

# Mequon Road & OIT Crossing Improvements Project

## Weekly Update - July 17 to July 21

The project is currently on schedule and is anticipated to conclude in late October. Lane closures will continue throughout summer and will be opened when possible.

- The sidewalk and handicap ramps for the four corners at the Mequon Rd.-Buntrock Ave. intersection were poured and completed.
- The Buntrock Ave. detour was removed. Traffic is now open in all directions.
- Work on the new lighting and signals continues.
- The Spur 16 concrete base and curb were installed.
- The asphalt pavement for the Spur 16 entrance will be installed on 7/21/2023. The entrance will be open to full traffic upon completion of the paving

## Work Forecast - July 24 to July 28

- Rough grading in the street terrace areas to begin.
- Installing topsoil in the street terrace areas to begin.
- Work on the new lighting and traffic signal bases continues along the corridor.
- Local businesses will remain accessible throughout the project.
- At certain times during the project, an alternative entrance may need to be used.

### **Traffic tip:**

Drivers on Mequon Road should merge near the lane closure. Take turns merging into one lane, like the teeth of a zipper coming together. This method can help reduce congestion and prevent traffic backups by utilizing all available lanes until the merge point.
