

Mequon Road & OIT Crossing Improvements Project

Weekly Update - September 25 - September 28

The project is currently on schedule for substantial completion by late October. Final completion, including landscaping, is anticipated by early summer 2024.

- Median tree installation completed.
- Installation of median brick pavers completed.
- Street sign installation completed.
- Work on the new lighting and traffic signal bases continues along the corridor. This includes installing new wire duct lines in the median for median lights.
- Stage 3 work continues in the median of Mequon Road.

Work Forecast - October 2 to October 6

- Work will continue on the new lighting and traffic signal bases at the Weston Drive intersection. This includes installing new wire duct lines in the median for median lights.
- Work to install the new brick pavers continues this week in the terrace areas..
- Weston intersection walks and curb ramps to be installed this week.
- Traffic switch over to close the outside lanes to be done on Monday 10/2
- Installing south terrace area trees to begin next week.

Traffic tip:

Drivers on Mequon Road should merge near the lane closure. Take turns merging into one lane, like the teeth of a zipper coming together. This method can help reduce congestion and prevent traffic backups by utilizing all available lanes until the merge point.
