILDREN

Child passengers shall be transported using an approved child restraint system in compliance with Wis. Stat. § 347.48(4)(am)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible.

When the physical or medical needs of a child at least 4 years old make restraint by seat belt unreasonable, the child may be transported in an authorized emergency vehicle when the vehicle is being operated in the performance of official duties (Wis. Admin. Code § Trans 315.03(2)).

Mequon Police Department

Policy Manual

Policy Manual

Seat Belts

1011.5 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES

Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1011.6 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

1011.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to provide officers with guidelines for the proper use of body armor.

1012.2 POLICY

It is the policy of the Mequon Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE OF BODY ARMOR

The Administration supervisor shall ensure that body armor is issued to all officers and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

Body armor shall be issued when an officer begins service at the Mequon Police Department and shall be replaced when the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1012.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Officers shall only wear department-approved body armor.
- (b) Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action, to include wearing body armor in high-risk situations.
- (c) Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (d) Body armor shall be worn when an officer is working in uniform or taking part in department range training.

The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee's ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 1,040 hours in any one-year period.

1028.7.1 NOTIFICATION

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1028.8 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty.

1028.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Employee Speech, Expression and Social Networking

1030.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balance of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1030.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, wikis, video and other file sharing sites.

1030.2 POLICY

Public employees occupy a trusted position in the community, and thus their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Mequon Police Department will carefully balance the individual employee's rights against the organization's needs and interests when exercising a reasonable degree of control over employee speech and expression.

1030.3 SAFETY

Employees should carefully consider the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of Mequon Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Policy Manual

Policy Manual

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1030.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT

To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Mequon Police Department or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Mequon Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Mequon Police Department or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty unlawful discrimination or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Mequon Police Department.
- (f) Use or disclosure through whatever means of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
- (g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Mequon Police Department on any personal or social networking or other website or web page without the express authorization of the Chief of Police.

 - 1. When brief personal communication may be warranted by the circumstances (e.g., informing family of extended hours)
 - 2. During authorized breaks or incidental use; such usage should be limited as much as practicable to areas out of the sight and sound of the public and shall not be disruptive to the work environment

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1030.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Mequon Police Department or identify themselves in any way that could be reasonably perceived as representing the Mequon Police Department in order to do any of the following, unless specifically authorized by the Chief of Police:

- (a) Endorse, support, oppose or contradict any political campaign or initiative
- (b) Endorse, support, oppose or contradict any social issue, cause or religion
- (c) Endorse, support, or oppose any product, service, company or other commercial entity
- (d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or any website

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Mequon Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty. However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1030.5 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to emails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that

is accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

1030.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Department.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1030.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Locker Rooms

1032.1 PURPOSE AND SCOPE

Maintaining secure and private locker rooms is an important obligation for the Department to ensure each member's rights and privacy are maintained (Wis. Stat. § 175.22).

1032.2 POLICY

The purpose of this policy is to establish guidelines for maintaining the privacy of members while inside a department locker room.

Members will have the use of Mequon Police Department locker rooms and the use of an assigned locker. Contingent upon receipt of his/her locker assignment, the employee recognizes and acknowledges that these facilities, specifically the locker, are the property of the Mequon Police Department and remains the property of the Mequon Police Department at all times during their use. The members of the assigned lockers do not acquire any proprietary interest in the assigned locker and at no time is the assigned locker to be considered the private property of the employee.

Upon assignment of a locker, the member recognizes that he/she has no expectation of privacy with respect to the lockers and the contents therein. The lockers are subject, at any time, to search by the Mequon Police Department administration.

1032.3 SECURITY

Members should not enter a locker room designated for a person of the opposite sex unless:

- (a) The locker room is empty of members of the opposite sex.
- (b) Members in the locker room give consent.
- (c) The entering member reasonably believes there is a medical emergency involving a person unable to consent.

Members who seek to talk to, interrogate or interview anyone inside the locker room should generally wait until after the member has taken care of personal affairs and has exited.

Situations requiring an immediate conversation regarding the safety or security of another member, person or citizen, will require the member to exit the locker room as soon as possible.

In critical or emergency situations where time is of the essence, a member of the same sex should enter the locker room to obtain information from the member.

1032.4 PRIVACY

At no time will video recording devices be used. Audio recording devices may be used only with the written permission of the Chief of Police or the authorized designee. Situations allowing the audio recording of conversations in the locker room are generally limited to internal investigations of member misconduct.

At no time will a member capture, record or transfer video or audio recordings, either openly or in secret, or transfer a representation of a nude or partially nude member by any means, including,

but not limited to, the use of cameras, computers, Personal Digital Assistants (PDAs), tape or digital recorders, video cameras or cellular telephones.

Members who violate this policy are subject to discipline up to and including termination.

- (a) Members shall keep the floors and benches clear of items, except while in the process of changing into or out of uniforms or other clothing.
- (b) Items shall not be left outside of the lockers, including on the floors, benches or on top of the lockers.

- (f) Any item that could be considered offensive to others shall not be displayed.
- (g) Members should not affix any item on, remove any item from, or disturb any items contained inside the lockers of other employees.

- (j) The Mequon Police Department is not liable for anything stolen or removed from a members assigned locker.

Line-of-Duty Deaths

1034.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Mequon Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member's survivors.

The Chief of Police may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1034.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of an officer during the course of performing law enforcement-related functions while on- or off-duty, or a civilian member during the course of performing assigned duties.

For an officer, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1034.2 POLICY

It is the policy of the Mequon Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1034.3 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Shift Supervisor and the Dispatch Center.
 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Shift Supervisor section of this policy).
- (b) The Shift Supervisor should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

Mequon Police Department

Policy Manual

Policy Manual

Line-of-Duty Deaths

- (c) If the member has been transported to the hospital, the Shift Supervisor or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1034.4 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Chief of Police, Shift Supervisor, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.
- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

- (g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.

- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
- (m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Mequon Police Department members may be apprised that survivor notifications are complete.

1034.4.1 OUT-OF-AREA NOTIFICATIONS

The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.
- (b) The Department Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1034.5 NOTIFYING DEPARTMENT MEMBERS

Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Mequon Police Department

Policy Manual

Policy Manual

Line-of-Duty Deaths

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

1034.6 LIAISONS AND COORDINATORS

The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed. The Department should consider seeking assistance from surrounding law enforcement agencies to fill liaison and coordinator positions, as appropriate.

1034.6.1 DEPARTMENT LIAISON

The Department Liaison should be a Division Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member's survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison's responsibilities include but are not limited to:

The Survivor Support Liaison should be selected by the deceased member's Division Commander. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- The selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include but are not limited to:

- (a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes, and other locations, as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

 - 3. Funeral and memorial costs.
 - 4. Related funding or accounting questions and issues.
- (c) Working with the Benefits Liaison to establish a process for the receipt of public donations to the deceased member's survivors.
- (d) Providing accounting and cost information as needed.

1034.7 SHIFT SUPERVISOR

In the event of a line-of-duty death, the department's Shift Supervisor should be the department's contact point for the media. As such, the Shift Supervisor should coordinate with the Department Liaison to:

- (a) Collect and maintain the most current incident information and determine what information should be released.
- (b) Instruct department members to direct any media inquiries to the Shift Supervisor.
- (c) Prepare necessary press releases.
 - 1. Coordinate with other entities having media roles (e.g., outside agencies involved in the investigation or incident).
 - 2. Disseminate important public information, such as information on how the public can show support for the Department and deceased member's survivors.
- (d) Arrange for community and media briefings by the Chief of Police or the authorized designee as appropriate.

Mequon Police Department

Policy Manual

Policy Manual

Line-of-Duty Deaths

- (e) Respond, or coordinate the response, to media inquiries.
- (f) If requested, assist the member's survivors with media inquiries.
 - 1. Brief the survivors on handling sensitive issues such as the types of questions that reasonably could jeopardize future legal proceedings.
- (g) Release information regarding memorial services and funeral arrangements to department members, other agencies, and the media as appropriate.
- (h) If desired by the survivors, arrange for the recording of memorial and funeral services via photos and/or video.

The identity of deceased members should be withheld until the member's survivors have been notified. If the media have obtained identifying information for the deceased member prior to survivor notification, the Shift Supervisor should request that the media withhold the information from release until proper notification can be made to survivors. The Shift Supervisor should notify media when survivor notifications have been made.

1034.8 DEPARTMENT CHAPLAIN

The Department chaplain may serve a significant role in line-of-duty deaths. Chaplain duties may include but are not limited to:

- Assisting with survivor notifications and assisting the survivors with counseling, emotional support, or other matters, as appropriate.
- Assisting liaisons and coordinators with their assignments, as appropriate.
- Assisting department members with counseling or emotional support, as requested and appropriate.

Further information on the potential roles and responsibilities of the chaplain is in the Chaplains Policy.

1034.9 INVESTIGATION OF THE INCIDENT

The Chief of Police should make necessary assignments to conduct thorough investigations of any line-of-duty death and may choose to use the investigation process outlined in the Officer-Involved Shootings and Deaths Policy.

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends, or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Involved department members should be kept informed of the progress of the investigations and provide investigators with any information that may be pertinent to the investigations.

1034.10 LINE-OF-DUTY DEATH OF A LAW ENFORCEMENT ANIMAL

The Chief of Police may authorize appropriate memorial and funeral services for law enforcement animals killed in the line of duty.

Special Response Team

404.1 PURPOSE AND SCOPE

The Special Response Team (SRT) is comprised of two specialized teams: the Crisis Negotiation Team (CNT) and the Special Weapons and Tactics team (SWAT). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appears to be necessary.

404.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Special Response Team are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident, and because such events often demand on-scene evaluation, the Operational Policy outlined in this section serves as a guideline to office personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

404.1.2 SWAT TEAM DEFINED

SWAT team - A designated unit of law enforcement officers *and support personnel*, including a multijurisdictional team, that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of office policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

404.2 LEVELS OF CAPABILITY/TRAINING

404.2.1 LEVEL I

Level I SWAT team - Is a basic team capable of providing containment and intervention with critical incidents that exceed the training and resources available to line-level deputies. This does not include ad hoc teams of deputies that are formed around a specific mission, detail or incident (e.g., active shooter response). Generally, 5 percent of the basic team's on-duty time should be devoted to training.

404.2.2 LEVEL II

Level II SWAT team - Is an intermediate level team capable of providing containment and intervention. These teams possess tactical capabilities above the Level I teams. These teams may or may not work together on a daily basis, but are intended to respond to incidents as a team. At least 5 percent of their on-duty time should be devoted to training, with supplemental training for tactical capabilities above the Level I team.

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

404.2.3 LEVEL III

Level III SWAT team - Is an advanced level team whose personnel function as a full-time unit. Generally, 25 percent of their on-duty time is devoted to training. Level III teams operate in accordance with contemporary best practices. Such units possess both skills and equipment to utilize tactics beyond the capabilities of Level I and Level II teams.

404.3 POLICY

It is the policy of this office to maintain a SWAT team and to provide the equipment, manpower and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and control
- (b) Containment
- (c) Entry/apprehension/rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

404.3.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations that are appropriate to this office. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT commander or the authorized designee.

404.3.2 ORGANIZATIONAL PROCEDURES

This office shall develop a separate written set of organizational procedures that should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing
- (b) Team organization and function
- (c) Personnel selection and retention criteria
- (d) Training and required competencies
- (e) Procedures for activation and deployment
- (f) Command and control issues, including a clearly defined command structure
- (g) Multi-agency response
- (h) Extrajurisdictional response
- (i) Specialized functions and supporting resources

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

404.3.3 OPERATIONAL PROCEDURES

This office shall develop a separate written set of operational procedures, in accordance with its level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's Suggested SWAT Best Practices. Because such procedures are specific to SRT members and will outline tactical and officer safety issues, they are classified as confidential security data and are not included within this policy. The operational procedures should include, at minimum:

- (a) Personnel responsible for developing an operational or tactical plan should be designated prior to, and/or during SWAT operations (time permitting).
 - 1. All SWAT team members should have an understanding of operational planning.
 - 2. SWAT team training should consider planning for both spontaneous and planned events.
 - 3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
- (b) Plans for mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
 - 1. When reasonably possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed. These may include relief, rotation of personnel and augmentation of resources.
- (d) A generic checklist to be worked through prior to initiating a tactical action should be developed. This will provide a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
- (e) The appropriate role for a trained negotiator should be defined.
- (f) A standard method of determining whether a warrant should be regarded as high risk should be developed.
- (g) A method for deciding how best to serve a high-risk warrant should be developed, with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) The elements of post-incident scene management should include:
 - 1. Documentation of the incident.
 - 2. Transition to investigations and/or other units.
 - 3. Debriefing after every deployment of the SWAT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments.

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

It also helps to identify training needs and reinforces sound risk management practices.

- (b) Debriefing should not be conducted until involved deputies have had the opportunity to individually complete the necessary reports or provide formal statements.
- (c) To maintain candor and a meaningful exchange, debriefing will generally not be recorded.
- (d) When appropriate, debriefing should include specialized units and resources.
 - (i) Sound risk management analysis should be included.
 - (j) Standardization of equipment should be addressed.

404.4 TRAINING NEEDS ASSESSMENT

The SWAT/SRT commander shall conduct an annual SWAT training needs assessment to ensure that training is conducted within team capabilities and office policy.

404.4.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of an approved basic SWAT course or its equivalent.

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content or topics meet or exceed requirements determined by the Office.

404.4.2 UPDATED TRAINING

Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training/certification as required by the Office every 24 months.

404.4.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level. This is to ensure that personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the team.

Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course or its equivalent. SWAT command personnel should attend a SWAT commander or tactical commander course or its equivalent that has been approved by the office.

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

404.4.4 SWAT ON-GOING TRAINING

Training shall be coordinated by the SRT commander. The SRT commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those members who are on vacation, ill or are on limited duty status with a medical provider's note of approval on the test date shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30-day period shall be considered as having failed to attain a qualifying score for that test period.
- (d) Quarterly each SWAT team member shall perform the mandatory SWAT handgun qualification course. The qualification course shall consist of the SWAT basic drill for the handgun. Failure to qualify will require the deputy to seek remedial training from a Rangemaster approved by the SRT commander. Team members who fail to qualify will not be used in SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.
- (e) Quarterly each SWAT team member shall perform a mandatory SWAT qualification course for any specialty weapon issued to or used by the deputy during SWAT operations. Failure to qualify will require the deputy to seek remedial training from a Rangemaster approved by the SRT commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

404.4.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

404.4.7 TRAINING DOCUMENTATION

Training shall be documented and records maintained by the SRT Commander. Such documentation shall include the date and time of training, individuals in attendance, and the content of the training. A Separate agency SRT training file shall be maintained documenting all team training.

404.5 UNIFORMS, EQUIPMENT AND FIREARMS

404.5.1 UNIFORMS

SWAT teams from this office should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

404.5.2 EQUIPMENT

SWAT teams from this office should be adequately equipped to meet the specific mission identified by the Office.

404.5.3 FIREARMS

Weapons and equipment used by SWAT, the specialized units and the supporting resources should be office-issued or approved, including any modifications, additions or attachments.

404.5.4 OPERATIONAL READINESS INSPECTION

The commander of the SRT shall appoint a SRT supervisor to perform an operational readiness inspection of all unit equipment at least quarterly. The result of the inspection will be forwarded to the SRT commander. The inspection will include personal equipment issued to members of the unit as well as special use equipment maintained for periodic or occasional use in the SWAT vehicle.

404.6 MANAGEMENT/SUPERVISION OF CRISISRESPONSEUNIT

The commander of the SRT shall be selected by the Sheriff upon recommendation of the staff.

404.6.1 PRIMARY UNIT MANAGER

Under the direction of the Sheriff, the Special Response Team shall be managed by the appointed SRT commander.

404.6.2 TEAM SUPERVISORS

The CNT and each SWAT team will be supervised by a team leader who has been appointed by the SRT commander.

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

The team leader shall be selected by the Sheriff upon specific recommendation by the staff and the SRT commander.

The following represent team leader responsibilities for the Special Response Team:

- (a) The CNT team leader's primary responsibility is to supervise the operations of the team, to include deployment, training, first-line participation and other duties as directed by the SRT commander.
- (b) The SWAT team team leader's primary responsibility is to supervise the operations of the team, which will include deployment, training, first-line participation and other duties as directed by the SRT commander.

404.7 CRISIS NEGOTIATION TEAM ADMINISTRATIVE PROCEDURES

The CNT has been established to provide skilled verbal communicators, who may be utilized to attempt to de-escalate and effect surrender in critical situations where suspects have taken hostages, barricaded themselves or have suicidal tendencies.

The following procedures serve as directives for the administrative operation of the CNT.

404.7.1 SELECTION OF PERSONNEL

Department Members and outside Agencies will be notified of any vacancy on the Tactical Unit for Hostage Negotiator. Interested certified personnel, who are off probation, shall submit a request to the SRT commander. Qualified applicants will then be invited to an oral interview. The oral board will consist of the SRT commander and existing members of his/her choosing. Interested personnel shall be evaluated by certain criteria, which include:

The Sheriff/Chief of Police will make the final approval.

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

404.7.2 TRAINING OF NEGOTIATORS

Those deputies selected as members of the CNT should attend a office-approved basic negotiator's course prior to deployment in an actual crisis situation. Untrained deputies may be used in a support or training capacity. Additional training will be coordinated by the team supervisor.

A minimum of two training days per year will be required to provide the opportunity for role playing and situational training to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the team shall be conducted by the team supervisor. Performance and efficiency levels established by the team supervisor will be met and maintained by all team members. Any member of the CNT who performs or functions at a level less than satisfactory shall be subject to dismissal from the CNT.

404.8 SWAT TEAM ADMINISTRATIVE PROCEDURES

The SWAT team was established to provide a skilled and trained team that may be deployed during events requiring specialized tactics, in situations where suspects have taken hostages and/or barricaded themselves, as well as prolonged or predictable situations in which persons who are armed or suspected of being armed pose a danger to themselves or others.

The following procedures serve as directives for the administrative operation of the SWAT team.

404.8.1 SELECTION OF PERSONNEL

The SRT is comprised of officers from agencies within Ozaukee County. Each department will determine the number of officers it will assign to SRT. When an agency has an opening or wishes to add an officer to SRT, the agency will post the opening within the respective department. The Municipal Police Chiefs will determine their own selection process and prerequisites for candidates wishing to be considered for the SRT.

Interested sworn personnel from the Ozaukee Sheriff's Office who have a minimum of 2 years full time employment with this agency or another full time law enforcement agency shall submit a request to the SRT commander. Those qualifying applicants will then be invited to participate in an oral board and team evaluation.

- (a) Oral board: The oral board will consist of personnel selected by the SRT commander. Applicants will be evaluated by certain criteria, which include:
 1. Recognized competence and ability as evidenced by performance
 2. Demonstrated good judgment and an understanding of the critical role of a SWAT team member
 3. Special skills, training or appropriate education as it pertains to the assignment
 4. Commitment to the unit, realizing that the additional assignment may necessitate unusual working hours, conditions and training obligations

Ozaukee County Sheriff's Office

Ozaukee County SO Policy Manual

Special Response Team

- (b) Team evaluation: Current team members will evaluate each candidate on field tactical skills, teamwork, ability to work under stress, communication skills, judgment and any special skills that could benefit the team.
- (c) Although it is preferred that any candidate receive unanimous approval by the SRT panel to be placed on the team in probationary status, the SRT OIC will have final authority as to who is recommended for appointed regardless of the recommendations of the other panel members.
- (d) The SRT OIC will make a recommendation to the Sheriff who will appoint the candidate to the SRT team.
- (e) The new team member will be on probationary status for one year from date of appointment.

404.8.2 TEAM EVALUATION

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the team shall be conducted by the SRT commander. The performance and efficiency level, as established by the team supervisor, will be met and maintained by all SWAT team members. Any member of the SWAT team who performs or functions at a level less than satisfactory shall be subject to dismissal from the SWAT team.

404.9 OPERATIONAL GUIDELINES FOR CRISISRESPONSEUNIT

The following procedures serve as guidelines for the operational deployment of the Special Response Team. Generally, the SWAT team and the CNT will be activated together. It is recognized, however, that a tactical team may be used in a situation not requiring the physical presence of the CNT, such as warrant service operations. This shall be at the discretion of the SRT commander.

404.9.1 ON-SCENE DETERMINATION

The supervisor in charge at the scene of a particular event will assess whether the Special Response Team should respond. Upon final determination by the Shift Commander, the SRT commander will be notified.

DIVISION OF HUMAN RESOURCES

To: City of Mequon Employee

From: Julia Perszyk, Human Resource Coordinator and Justin Schoenemann,
Assistant City Administrator

Date: June 20, 2022

RE: **Workplace Injury OnCall Nurse Program**

The Human Resources Division is writing to inform you of an exciting change to the City's procedure in the handling of workplace injuries. To streamline and make the process more efficient and user-friendly, the City will be implementing the OnCall Nurse program, a 24-hour Work Injury Nurse Hotline, provided through our insurance company EMC and Medcor, effective 6/20/2022.

The OnCall Nurse program provides immediate access to medical professionals for injured employees and their supervisors, 24 hours a day, seven days a week. In the event of an injury, an employee's supervisor will call the OnCall Nurse number at 1 (844) 322-4668. The nurse will complete all necessary paperwork and determine if the injured employee needs additional care. In that case, they will provide a referral for off-site evaluation and treatment. The updated process is a user-friendly experience that helps guarantee the employees are provided proper care following a workplace injury. The new process also forgoes the need for staff to complete and submit paperwork to Human Resources for every injury. Human Resources is notified of an employee's injury by the Nurse once care is provided. Supervisors should ensure the OnCall Nurse number is stored in their work phone or documented in their offices for easy access in the event they need to report an employee injury.

If there is a witness to the injury, they are encouraged to write down what they saw, sign and date it and return to HR. The insurance adjuster may reach out to the witness for a recorded interview to process the claim.

In the event an employee is experiencing a medical emergency please call 911 first and then once emergency care is provided the supervisor can call the OnCall Nurse line to begin the workplace injury documentation. Please see the attached flowchart depicting how the process works from start to finish.

Should you have any questions, comments, or concerns about the OnCall Nurse Program, please do not hesitate to contact Julia at 262-236-2415 / jperszyk@ci.mequon.wi.us or Justin at 262-236-2942 / jschoenemann@ci.mequon.wi.us.

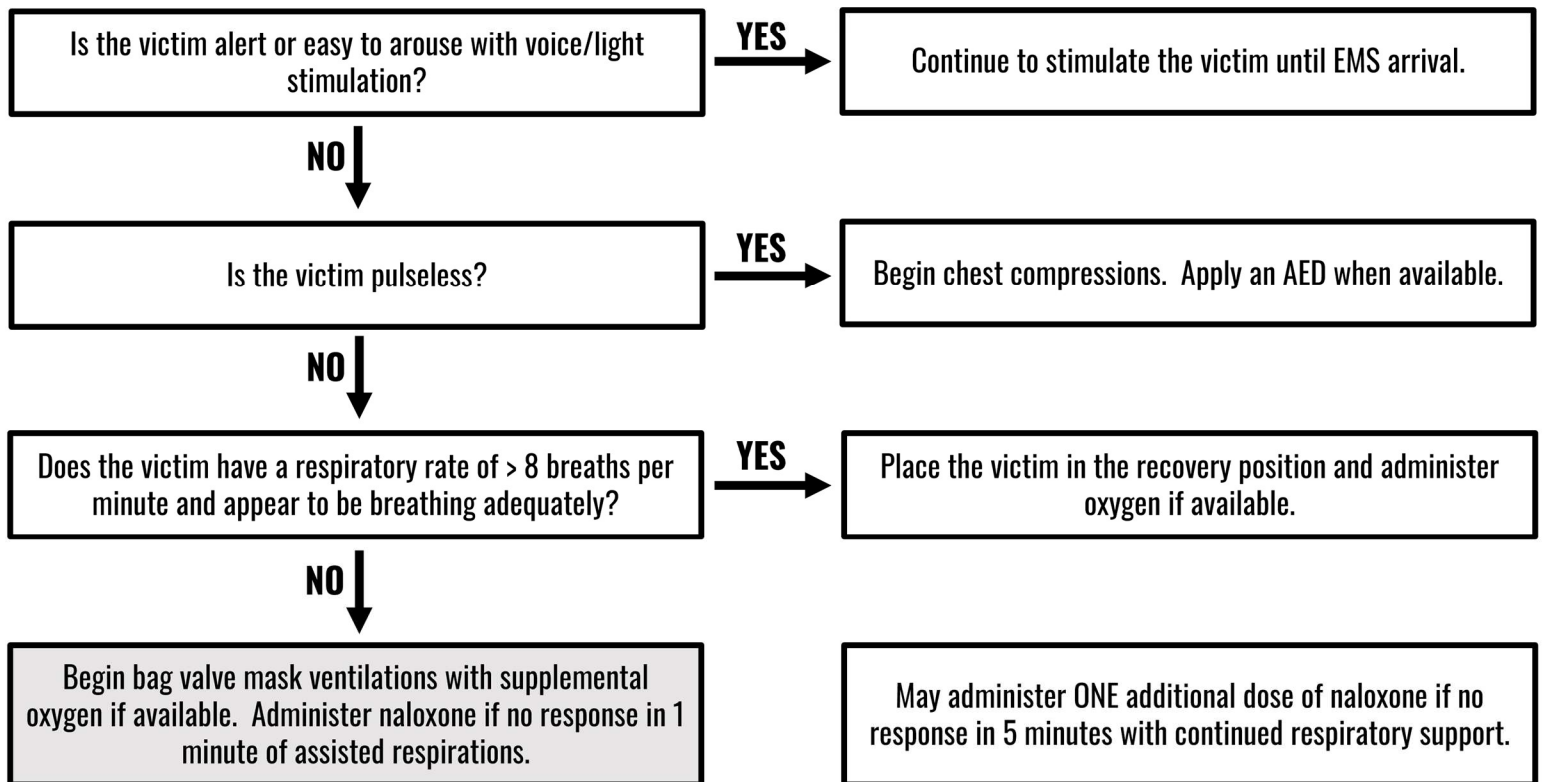

Ozaukee Law Enforcement Management of Suspected Overdose.pdf

OZAUKEE LAW ENFORCEMENT MANAGEMENT OF SUSPECTED OVERDOSE

- **PURPOSE.** This policy establishes guidelines and procedures governing the medical management of suspected opioid overdoses by law enforcement officers in Ozaukee County.
- **OPIATE OVERDOSE BACKGROUND.** Opioids bind to receptors within the brain and spinal cord, preventing the activation of pain signals. In high doses or in narcotic naive patients, opioids may produce euphoria, respiratory depression, and sedation. Common examples include oxycodone, hydrocodone, morphine, methadone, codeine, tramadol, heroin, fentanyl, and carfentanil.
- **NALOXONE DOSING.** 4 mg / 0.1 mL via Nasal Atomizer. May repeat dosing once in 5 minutes if clinical no response.
- **NALOXONE SIDE EFFECTS.** Dose dependent side effects may include agitation, severe withdrawal, vomiting, tremors, seizure-activity, and pulmonary edema.

Evaluate both the victim and surroundings for the potential of an opioid overdose. Indicators may include: evidence of narcotic paraphernalia, bystander reports of drug use/medication ingestion, or physical findings suggestive of opioid use. For the safety of first responders, consider conducting a brief physical search of the victim prior to the administration of naloxone.

NALOXONE ATOMIZER ADMINISTRATION STEPS

1. Peel back the package to remove the device. Hold the device with your thumb on the bottom of the plunger and 2 fingers on the nozzle.
2. Place and hold the tip of the nozzle in either nostril until your fingers touch the bottom of the victim's nose.
3. Press the plunger firmly to release the dose into the victim's nose.

Supervisor Evaluating
Supervisor Name

Employee Signature:	Date:
Operation Captain Signature:	Date:

Purpose

The purpose of the performance evaluation process to be conducted by and between the supervisor and the employee is:

1. To provide a mechanism for regular evaluation;
2. To consider progress on and establishment of performance or project goals & objectives for the employee;
3. To provide feedback to the employee and identify areas and/or opportunities for improvement;
4. To strengthen the relationship between the supervisor and the employee.

Procedure

Employees will complete a self-assessment of their performance by completing this form, including selecting a rating, for the entire evaluation period and additionally, be rated on their performance during the same evaluation period. The operations captain, using the form turned in, will go through the form and make necessary corrections/adjustments on the ratings and comments to produce a final product.

Employees will rate/be rated on how well the requirements of the job are fulfilled by selecting the rating that best summarizes his/her performance in that area since the last appraisal. Each Performance Metric contains a statement that describes a behavior standard in that category. After self-rating/rating the employee on each factor, the employee/captain will provide examples/comments in support of each rating and complete the goals section of the evaluation form. After assigning a rating to each Performance Metric, the employee/captain will calculate the mean (average) score by adding all ratings together and dividing by the number of metrics the employee was rated against. During an evaluation, the captain has the flexibility to adjust ratings as needed.

Self-evaluations are to be completed and returned to the operations captain in a sealed envelope at least one week prior to the date upon which the evaluation is to be conducted. Results will be compiled, and the operations captain will schedule a follow-up meeting with the employee as needed and completed forms will be submitted to the chief for review and filing.

I. POLICY; POLICY REVIEW AND REVISION

- A. A vehicle pursuit of fleeing suspects presents a danger to the lives of the public, officers, and suspects involved in the pursuit. It is the policy of the Ozaukee County, Wisconsin Law Enforcement agencies to protect all persons' lives to the extent possible when enforcing the law. Therefore, officers must balance the risk of any pursuit against the need to apprehend a particular violator. In addition, it is the responsibility of the Ozaukee County, Wisconsin Law Enforcement agencies to assist officers in the safe performance of their duties. To meet these obligations, it shall be the policy of the Ozaukee County, Wisconsin Law Enforcement agencies to provide written guidelines to officers regarding the manner in which vehicular pursuit is undertaken and performed within Ozaukee County Wisconsin.
- B. All Ozaukee County, Wisconsin Law Enforcement agencies shall review these written guidelines by June 30 of each even-numbered year and, if considered appropriate by the Ozaukee County, Wisconsin Law Enforcement agencies, shall revise these guidelines.

II. DEFINITIONS

- A. Caravanning: The operation of authorized emergency vehicles in a group either in a line or alongside each other in a pursuit situation.
- B. Fresh pursuit: a legal doctrine requiring that: (1) a pursuing officer act without unnecessary delay; (2) the pursuit be continuous and uninterrupted, but there need not be continuous surveillance of the suspect; and (3) the relationship in time between the commission of the offense, the commencement of the pursuit, and the apprehension must be close (i.e., the greater the length of time, the less likely that the circumstances under which an officer acts are sufficiently exigent to justify an extrajurisdictional arrest).

- C. Following or monitoring: The positioning of an authorized emergency vehicle at a fixed distance behind a vehicle to observe the vehicle.
- D. Fully marked police vehicle: an authorized emergency vehicle with decals, logos, stripes or other markers identifying it as a police vehicle, and equipped with a siren giving an audible signal, and equipped with and giving a visual signal by means of a roof-mounted blue light and roof-mounted red light which are flashing, oscillating or rotating.
- E. Imminent threat: A significant likelihood, based upon known facts, of death or serious injury if apprehension is delayed.
- F. Infraction: Minor violations of motor vehicle statutes or city ordinance that pose no safety threat. Examples would include equipment or registration violations. Unnecessary noise violations or moving violations that are not ongoing or otherwise endanger citizens.
- G. Initial unit: The authorized emergency vehicle responsible for initiating the vehicle pursuit.
- H. Interjurisdictional pursuit: A pursuit that leaves the initial unit's territorial jurisdiction and continues into one or more adjacent jurisdictions.
- I. Motor vehicle pursuit: An attempt by a sworn officer driving an authorized emergency vehicle to apprehend the occupant(s) of another moving vehicle, providing the driver of such vehicle is aware of the attempt and is resisting apprehension by maintaining or increasing speed of the vehicle and by ignoring the officer's directions to stop. A pursuit is any failure to yield which involves deliberate attempts, including hazardous maneuvers, to elude pursuing police vehicles.
- J. Pacing: The positioning of an authorized emergency vehicle at a fixed distance behind a speeding vehicle and at a constant speed to measure the speed of the speeding vehicle.
- K. Paralleling: The operation of authorized emergency vehicles, other than those involved in the pursuit, on streets or highways parallel to the pursuit route.
- L. Primary unit: The authorized emergency vehicle in closest proximity to the fleeing vehicle with principal responsibility for conducting the pursuit. The primary unit may or may not be the initial unit.

- M. Pursuit driving: Driving that is done for the purpose of apprehending an actual or suspected violator who clearly exhibits intent to avoid arrest after receiving a visual and an audible signal from the operator of an authorized emergency vehicle.
- N. Ramming and Pursuit Immobilization Technique (PIT): The intentional act(s) of striking a fleeing vehicle with another vehicle to cause functional damage to the fleeing vehicle or otherwise force the fleeing vehicle to stop.
- O. Roadblocks: Obstructions such as barricades, vehicles, etc. placed across or along a road to cause a fleeing vehicle to slow down, change direction and/or to stop.
- P. Secondary unit: The second authorized emergency vehicle involved in the pursuit and designated by the dispatcher or commanding officer to assist the primary unit.

- U. Unmarked police vehicle: an authorized emergency vehicle equipped with a siren giving an audible signal and equipped with and giving visual signal by means of at least one flashing, oscillating or rotating blue light and red light, but without decals, logos, stripes or other markers identifying it as a police vehicle and/or without a roof-mounted blue light and roof-mounted red light (e.g., a "clean top" vehicle).
- V. Authorized Emergency Vehicle: Any police vehicle being operated by a law enforcement officer with markers identifying it as a police vehicle and also equipped with siren giving audible signal and visual signal by means of roof mounted flashing, oscillating or rotating red and blue lights. An Unmarked Police Vehicle, as defined, is also an Authorized Emergency Vehicle when a

pursuit is classified as a Violent Offense – Imminent Threat. Any police vehicle which is not pursuit rated is considered a High Risk Factor.

III. APPLICABILITY; PROCEDURE

- A. The operator of an authorized emergency vehicle, when in the pursuit of an actual or suspected violator, may exercise the privileges set forth in this section, but subject to the conditions stated in secs. 346.03(2) to 346.03(5) of the Wisconsin Statutes.
- B. The operator of an authorized emergency vehicle may:
 - (1) Stop, stand or park irrespective of the provisions of Chapter 346, Stats.
 - (2) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
 - (3) Exceed the speed limit.
 - (4) Disregard regulations governing direction of traffic movement or turning in specified directions.

The exemption granted the operator of an authorized emergency vehicle by Section III.B.(1), above, applies only when the operator of the vehicle is giving visual signal by means of at least one flashing, oscillating or rotating red light except that the visual signal given by a police vehicle may be by means of a blue light and red light which are flashing, oscillating, or rotating. The exemptions granted by Sections III.B.(2), (3) and (4), above, apply only when the operator of an authorized emergency vehicle is giving both such visual signal and also an audible signal by means of a siren or exhaust whistle.

The exemptions granted the operator of an authorized emergency vehicle by this section do not relieve such operator from the duty to drive or ride with due regard under the circumstances for the safety of all persons nor do they protect such operator from the consequences of his/her reckless disregard for the safety of others.

- C. Only sworn officers of Ozaukee County, Wisconsin Law Enforcement agencies are authorized to engage in vehicle pursuits.
 - (1) No sworn officer of an Ozaukee County, Wisconsin Law Enforcement agency shall engage in pursuits when:

- D. An officer of an Ozaukee County, Wisconsin Law Enforcement agency may initiate a vehicle pursuit when the subject of the pursuit is attempting to avoid apprehension and any of the following situations are present:
- (1) The officer has probable cause to believe that the person being pursued has attempted, or has committed, a crime which involved an actual or threatened action which you, as an officer, reasonably believe resulted in or could result in death or great bodily harm to a person or persons.
 - (2) The officer has probable cause to believe that the person being pursued if allowed to escape is likely to cause injury or death to a person or persons.
- E. In determining whether or not to initiate a pursuit and/or to continue in the pursuit, the following factors should be considered:
- (1) The mere act of eluding shall not be considered as a reason to pursue.
 - (2) Whether the vehicle's registration or the subject's identity has been established so that later apprehension may be accomplished and, in the officer's opinion, there is no apparent continuing need for immediate apprehension.
 - (3) Whether continuation of the pursuit would likely create a danger to the public, officer or subject which is apparently greater than the value of apprehending the subject due to such objective risk factors as, but not limited to, the following:
 - a) Road conditions.
 - b) Weather conditions.
 - c) Volume of traffic.
 - d) Density of population.
 - e) Severity of crime.
 - f) Necessity of pursuit by vehicle.

VIOLENT OFFENSES (Includes those with imminent threats)	MAY PURSUE CONTINUE TO ASSESS RISKS
FELONY PROPERTY	DO NOT PURSUE
SERIOUS TRAFFIC VIOLATIONS	MAY ONLY PURSUE WITH LOW DEGREE RISK
INFRACTIONS	DO NOT PURSUE

IV. PURSuing UNIT RESPONSIBILITIES AND DRIVING GUIDELINES

- A. When a decision is made to initiate a pursuit, the initiating unit shall advise the dispatcher of the following:
- (1) Officer's unit/car number.
 - (2) Pursuit driving has been initiated.
 - (3) The roadway and direction of travel.
 - (4) The reason for the pursuit.
 - (5) Speed of travel.
 - (6) The identifying information concerning the pursued vehicle; i.e., color, year, make, body, license number and other identifying characteristics.
 - (7) Number and description of occupants.
- B. The following driving guidelines apply to officers engaged in a vehicle pursuit:
- (1) All pursuing units should adhere to and apply all of the emergency vehicle driving techniques that the officer has been taught.
 - (2) All pursuing units should assess and reassess weather, roadway and traffic conditions throughout the duration of the pursuit and make changes in speed and following distances where appropriate.
 - (3) All pursuing units should consider and apply the officer's knowledge of the capabilities and limitations of his/her vehicle.
 - (4) All pursuing units should consider and apply the officer's knowledge of his/her individual abilities and limitations.
 - (5) All pursuing units should establish a position on the roadway and maintain sufficient maneuvering room to allow the officer to see and react to what may appear ahead.
 - (6) All pursuing units should maintain visual contact with the subject of the pursuit and be alert to clues as to what the subject may do next.
 - (7) All pursuing units should be alert and prepared for road and traffic conditions that favor the subject of the pursuit.

- (8) All pursuing units should try to end the pursuit as quickly as possible, while considering safety and using maximum caution.
- (9) All pursuing units should remain alert for possible dangers, including the reactions of other drivers, and drive professionally, with good judgment and an awareness of the risks being taken.
- (10) The secondary unit shall remain at a safe distance behind the primary unit and be ready to assist when the subject is stopped.
- (11) The secondary unit shall not attempt to pass the primary unit.
- (12) Only the primary and secondary units shall directly pursue a fleeing vehicle. Paralleling and caravanning by other units are prohibited.
- (13) Absent of unusual circumstances the pursuing officers shall conduct a high risk vehicle contact at the conclusion of all pursuits.

V. DISPATCHER RESPONSIBILITIES

When advised that a pursuit has been initiated the dispatcher shall as soon as practical:

- A. Clear the frequency of unnecessary traffic. The originating agencies primary radio channel will be used for communications during the event. All other communications during the event will be routed to the originating agencies secondary means of communication(s).
- B. Assign a secondary unit to the area of pursuit.
- C. Momentarily switch to Ozaukee Net for the purpose of completing an Ozaukee Net broadcast to "all county and listening stations" that a pursuit has begun and concisely provide what information is available and the specific REASON for the pursuit. The dispatcher shall instruct all squads to monitor the primary frequency of the originating agency. Upon completing the broadcast on Ozaukee Net, the dispatcher shall return to the primary frequency.
- D. The dispatcher shall carry out the following activities during the pursuit:
 - (1) Receive and record all incoming information on the pursuit and the pursued vehicle.

- (2) Control all radio communications and clear the radio channel of all non-emergency calls.
- (3) Obtain criminal record and vehicle checks relating to the violator(s).
- (4) Coordinate and dispatch backup units under the direction of the shift supervisor or designee.
- (5) Notify adjacent jurisdictions, where practical, when a pursuit may extend into their locality.

VI. SHIFT SUPERVISOR AND/OR DESIGNEE RESPONSIBILITIES

When notified that a vehicle pursuit is in progress:

- A. The shift supervisor or designee shall assume responsibility for the monitoring and control of the pursuit as it progresses to its conclusion. A designee who is acting pursuant to an assignment under this General Order shall have the same authority and responsibilities as a shift supervisor.
- B. The shift supervisor or designee shall continuously review the incoming data to determine whether the pursuit should be continued or terminated.
- C. In controlling the pursuit, the shift supervisor or designee shall be responsible for coordination of the pursuit as follows:
 - (1) Directing pursuit units into or out of the pursuit.
 - (2) Re-designating primary or secondary unit responsibilities.
 - (3) Adding units to a pursuit to assist primary and secondary units if, in the supervisor's or designee's discretion, such additional units are warranted, and provided that the supervisor or designee can provide written justification for such decision.
 - (4) Assigning units to deploy approved intervention tactics.
 - (5) Approving, disapproving, and coordinating pursuit driving tactics.
 - (6) Approving or disapproving units leaving a jurisdiction to continue pursuit.
 - (7) Terminating any pursuit which, in the supervisor's or designee's judgment, does not conform to the guidelines of this General Order.

- (8) Responding immediately to the scene of the pursuit termination for apprehensions and/or accidents to direct police actions, and to insure adherence to the Ozaukee County, Wisconsin Law Enforcement interagency policy and procedure.
- (9) After reviewing the circumstances of the pursuit, the supervisor or designee shall evaluate whether or not the officer(s) involved in the pursuit complied with Ozaukee County, Wisconsin Law Enforcement interagency policy and procedure. The supervisor or designee shall forward a written report of his/her findings to the Chief/Sheriff or designee of the involved agencies. If appropriate, the Chief/ Sheriff or designee will conduct an investigation of the incident.

VII. INTER- AND INTRA-JURISDICTIONAL PURSUITS

- A. Within the state of Wisconsin, section 175.40(2) of the Wisconsin Statutes provides that “for purposes of civil and criminal liability, any peace officer may, when in fresh pursuit, follow anywhere in the state and arrest any person for the violation of any law or ordinance the officer is authorized to enforce.”
- B. The pursuing officer shall notify dispatch when it is likely that a pursuit will continue into an adjacent jurisdiction.
- C. The shift supervisor or designee must approve continuation of the pursuit into another jurisdiction.
- D. When a pursuit is initiated by a law enforcement agency of another jurisdiction, the initiating unit and jurisdiction shall be responsible for the progress of the pursuit. Police officers of an Ozaukee County, Wisconsin Law Enforcement agency may become actively involved in or assume control of the pursuit upon request of the initiating agency/jurisdiction and upon assignment by their department supervisor or designee.
- E. When a pursuit is initiated by another enforcement agency of another jurisdiction, the initiating unit and jurisdiction shall be responsible for the progress of the pursuit. Police officers of an Ozaukee County, Wisconsin Law Enforcement agency may initiate limited involvement in the pursuit related to tire deflation devices, and blocking cross traffic at intersections, regardless of the initial reason for the pursuit.

VIII. TERMINATION OF PURSUIT BY OFFICER OR SUPERVISOR

The following guidelines apply when making the decision to stop the pursuit of a fleeing vehicle:

- A. A vehicle pursuit shall be immediately terminated when, in the judgment of the pursuing officer, continuation of the pursuit would likely create a danger to the public, officer or violator which is apparently greater than the value of apprehending the violator.
- B. A vehicle pursuit shall be immediately terminated upon order of a supervisor or designee or upon receipt of such an order via the dispatcher.
- C. A vehicle pursuit should be terminated when the continuing distance between the pursuing and fleeing vehicles is such that further pursuit is futile.
- D. A vehicle pursuit should be terminated when the location of the pursued vehicle is unknown.
- E. A vehicle pursuit should be immediately terminated when the officer's vehicle or emergency equipment malfunctions.
- F. A vehicle pursuit should be terminated when it is necessary to stop to render aid to one or more injured persons and no other unit is available to do so.
- G. Under no condition is an officer allowed to follow a vehicle against the flow of traffic to pursue a vehicle when it is driven the wrong way on a divided or interstate highway, freeway or entrance/exit ramp(s). However, an officer may proceed to follow the suspect on the correct side of the divided highway with the flow of traffic with lights and siren activated.

IX. TERMINATION OF PURSUIT; POST-PURSUIT OFFICER ACTIONS (NON-APPREHENSION)

When a vehicle pursuit is terminated, the pursuing officer(s) shall:

- A. Notify dispatch that he/she has terminated the pursuit and his/her location.
- B. Slow to the posted speed limit.
- C. Turn off his/her emergency lights and siren.
- D. Pull over and stop along the shoulder and remain there for **one (1) minute**.

- E. Resume patrol, without emergency lights and siren activated, by continuing in the last known direction of the violator in order to check for accidents or other problems possibly created by the violator. Maintain the posted speed limit.

A decision by a pursuing officer to discontinue pursuit does not reflect on the officer's courage, but rather is recognized by all members of the department as a decision that indicates concern for life and property.

X. TIRE DEFLATION DEVICES

- A. Tire Deflation devices, when properly deployed, may result in the termination of a pursuit through slow deflation of vehicle tires. Use of tire deflation devices is a primary tactic which has proven successful in de-escalating and/or terminating vehicle pursuits. Tire deflation devices are designed to be used against moving vehicles with four (4) or more tires.
- B. Officers shall adhere to the following procedures when deploying tire deflation devices:
 - (1) Tire deflation devices shall only be deployed on hard surfaces such as asphalt or concrete.
 - (2) Tire deflation devices shall only be used on vehicles with four (4) or more tires.
 - (3) The supervisor or the designee must approve the use and deployment of tire deflation devices.
 - (4) Officers shall communicate to other units the location that the tire deflation device is or will be deployed.
 - (5) Only officers who have been trained in use of tire deflation devices may deploy the device. The device shall be deployed in accordance with department training and the manufacturer's recommended use.
 - (6) The officer deploying the tire deflation device shall stay with and collect the device after use.
- C. Reporting requirements. The officer deploying tire deflation devices shall complete a supplemental report documenting the use of the device including the location and results of the deployment. This report form shall be forwarded to the Chief of Police, Sheriff or his/her designee so that the department can have the device serviced or replaced as necessary by the manufacturer.

XI. USE OF FORCE

A. Ramming and Pursuit Immobilization Technique (PIT):

- (1) (Both ramming and the PIT maneuver are intentional applications of force which are intended to terminate a pursuit. If either technique succeeds in terminating the pursuit, a seizure has occurred and the use of force will be analyzed under the Fourth Amendment reasonableness standard as set forth in Tennessee v. Garner and Graham v. Conner. Depending upon the factual circumstances, either technique could constitute deadly force.
- (2) **The use of these techniques can only be applied with the supervisor's or designee's permission. The Pit maneuver may only be attempted or performed by officers trained in the technique. They shall only be approved if such force is absolutely necessary to prevent death or great bodily harm to the pursuing officer or other persons. If more than one person is in the fleeing vehicle, such consideration must be included in the decision to use these techniques on the fleeing vehicle. Innocent persons may be occupants of the vehicle and ramming and/or the PIT maneuver may cause them death or great bodily harm.**

B. Firearms:

- (1) Warning shots during the course of a pursuit are prohibited.
- (2) Shooting at or from a moving vehicle is prohibited, unless deadly force is justified.

C. Roadblocks:

- (1) A roadblock can constitute deadly force depending upon how it is set up. In analyzing these types of cases, courts will consider whether or not the police acted unreasonably in failing to recognize or pursue an alternative.
- (2) Open roadblocks with run out lane: This is placing of vehicles or other objects in the roadway to impede or alter the flow of traffic. The roadway is not completely blocked, but rather, a run out lane is provided. The intention is to induce the violator to stop by a show of force. Open roadblocks can only be approved by the supervisor or designee. The roadblock must be clearly visible and provide adequate warning to allow vehicles using the highway to come to a complete stop.

- (3) Closed roadblocks: The roadway is completely blocked, and no alternative route is provided. If the violator does not stop, he/she will crash. Closed roadblocks can only be approved by the supervisor or designee, and only when the behavior of the person being pursued has caused, or has imminently threatened to cause, death or great bodily harm to other persons or if such force is absolutely necessary to prevent death or great bodily harm to the pursuing officer or other persons. The roadblock must be clearly visible and provide adequate warning to allow vehicles using the highway to come to a complete stop.
- (4) Channeling: Channeling is not itself a technique that induces the violator to stop; it is used to divert a violator to a preferred location. The goal is to leave the violator with only one available route to travel, by blocking off alternatives. The same guidelines apply with respect to providing sufficient warning and adequate distance for the violator to avoid the blocked off road and choose a preferred route as with an open roadblock, above.

XII. REPORTS

- A. In compliance with the reporting requirements of section 85.07(8)(b) of the Wisconsin Statutes, all written pursuit reports shall be completed as soon as practicable following a pursuit and shall contain the following:
 - (1) Pursuit initiation and termination location and times.
 - (2) Pursuit distance to the nearest one-tenth (0.1) mile.
 - (3) Primary unit maximum pursuit speed.
 - (4) Reason(s) for commencing pursuit.
 - a) Warrant
 - b) Criminal Offense
 - c) Traffic Offense
 - d) Other
 - (5) Violations cited.
 - (6) Injuries or deaths involved.
 - (7) Property damage, per unit, in dollars.
 - (8) Outcome
 - a) Apprehended
 - b) Eluded
 - c) Terminated
 - d) Other

B. The Wisconsin Law Enforcement Pursuit Report shall be completed.

XIII. OFFICER TRAINING

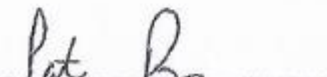

Ozaukee County, Wisconsin Law Enforcement agency officer in-service training, and officer recertification training, shall include at least four (4) hours of training biennially in vehicle pursuit standards, guidelines and driving techniques. Such training shall include reference to the pursuit guidelines established by this General Order.

Challenging Wisconsin's Law Enforcement Agencies to Pursue Excellence

U.S. Department of Justice's Standards for Certification on Safe Policing for Communities.

December 29, 2020

Dear Chief Patrick Pryor,

On behalf of the Wisconsin Law Enforcement Accreditation Group, this letter confirms we are certifying that the Mequon Police Department meets certain eligibility requirements, set forth by the U.S. Department of Justice, for discretionary federal grants. The Mequon Police Department is qualified to receive federal grants for three years from the date of this letter.

Pursuant to Section 2 of the Presidential Executive Order on Safe Policing for Safe Communities, dated June 16, 2020, Executive Order No. 13929 (the "Executive Order on Safe Policing"), the U.S. Department of Justice's discretionary grant funding is only available to state, local, and university or college law enforcement agencies that have obtained (or are in the process of seeking) credentials certifying that they meet certain standards on use of force. The Executive Order on Safe Policing empowers the U.S. Attorney General to designate independent credentialing bodies — including the Wisconsin Law Enforcement Accreditation Group — to certify that a law enforcement agency meets the conditions of eligibility for federal grants.

Following our review, we have determined that the Mequon Police Department meets the mandatory conditions for certification. Accordingly, the Wisconsin Law Enforcement Accreditation Group will include your agency going forward within our database of certified law enforcement agencies. On or before January 31st of each year, we will provide the name of each certified law enforcement agency to the Director of the COPS Office.

If you would like to discuss further, please do not hesitate to contact me either by email at m.ferguson@glendalewi.gov or by phone at (414) 228-1753.

Respectfully,

Use of Force Policy Certification

Agency: Mequon Police Department

Assessor: Brian Uhl

Date: 12/22/20

The Assessor is to review all relevant policies to determine compliance with the below listed mandatory requirements.

The Agency's use-of-force policies adhere to all applicable federal, state, and local laws.

Context

Compliance can be achieved by incorporating the above language into policy. If language is not present the assessor can find compliance if there are no procedures in their policy that would be in violation of the law, such as having procedures in violation of Graham v Connor, procedures in conflict with the Wisconsin DAAT Manual, etc.

In Compliance

Not in Compliance

The Agency maintains use-of-force policies that prohibit the use of choke holds, except in those situations where the use of deadly force is allowed by law.

Context

Policy must include a prohibition of chokeholds for compliance. The agency may elect to allow the exception for chokeholds in those situations where the use of deadly force is justified by law, or to ban chokeholds completely. Agencies choosing to maintain the use of a Vascular Neck Restraint as a force option must clearly identify the differences between a Choke Hold and a Vascular Neck Restraint in their policy and address any procedures, restrictions, or limitations on the use of the Vascular Neck Restraint.

Choke Hold – A physical maneuver that restricts an individual's ability to breathe for the purposes of incapacitation.

Vascular Neck Restraint – A technique that can be used to incapacitate individuals by restricting the flow of blood to their brain.

In Compliance

Not in Compliance

Findings of Non-Compliance

The Assessor is to document reasons for non-compliance in the space below.

**Mequon PD Naloxone
Administration Protocol.docx.pdf**

PHYSICIAN/MEDICAL DIRECTOR STANDING ORDER/PROTOCOL for 2mg NALOXONE INTRANASAL ADMINISTRATION

for THE CITY OF MEQUON POLICE DEPARTMENT

Naloxone is indicated for the reversal of opioid overdose induced by natural or synthetic opioids and exhibited by respiratory depression or unresponsiveness. Naloxone is delivered by intranasal administration as indicated.

This standing order covers the possession and administration of Naloxone (2mg). Trained staff of the Mequon Police Department may possess and distribute Naloxone to a person who is reasonably believed to be experiencing an opioid-related overdose.

Prior to the administration of Naloxone to a person known or suspected of an opioid-related overdose (both adults and children) who may be suffering from respiratory depression or unresponsiveness, remember:

*Do not remove or test the Naloxone until ready to use.

*Each Naloxone prefilled syringe has one dose.

*Do not administer Naloxone if the subject has a known allergy to Naloxone.

How to administer intranasal Naloxone:

Step 1: Lay the person on their back to receive a dose of Naloxone.

Step 2: Remove both sections of the prefilled Naloxone syringe from the box.

Step 3: Remove yellow caps from ends of applicator.

Step 4: Remove the Mucosal Atomization Device (MAD) from its packaging and attach to the end of the applicator by twisting until tight.

Step 5: Take the purple cap off of the Naloxone syringe, insert syringe into the other side of the applicator and twist until tight. Depress syringe until no air is remaining in vial.

Step 6: Tilt the person's head back and provide support under the neck with your hand. Gently insert the tip of the MAD into one nostril and administer half of the Naloxone (1mg/1mL) by depressing syringe rapidly to form mist. Place MAD into other nostril and administer the remaining half of the Naloxone (1mg/1mL) by depressing syringe rapidly to form mist.

Step 7: Request Emergency Medical Services (EMS) response as soon as possible. Closely monitor subject to ensure adequate airway is maintained and prevent aspiration. Place subject into recovery position if warranted. If the person does not respond by waking up to voice or touch or breathing

normally, another dose of Naloxone may be given. One dose of Naloxone may be given every 3 to 5 minutes, if available, until max dose of 4mg is reached or EMS personnel take over care (whichever comes first).

Step 8: Put the used Naloxone syringe and MAD back in the box.

Step 9: Dispose of the used Naloxone syringe in a sharp's container. Throw away the MAD in a place that is away from children.

DATE 3/25/2021

ADMINISTRATION PURPOSE: Reverse life-threatening opioid overdose affects.

The total length of time it takes for the brain to receive the information from the senses, make a decision, transmit the decision to the appropriate muscles, and for the muscles to respond.

R.E.A.C.T.: A systematic dispute resolution strategy (see arbitration).

REACTION SIDE: Non-firearm side.

RECEIVER: The basic unit of a firearm that the barrel and other components are attached. (Also referred to as the "frame.")

RECOIL: The backward movement of a firearm caused by the pressure of the propellant gases pushing against the bullet being propelled forward when the firearm is discharged.

RECOIL SPRING: A spring in a semi-automatic weapon which cushions the rearward movement of the slide or bolt and returns it to the forward position; the

spring that returns the action into battery after the discharge of a chambered round.

RECOIL SPRING GUIDE ROD: A rod the recoil spring rides on to prevent kinking. Not all auto pistols have recoil spring guide rods.

RECOVERY: A procedure to follow after drawing your weapon that allows you to: evaluate the threat, look around to check the environment for adversaries, break tunnel vision, decock if needed and remove your finger from the trigger guard prior to reholstering.

RESISTIVE TENSION: Level of agitation in a subject's body.

R.E.S.P.O.N.D.: A systematic seven-step response for law enforcement to an incident.

RESPONDING SKILLS: A component of Active Listening using verbal skills to illustrate understanding of what people are expressing and feeling.

REVOLVER: A handgun having a rotating cylinder carrying several rounds of ammunition, each round being in a chamber that comes into alignment with the barrel before the round is fired.

RIFLED SLUG: A slug (see) with rifling grooves to stabilize the trajectory.

RIFLING: Spiral grooves cut into the interior of a gun barrel to spin the bullet and impart gyroscopic stabilization to it. The degree of twist of the rifling depends upon the weight and length of the bullet fired from the weapon.

ROLLOVER PRONE: A modified prone position that results in greater shooter comfort and accuracy at extended ranges; also maximizes the use of available cover.

SAFETY: (1) The state of being safe from threat, personal injury, and danger or loss, and (2) any device or mechanism that locks or blocks the trigger or hammer so that a firearm cannot be discharged.

SEAR: Part of the firing mechanism of a weapon, linked to the trigger, which engages on the striker, firing pin, hammer or bolt, and is withdrawn from engagement to fire the weapon.

SELF-DEFENSE: The act of defending one's person by physical force (§ 939.48, Wis. Stats.). *"The actor may intentionally use only such force or threat thereof as he or she reasonably believes is necessary to prevent or terminate the interference. He or she may not intentionally use force which is intended or likely to cause death or great bodily harm unless he or she reasonably believes that*

such force is necessary to prevent imminent death or great bodily harm to him- or herself or another.”

SHOULDER SHIFT: Pre-attack posture.

SIGHT: A device on a firearm to view the target and give proper direction to the projectile.

SIGHT ALIGNMENT: The relationship of the front and rear sights with each other. An ideal sight alignment has the top of the front sight level with the top of the rear sight and the front sight is evenly centered in the rear sight notch.

SIGHT PICTURE: The relationship between sight alignment and the target.

SIGHTING IN: The adjustment of a weapon sight so that the bullet will strike the point of aim at some specified distance.

SILENT EMERGENCY: An emergency situation in which police do not use a siren or other audible signal in response to a crime.

SINGLE ACTION: A mode of firing in which the hammer is manually cocked and then released by trigger pressure.

SKID: Loss of traction between the tire surface and the road surface. *Cornering skid* is the loss of traction in negotiating a curve or a turn at a speed faster than can be sustained by the tire-road cornering traction limits. *Power skid* is the loss of traction when excessive power is applied, causing the drive wheels to spin and no longer provide traction. A *secondary skid* is one in the opposite direction of the original skid.

SLIDE: In automatic pistols, the device which positions the barrel, acts as the breech, and slides back and forth on the frame or receiver.

SLIDE STOP: A lever on an automatic pistol that holds the slide open, usually after the last round has been fired. Allows the slide to go forward when depressed. Sometimes called a “Slide Release” or “Slide Catch” or “Slide Lock.”

SLUG: A single ball projectile, weighing between 7/8 and 1-1/4 ounce, used in shotguns when the situation requires better long range accuracy and/or penetration ability than is possible with a multiple projectile load like buckshot.

SPACE CUSHION: The open area surrounding a vehicle while it is in motion, or an “escape route” to the front, rear, and sides.

SPACE MANAGEMENT: The driver selection of the best speed control, path of travel, or communication technique to maximize control of the space surrounding the vehicle.

SPECIAL CIRCUMSTANCES: Factors or situation that may justify rapid escalation of force or selection of higher force options.

STEP SLIDE: A movement technique used to minimize the possibility of stumbling or tripping over your own feet.

STOPPAGE: Any unintentional interruption in the cycle of operation.

STRONG SIDE: Firearm side.

SUBJECT DEBRIEFING: A procedure to calm and attend to an individual after the use of physical intervention.

SYMPATHETIC NERVOUS SYSTEM: The component of the nervous system that controls the functions of the body under conditions of great stress or danger and that regulates the involuntary reactions to stress.

TANG: The curved portion at the top of the back strap of an automatic pistol that sweeps back over the web of the firing hand.

TARGET ACQUISITION: The process of locating your adversary.

TARGET ASSESSMENT: Analyzing the situation and choosing the proper response option.

TARGET IDENTIFICATION: The process of identifying the subject as the adversary that is placing you and/or others in "imminent danger."

TARGET ISOLATION: The process of separating the subject from innocent persons.

TARGET SPECIFIC DIRECTED FIRE: Purposeful, controlled, sustained fire directed at a perpetrator who has caused or imminently threatens to cause death or great bodily harm to you or others, but whom you may not be able to clearly observe.

TEAM TACTICS: Unity of effort between two or more officers attempting to control a subject.

THRESHOLD BRAKING: The technique of applying brake pedal pressure just to the point of lockup (the threshold) and maintaining the pressure at that point. Generates maximum braking power and maintains steerability.

THRESHOLD EVALUATION: The use of “metering” through a doorway or other funnel, to assess the area beyond the threshold.

TOTALITY OF THE CIRCUMSTANCES: Represents all information known to the officer at the moment action is taken and the facts used to judge the appropriateness of the action.

TRAIL BRAKING: The technique of gradually reducing brake pressure after the car has begun to turn into the corner.

TRAINING AND EXPERIENCE: The sum total of an officer’s life experiences and training.

TRAVERSE FIRE: The process of engaging multiple targets using the “Look-Shoot” technique.

TRIGGER: The mechanism that is actuated by the finger and that releases the hammer or firing pin.

TRIGGER CONTROL: The ability to pull the trigger smoothly without disturbing the proper alignment of the sights.

TRIGGER GUARD: A curved piece of metal, attached to the frame, which surrounds and protects the trigger.

TRIGGER LOCK: A safety device that fits over the trigger guard and immobilizes and prevents access to the trigger. It is a good safety device for firearms storage.

TRUE EMERGENCY: A situation in which there is a high probability of death or serious injury to an individual, or significant property loss, and action by an emergency vehicle operator may reduce the seriousness of the situation.

TUNNEL VISION: A narrow arc of vision an individual experiences under stress. The lens of the eye flattens to give sharper vision, but this cuts down on peripheral vision. (Peripheral vision is a wide arc of vision that allows a person to see objects to the right and left of center.) To avoid this, you have to consciously look around during a confrontation to avoid visually “locking in” on one adversary and missing others that may present a threat.

TURN-IN POINT: The spot at the entrance of a turn at which the driver first turns the steering wheel to initiate the cornering sequence.

UNCOOPERATIVE SUBJECT: A person who will not comply with verbal direction.

UNIFIED TACTICAL TRAINING: Wisconsin's integrated system of training in verbal and physical skills and concepts.

VEHICLE DYNAMICS: Any force or condition that effects the path of a vehicle in motion.

VEHICLE, MARKED: An authorized emergency vehicle equipped with an emergency roof light or emergency lights mounted in the grill area, or the front or rear window areas; a siren; and police agency identification decals. An unmarked vehicle may or may not be equipped with concealed emergency lights and siren, and has no visible indicators that it is a law enforcement vehicle.

VERBAL CONTROL: Directions issued by the officer to command the adversary what to do.

VERBAL STUN: A short, very loud, shouted verbal command that serves as a warning and may impede the subject's neuro-muscular function.

VERBAL WARNING: A clear command, followed by a contingency, which is a statement of your intended actions if your order is not obeyed.

VERTICAL STUN: Create dysfunction by directing the subject into a vertical surface (e.g., a wall).

VISUALIZATION: A process of mental rehearsal similar to directed daydreaming. In visualization, the officer imagines realistic situations that might occur and how he/she might best respond to them.

VOLUNTARY COMPLIANCE: Willingly submitting or yielding.

WARNING SIGNS OF DANGER: Your reaction in a tactical situation depends on your perception of warning signs such as the subject's sudden escalation of anger or the subject's suddenly reaching for or drawing a weapon.

WEAPON: Any instrument or device used for attack or defense in a fight or in combat.

WEAVER STANCE: A shooting position invented by Jack Weaver in 1959. The stance offers good recoil control, a stable firing platform, and mobility and flexibility in application. Components: reaction side forward, strong side back, knees slightly bent, support elbow flexed and pointing down, strong elbow locked or slightly bent, strong arm pushing out slightly, support arm pulling back slightly.

WEIGHT TRANSFER (vehicle): The shift in the distribution of weight on the four tires caused by a change in the car's status. The transfer of weight to the front, rear, or either side caused by acceleration, deceleration, or turning.

Purpose

The purpose of the performance evaluation process to be conducted by and between the supervisor and the employee is:

1. To provide a mechanism for regular evaluation;
2. To consider progress on and establishment of performance or project goals & objectives for the employee;
3. To provide feedback to the employee and identify areas and/or opportunities for improvement;
4. To strengthen the relationship between the supervisor and the employee.

Procedure

Employees will complete a self-assessment of their performance by completing this form, including selecting a rating, for the entire evaluation period and additionally, be rated on their performance during the same evaluation period. The supervisors, using the form turned in, will go through the form and make necessary corrections/adjustments on the ratings and comments to produce a final product.

Employees will rate/be rated on how well the requirements of the job are fulfilled by selecting the rating that best summarizes his/her performance in that area since the last appraisal. Each Performance Metric contains a statement that describes a behavior standard in that category. After self-rating/rating the employee on each factor, the employee/supervisor will provide examples/comments in support of each rating and complete the goals section of the evaluation form. After assigning a rating to each Performance Metric, the employee/supervisor will calculate the mean (average) score by adding all ratings together and dividing by the number of metrics the employee was rated against. During an evaluation, supervisors have the flexibility to adjust ratings as needed.

Self-evaluations are to be completed and returned to one's supervisor in a sealed envelope at least one week prior to the date upon which the evaluation is to be conducted. Results will be compiled and returned to the employee following the evaluation session. Captains may schedule follow-up meetings with the supervisor and/or employee as needed and completed forms will be submitted to the chief for review and filing.

Ratings

A rating of MS (-) indicates the employee marginally met the standard and has room for improvement. =2 A rating of MS (+) indicates the employee more than meets the standard and is very near to exceeding it. =4
