DON'T pour grease down the drain!

It sticks to the sides of the pipes, clogging them *and* sewers under the street.

DO pour grease into a can or bottle and throw it in the garbage.

Preserving The Environment • Improving Water Quality

www.mmsd.com

GREASE COMES FROM...

- Meat fat
- Cooking oil
- Sauces
- Food scraps
- Butter & Margarine
- Lard
- Shortening
- Baking goods
- Dairy Products
