# NOTICE OF PARK RESTORATION

## TEMPORARY PARK CLOSURE

### East Trunk Sewer Project

**Dear Residents and Park Users:**

The City of Mequon has completed the sewer construction in Katherine Kearney Carpenter Park, and the park remained open during construction. The restoration along the eastern portion of the park adjacent to the railroad corridor in addition to the northern portion of the park along Zedler Lane corridor are complete, however the restoration near the parking lot has temporary fencing until substantial germination is established.

This additional restoration work allows the parking lot and trails to re-open and connect the east and western portions of the park. The City requests that residents and dog park users stay out of the fenced off areas, to allow the seed to establish.

You may call City Hall at 262-236-2934 with any questions.
